Mr. Angus thoug't that it might be feasible in the jinter cests of economy to loose the \$20,000 thus far expended beyond Dead Point, and to lay a pipe line from ifood river and connect it with the main canal at a practicable point.

The report of the secretary was unusually lengthy because the business of the past year had been without a parallel in the history of the organization. The large gathering listened attentively to every word of the report; for it was this record of the past year's profit and loss that was to serve as a guide for their present action.

One of the most vital subjects discussed was 'The Necessity for Promain canal at a practicable point, preserving the 700 inches of water from Dead Point north for the upper from Dead Point north for the upper section of the bended district, stating that it was his opinion that this amount of water would be sufficient to irrigate this territory for many years to come. Mr. Markham stated the value of placing the very best labels obtainable upon their fancy fruits. It was conceded that this item would add largely to the expense account. It was ordered howed on the upper end of the ditch at the present time, and that the daily expense was about \$200. That at this rate it would not take long to expend the \$13,000 available and still not have water. A resolution was finally passed requesting the board of directors to take the men now at work on the upper end of the ditch and prothe 700 inches might be distributed this year. Fruit Law Must Be Euforced.

Judge H. B. Rigg, of the superior ourt of Yakima county, recently renlered a verdict in favor of the defendants in the case of K. W. Shafford against State Horticultural Commisioner A. A. Huntley and County Horticultural Commissioner J. M. Brown and placed the cost upon the plaintiff. This suit was for \$1,190 damages for fruit that was alleged to have been infested with pest and destroyed by the officials in November, rove is nearing completion. It is 1905. The decision in effect upholds being planned to dedicate it on the the horticultural law of the state of

In his remarks the court said that the only fault he found with the defendants was that they took too much time in sorting the infected fruit from that which was good, when they

the expense to the county.

The case will probably be appealed to the supreme court. There are a number of fruit growers near Zenith, who are opposed to the law that comhave raised a sum of about \$200 to pay the expenses of their case.

The result is held to be a great victory to the fruit industry of Yakima, for if it were not for the stringent in-

specion law that is enforced here, the

fruit would be so overrun with pest that it would be impossible to raise it for the general markets. did I could not stand straight. I took Foley's Kidney cure. One dollar bot-
