At last reports the Hood River County bill was a lively corpse.

The meeting of the Hood River Horticultural society Saturday, March 2, will be full of interest to every fruit grower of the valley and should be well attended. Read the program in another column.

The Dalles Optimist inserts a "death notice" of the Cascade county bill in its last issue, with a black border around it. We suggest that in its next issue it change the name to read "Portage Bill."

Nesmith County Bill Killed.
Special to Glacier.
Salem, Feb. 20.—Senate indefinitely postponed Nesmith county bill this afternoon.

INCREASED PENSIONS FOR OLD SOLDIERS

The new pension law that has just gone into effect gives every old soldier who served ninety days or more in the Mexican war or civil war, and received an honorable discharge, and who is not less than 62 years old, a pension, whether disabled or not. The new rates are \$12 a month for a soldier 62 years old; 70 years, \$15; 75 years, \$20. Any soldier of these ages now receiving a less pension than the above, may have the increase, and any old soldier who comes within these requirements, whether disabled or not, may have this pension upon application in proper form.

A. C. Buck has been interesting himself in the matter, and has the regular blanks on hand to make application for the pension under the new law.

The following is the text of the law: Be it enacted, etc., That any person who served 90 days or more in the military or naval service of the United States during the late civil war or 60 days in the war with Mexico, and who has been honorably discharged therefrom, and who has reached the age of 62 years or over, shall upon making proof of such facts according to such rules and regulations as the secretary of the interior may provide, be placed upon the pension roll and be entitled to receive a pension as follows: In case such person has reached the age of 62 years, \$12 per month; 70 years, \$15 per month; 75 years or over, \$20 per month; and such pension shall commence from the date of the filing of the application in the bureau of pensions after the passage and approval of this act: Provided, That pensioners who are 62 years of age or over, and who are now receiving pensions under existing laws, or whose claims are pending in the bureau of pensions, may by application to the commissioner of pensions in such form as he may prescribe, receive the benefits of this act; and nothing herein contained shall prevent any pensioner or person entitled to a pension from prosecuting his claim and receiving a pension under any other general or special act: Provided, That no person shall receive a pension under any other law at the same time or for the same period that he is receiving a pension under the provisions of this act: Provided further, That no person who is now receiving or shall hereafter receive a greater pension under any other general or special law than he would be entitled to receive under the provisions herein shall be pensionable under this act.

Section 2. That rank in the service shall not be considered in applications filed hereunder.

Section 3. That no pension attorney, claim agent, or other person shall be entitled to receive any compensation for services rendered in presenting any claim to the bureau of pensions, or securing any pensions under this act.

PORTAGE BILL GRAFT IS DRAGGED DOWN

News received here yesterday that the portage bill had been tabled in the house, with but slim prospects of getting through, was good news to Hood River people, who were feeling sore because of the unsuccessful efforts, as yet, in passing the Hood River county bill.

It was hinted to Senator Wheelon several times that it would be better to compromise with us, if he wished to pass the portage bill, but he expressed confidence in being able to defeat the Hood River measure, and also to carry the portage bill through.

Among opponents of the bill to take part in the debate were Newell, Coffey, Jackson, Barrett, of Washington, and Furdy. They contended that the object for which the portage road was originally constructed, the adjusting of railroad rates on the Upper Columbia around the obstructions at the Celilo Falls, had been attained and they questioned both the necessity and the practicability of further appropriating for the support of the road, which was but a temporary expedient, inasmuch as the government has appropriated \$300,000 for removing the obstructions from the Columbia.

A dispatch from Salem Tuesday says: Senators Fulton and Bourne are trump cards being played by friends of the Hood River county bill to force its passage through the legislature. The bill was killed in the senate, bearing the name of Cascade county, by indefinite postponement. It was resurrected in the house, where Coffey had Moore and Baker present the bill under the name of Hood River county. The bill was tabled on its second reading and the effort failed to take it from the table last night.

This morning telegrams are being received by members of both houses from Fulton, saying in substance: "It is the belief of both Senator Bourne and myself that the best interests of the state demand the creation of Cascade county. Vote for the bill."

A strong effort is being made to take the bill from the table in the house as soon as the state university and compulsory pass votes are out of the way, and force it through the senate.

W. E. Burke, campaign manager for Bourne is working for Hood River county. Coffey and Driscoll are working with Burke.

MOUNT HOOD.

There was a good attendance at Sunday school last Sunday. People are beginning to get out again.

The many friends of Claude Andrews were glad to see him returning to Mount Hood Saturday. He will stay only a week however, but he says old Mount Hood is a good place.

There will be exercises celebrating Washington's birthday next Thursday afternoon at the school house Friday the 22nd is a holiday.

Miss Biddinger, one of the teachers at Mount Hood, went to the Dalles last Tuesday to take the teacher's examination, and returned Saturday.

There is still about two feet of snow at Mount Hood. The snow was so deep when the crust formed that in melting the crust breaks off the limbs of fruit trees, doing much damage.

A party of young and old folks gathered at D. R. Cooper's home Sunday evening with their skis and went coasting. A good time and some sore spots are reported.

There will be a masquerade ball at the Mount Hood hall Friday evening February 22. Everybody invited. Tickets and supper \$1.25.

Meat is coming down at Mount Hood, to judge from the upset Mr. O. A. Knox had Thursday afternoon. Mr. Knox can console himself with the thought that he did not have the only runaway in the neighborhood. There are others.

The attendance at school has been light the past three weeks, but the roads are being broken and the children are getting back to school.

Catholic services were held at Mount Hood Sunday.

U. U. Lafferty returned home from Monitor Tuesday the 12th, where he has been the past month. He reports seeing plowing down there.

The effort to start a grange in this neighborhood have been very successful. The petition containing about thirty names. The very interesting speech of Mrs. Waldo stirred us up to the needs of such an institution.

A meeting of the Development League is called for Thursday afternoon at 8 o'clock to discuss matters of public interest.

Getting Ready For Spring Opening.

Mme. Abbott left for Portland this week to attend a special opening of imported spring millinery. Millinery customs have become changed from former methods. Heretofore milliners could take their advanced styles from catalogue and fashion plates, but now the wholesalers and jobbers withhold all imported and advanced styles until opening day, which this year comes on February 25. This is done to enable them to work off carried over stock on country milliners. Strictly speaking, none knows what the latest styles will be until the imported patterns are displayed. This works a hardship on the retailers, as they are not able to copy early enough for the Easter trade.

There is one way, and one way only, to get in touch with the exclusive advance styles, and that is for a milliner to go to the wholesale trimming rooms and trim either for the house or for their own trade. Mme. Abbott will spend the balance of the month selecting and trimming her spring stock. She will return March 1 with a full line of strictly fresh spring goods. Watch for the opening announcement.

Card of Thanks.
I wish to thank the kind friends and neighbors of Hood River and vicinity for the kindness shown towards me and family in the sickness and death of my loved one, and especially the Belmont neighbors for their kindness they showed for my little motherless children.

Jesse P. Barnett and family.

DELINQUENT SEWER ASSESSMENTS

Notice is hereby given that on the 7th day of February, 1907, a warrant was regularly issued by the recorder of the City of Hood River and to me directed and delivered and commanding to forthwith advertise the property mentioned and described in said warrant against which the assessment for the cost of construction of Section No. 1 of the sewer system of the City of Hood River was made, and to sell said property of such part thereof as he should separately to advantage, sufficient to pay such delinquent assessments, together with interests, costs and disbursements, in the manner provided by law, and to return the proceeds of such sale to the city treasurer of said City of Hood River.

The following is a list in tabular form of said delinquent assessments and describes each assessment which is delinquent, gives the name of the owner to whom assessed, and the particular description of the property assessed, and the amount of the assessment thereon now due, which are as follows, to-wit:

Assessed	Description	Assessment Due
O. A. Rinehart, lot 1, block 2, A. S. Blower Addition to Hood River		\$9.50
Hood River Improvement Co., lot 36, block 2, Hood River proper		5.00
N. E. Foster, lot 6, block 36, Hood River proper		5.00
Same, lot 2, block 36, Hood River proper		6.00
Same, lot 1, block 36, Waucoma Park		5.00
Hood River Improvement Co., lot 36, block 2, Hood River proper		5.00
Same, lot 2, block 4, 121 feet, A. S. Blower Addition		5.38

Therefore, under and in pursuance of said order and in pursuance of said warrant for the purpose of satisfying the assessments mentioned in said warrant, I will on the 10th day of March, 1907, at the hour of 10 o'clock a. m., at the front door of the city hall, in the City of Hood River, in Wasco county, state of Oregon, proceed to sell at public auction to the highest bidder for cash in hand the several tracts and parcels of land above mentioned or so much thereof as can be sold separately to advantage sufficient to pay such delinquent assessments together with interests, costs and disbursements.

Dated at Hood River, Oregon, this 7th day of February, 1907.
WM. GANGLER,
Marshal of the city of Hood River.

Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of colds, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by Keir & Case.
