

WHY SUCH HEAVY APPLE SHORTAGE

Commenting on the recent shipment of apples from Australia to New York city the Springfield Republican says editorially:

These arrived at New York a consignment of 1010 cases of apples, or about 340 barrels, from Australia and Tasmania, said to be the first import of the kind on the records of that port...

The apples brought here from Australia are described as superior, in appearance at least, to the American fruit, which is no doubt the case.

But those who are fond of apples have some questions to ask. Why is it becoming more and more difficult to obtain good ones? Why is the fruit commonly available in our markets defective and scraggy?

All is discord in Dalles School Board. It is not by any means serene so far as school affairs in The Dalles is concerned, especially that of Saturday night when the clerk of the district, John Gavin, who has been connected with the schools for years, and one of the oldest directors, Dr. O. D. Doane, resigned from the board.

Superintendent Whitney made his suggestions, which is customary with the superintendent, among them that Misses Bogert, Elith Carr, Rachel Moran and Maggie Flinn be dropped and Miss Mitchell be allowed a leave of absence for the year.

Learning of the action of the board the teachers, with the exception of Misses Bogert, Elith Carr, Rachel Moran and Maggie Flinn, appeared before the directors to say that they believed they had been misrepresented and that before they received their dismissal they wished to be understood.

At the meeting Saturday night in the absence of the president of the board, B. S. Huntington, C. J. Crandall was in the chair. During the meeting Dr. Doane moved that since Miss Mitchell had no desire to be given a year's rest, her election be reconsidered, also that of Mrs. Kelly, who had intended to teach had she been elected Mr. Huntington's vote was cast for the two teachers, but on a vote being taken the vote was two for to three against them.

Valu Irrigation. Hood River is in the throes of the strawberry season, and those are mighty good "threes" to get into. Somebody says that it is E. L. Smith, but we are not sure; but some chap from that town once told us that Hood River raised the finest strawberry berries on this or any other old earth.

River wears the belt, and she ought to be content to rest on her laurels.—Irrigation Irrigator.

Brother if Irrigon had been on the map in the days of Solomon, and the Irrigator had published such an amusing comparison as the above, he would undoubtedly have said, "Irrigon had all his vanity and vexation of spirit in it."

"Topping" Strawberries.

In a recent issue, the Mount Olive Tribune criticized some of the local strawberry growers for "topping" their fruit in a dishonest manner.

The current issue of the Tribune follows up the matter by saying that this practice is yearly bringing Mount Olive into disrepute as a shipping point and will ultimately result in financial damage to every grower in the territory.

Huge Berry Contract.

A berry contract has been made by the Puyallup and Sumner Fruit Growers association of Puyallup, Wash., with the Weber-Rossell Canning company, of King County, this state, whereby the association will supply the canning company with 100,000 12-oz crates of red raspberries at four cents a pound during 1907-1910 and 20,000 crates of blackberries at 3 1/2 cents a pound, also all of the canning apples that the members of the association may have, the price for the apples to be one-half cent a pound.

Object to the Law.

The new Pawhamus law enacted by the last legislature is objected to by the commission men of this state and they have determined to defy it. One of the chief objections is that it requires reports to be made of all shipments to be sold on commission within two days and that supplementary report shall be made for all sales large or small each day following.

Eller's Big Tent Show Delights Big Audience.

Eller's "King of the Cattle Ring," the big and unique show which last evening opened a two nights engagement in Trinidad, is popular among things under canvas. It is good from start to finish, and the immense audience that packed the big tent last night enjoyed the big novelty from the rise of the curtain on the first act to its fall on the last thrill of the fifth.

Yet the big show affords the "touch of nature" necessary to create the hold the interest of the onlookers, from the veriest small boy to the graying man or woman of mature years. That this was so best attested last night perhaps by the ejaculation of "Good Girl" as the sweetheart of the "King of the Cattle Ring" defied a Mexican desperado to do his worst. It was true to nature, and human nature had to respond.

Oil Burning Switch Engines. The O. R. & N. Co. has purchased two new oil-burning switch engines from the American Locomotive company at Philadelphia, for their use at Umattila and Albina. The engines arrived last Wednesday from the east. One was spotted at the yards at Umattila and the other was taken over the road Wednesday. The engines are of the heavy type and will be placed in no commission at once in order to relieve the congested condition of the yards.

Will Grow Hood River Apples.

A retired physician of Minneapolis has become interested in fruit growing in the Pacific northwest. He has just bought 30 acres of land at Hood River. Seventeen acres of the land is in five and six year old Spitzberg and Newtown apple trees, which are just commencing to come into bearing.

Dades Little Liver Pills keep the system clean, the stomach sweet. Prompt relief for headache and biliousness. Good for all the family. Sold by Keir & Cass.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by Keir & Cass.

Don't Push The horse can draw the load without help, if you reduce friction to almost nothing by applying Mica Axle Grease.

A Happy Mother will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at nights it is troubled with worms.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, De Witt's Carbolic Witch Hazel salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get De Witt's. Sold by Keir & Cass.

Every Man His Own Doctor. The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb.

A Fortunate Texas.

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex., says: "The past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectively disposed of malaria and biliousness."

All stomach troubles are quickly relieved by Chamberlain's Cod Liver Oil. It goes directly to the seat of the trouble, strengthens the digestive organs, supplies the natural digestive juices and digests what you eat. It is a simple, clean, pure, harmless remedy. Don't neglect your stomach. Take a little Kodol after each meal and see how good it makes you feel. Money back if it fails. Sold by Keir & Cass.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases. If we could properly investigate them, and in justification of this conviction, he would with pride show the almost marvellous cures effected by his Golden Medical Discovery, which has more than 1,000,000 satisfied stomachs, liver, intestinal, heart, tonic and regulator, and blood cleanser known to medical science. Dyspepsia, indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address. Write to Dr. J. C. Pierce, of Buffalo, N. Y., at his sending request for the same.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The success of our Golden Medical Discovery is simply attested by thousands of cures. It is not a medicine contributed by unskilful persons who have been cured by it of catarrhal colic, indigestion, torpid liver, functional and other affections of the heart and lungs. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by Keir & Cass.
