No. 288. 120 acres 9 miles from town, 30 acres cleared in oats and alfalfa, 55 acres fenced, 2 acres waste. All under ditch. Price \$1,500.
No. 290. 160 acres 10 miles out, 80 acres tillable land. Four acres in cultivation, 170 trees from 3 to 5 years old, balance garden and clover, 6 acres slashed, small house, barn and apple house, sheds, chicken house, spring and well. Creek runs through the place. One-half million feet of fir timber, near saw mill. Price \$4,000.
No. 289. Ten acres in Crapper District, three acres cleared, 200 young trees, vegetables and strawberries. Balance uncleared, rock and light timber, small house and barn. Bargain at \$1,200.
No. 278. 160 acres in Willow Flat district, 9 miles from town. All good apple land, 5 acres cleared, balance easily cleared, brush and willow. All under ditch line. Will sell in 80's or all for \$100 an acre.
No. 268. 40 acres 7 1/2 miles out in Odell, 17 acres in cultivation, 10 acres in young trees, 5 acres in wheat, balance in oak and pine timber, all first-class apple land in the best apple belt in the valley. Irrigation ditch on the line. Near 4-room school, church and two stores. Price \$10,000, half cash.

MEETING OF THE COMMON COUNCIL
TELEPHONE FRANCHISE GRANTED
After Considerable Debate Sewer Was Ordered in District No. 9.
On account of there being no meeting of the common council at its first meeting night in the month, there was an accumulation of business requiring a lengthy session.
The Hood River Fruit Supply Co., which has purchased several lots near the Fruit Growers union building, asked an abatement of the sewer assessment on their lots, upon the ground that they were so much below the grade of the sewer that they could never be sewered. The matter was referred to the sewer committee.
J. W. Morton asked for refund of sewer assessment paid on lots on State street, claiming that he did not own the property. The matter was referred to the sewer committee.
Ordinance No. 125, granting a franchise to the N. W. Long Distance Telephone Company, came up for its second reading. Representatives of the company were present and stated that they would spend from \$30,000 to \$50,000 in putting in an up-to-date plant in Hood River as soon as they were granted franchises, and which it would not be an automatic service, it would be the best single party line that could be installed. They would give a five second service to start with, which would be reduced to a three second service soon after the exchange was in good working order. The ordinance was passed granting them a franchise.
A petition was presented from the Hood River Banking and Trust Co. and others asking that the grade of Oak street be raised one foot on the north side of the street, the two-foot fall as at present being a detriment to the main business street. The matter was referred to the street committee.
An ordinance against gambling was introduced and after some discussion was placed upon its final passage, with a unanimous vote in its favor. It appears that there was no city ordinance against gambling, and the measure was placed upon the ordinance book to enable the city to regulate its own affairs in this regard without asking assistance from the prosecuting attorney.
Letters were read from T. D. Tweedy and Miss Steinhilber in which they claim that their buildings are not in the street, or across the line as established by the county surveyor, on the hill, and they refuse to move their buildings. This matter was brought up at a previous meeting in order to settle the disputed lines on the hill. The city has accepted the line as established by the city engineer, and a few buildings are over the line in the street. It will take an action in court to decide the matter, and if the property owners in the disputed territory who are over the line do not move, a suit will probably be brought to determine the matter. The sooner the line is definitely settled by the court the better it will be for all, and the cheaper it will be, as new buildings are constantly going up. No street grading or sidewalks can be laid while the line is in dispute, and a friendly suit should be instituted at once to correct the error.
The reading of district No. 9 to the sewer was brought up. G. R. Castner was present and requested that it be done to afford relief to himself and others on his street. Dr. Edginton, the health officer, also spoke in the dispute, and stated that the present state of cess pools was a menace to health, and would sooner or later cause trouble. While the matter of the council were in favor of building the sewer only to the top of the hill, he is in a quieting of the bill, only a portion of any district could be sewered, and it was decided to order the whole district put in. The sewer committee were instructed to go through the regular form in ordering the work done.
The street committee reported that the city engineer advised that it would be necessary to provide several general ordinances in regard to street grading before anything further could be done with Pine street. The judiciary committee were instructed to get legal advice on the matter and report.
The city recorder reported that there were many delinquents on the second sewer assessment, and the unpaid lots and parcels of land were ordered certified as such according to law, to satisfy the unpaid amounts.
A bond for \$1000 filed by D. McDonald, to protect the city while Mr. McDonald is laying his water pipe in the streets, was accepted.
The matter of providing extra police for July 4 was left to the police committee.
The following bills were audited and ordered paid:
Geo. I. Slocum, supplies, 75c.
J. M. Cooper, work on streets, \$30.
Jesse Holman, same, \$11.50.
E. Sexton, same, \$5.75.
Sanner & Carson, plumbing, \$1.80.
W. Ganger, marshal, \$60.
J. S. VonBlancum, watchman, \$50.
Tranter Co., building, \$17.75.
Ramona hotel, boarding prisoners, \$15.75.
Fred Howe, hauling, \$5.
Glacier, printing, \$5.75.
W. W. Nason, wheelbarrow, \$1.
L. E. Stranahan, rebate on sewer assessment, \$3.80.
O. R. & N. Co., rent for sewer across right of way, \$1.20.
E. H. Hartwig, legal services, \$10.
Electric Light Co., \$39.35.
Snow & Upton, supplies, \$25.15.
Stanley-Smith Lumber Co., lumber, \$39.45.
Handsome Medals Arrive.
W. F. Jaraway & Sons have just received the handsome set of silver medals awarded at the last apple fair in Hood River. The designs are wrought on a piece of sterling silver metal about 1 1/2 inches in diameter, and cut in the shape of a Spitzenberg apple, and a cluster of the picture of Mt. Hood in the background with a view of an apple orchard in the front. A portion of Hood river is also visible in the design. The work is of the

highest order. The mountain and orchard stand out in bold relief from the body of the medal. The work is accomplished under a 20 ton pressure. The medal is in the form of a bangle with a burnished space for the inscription of the owners name. The dies from which these medals were cast will now become the property of the fruit association. This will enable them to cast any number of medals that they may desire for future purposes.
Local Sport Gathers in Sheldals.
Roy Woodworth, who is always on the lookout for fun and frolic, has been conducting a platform dance in the Crapper district for the benefit of the strawberry pickers. Those who are familiar with the highest attainments of this art state that Roy has been giving them first class service in every respect and that it has been highly profitable to the manager from a financial standpoint. The platform was built in the shade of the big oak trees and the floor was kept in first class shape. The most excellent behavior was maintained throughout the season. Roy was patient with the cripple and clumsy and all are of the opinion that Roy will yet grativate to some large city center and make his name famous in the annals of the fantastic art.
Fancy Packed Cherries.
The Fruit Growers association has just received a supply of pound cartons for use in packing the better varieties of cherries. Eight of them will hold the standard cherry box when properly packed the cherries make a very attractive appearance and a great improvement over the usual style.
A limited supply of these will be furnished free to members of the association upon application. An exhibit of this style and pack will be kept at the Wenatchee department store—Wenatchee World.
Dalles Compliments Former Teacher.
Miss Nan Cooper, who has been the faithful and efficient correspondent from the Mt. Hood district, has been elected as one of the teachers in the Dalles public schools for the ensuing year. Miss Cooper is one of the most efficient teachers in Wasco county. We congratulate her upon her success.—Glacier. We know what she is, Mr. Glacier, for we've tried her, and only let you take her for a few years. Our schools are to be congratulated in again securing her services.—Chronicle.
Praise for Capt. Shaw.
Capt. James P. Shaw, formerly of Hood River, and while a resident here sustained the reputation of being the biggest booster in the country, has just enjoyed the splendid satisfaction of seeing the Clackamas County Strawberry and Rose show, of which he was the prime advocate, consummate in a most creditable way its first annual fruit and flower show.
The Oregon City Courier speaks of the captain's success as follows:
"The comments that were heard on every side regarding the exhibitors for the interest and activity. Captain James P. Shaw, whose tireless energy is largely responsible for the success of the affair, is justly proud of the success of the show, which will undoubtedly be resolved into a permanent annual event."
Hon. E. L. Smith Appointed Delegate.
Governor Chamberlain has named the following list of delegates to attend the Public Lands convention to be held at Denver, Colo., June 18-20, inclusive, as follows: A. H. Devera, E. M. Brannick, W. C. Bristol, Harry Lane, E. P. Sheldon, L. Gerlinger, Portland; Dan P. Smyth, S. A. Lowrey, J. M. Burgess, Pendleton; H. Bingham, L. S. Hill, Eugene; W. W. Sewell, Salem; Malcolm Moody, The Dalles; W. E. Grace, Baker City; J. H. Dobbin, Joseph; Fred J. Holmes, Wallawa; Joseph J. Barton, Baker City; E. K. Lake, Corvallis; Charles V. Galloway, state agent, McMinnville, and E. L. Smith, Hood River.
Laying Rails on North Bank.
That the North Bank railroad will be ready to haul out the 1907 wheat crop from its tributary territory is now the belief of people living along the line and who are acquainted with the progress of tracklaying there.
The tracklaying crew are now working opposite Umatilla and are making progress at the rate of two and a half miles of new track per day. It is thought the line will be complete from Kennewick to The Dalles by September 1, when it will be opened to traffic in time to haul out the bulk of the wheat crop along the line.
The grade is practically completed from The Dalles eastward and the work of tracklaying will be rushed as fast as possible. Over 200 men are employed in the tracklaying gangs, and the work is being finished as fast as the rails are laid, so the road will be ready for use as soon as the last spike is driven.
Mammoth Hood River Strawberries.
We have read of big strawberries, some of them so many inches in circumference that we had our doubts, but a Washington shipper takes the name "Better Fruit" contains an advertisement this week in which a two-horse truck appears loaded with two Hood River strawberries which take up the entire truck.
A marked copy was mailed to us by a Philadelphia firm with the following comment:
"We were under the impression that they are homes for some of the western settlers instead of strawberries. If they are genuine strawberries, how would you like being on the inside with plenty of pulverized sugar and a lot of good, rich cream, then start and let your way out?"—N. Y. Produce Record.
A prompt pleasant good remedy for coughs and colds, is Kennedy's Laxative Cough Syrup. It is especially recommended for babies and children, but good for every member of the family. It contains no opiates and does not constipate. Contains honey and tar and tastes nearly as good as maple syrup. Children like it. Sold by Keir & Cass.
Colic and Diarrhoea.
Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Keir & Cass.

JUDGE NORTHUP WILL SPEAK HERE
EVERYTHING IS IN READINESS
Over \$1000 In the Hands of the Committee—Grounds Have Been Secured on the Heights.
Everything necessary for a first class Fourth of July celebration is now in readiness. The committee on oratory has been fortunate to secure the services of Judge H. H. Northup, of Portland. The judge is one of the most eminent jurists in the state and a public speaker of great ability. This attraction alone will merit your presence at Hood River on the Fourth. It is seldom that a city of our size is able to secure such excellent talent to deliver the Fourth of July address.
The committee having in charge the arrangements of the grounds report that their work is going on without a hitch. They have secured the beautiful grove on the heights just south of the city, and they are preparing to place it in the best of condition.
The committee on sports is adding new attractions to the program daily. It is expected that the program of sports will far surpass anything ever offered the Hood River public on an occasion of this kind. Come and enjoy the Fourth with us irrespective of class, color or creed. It will make you live longer.
Twenty-four of the signers of the declaration of independence were lawyers, fourteen agriculturists, four physicians, nine merchants, one a manufacturer, one a clergyman, and three had prepared for the calling of a clergyman, but had chosen other vocations. Heaven seems to have rewarded them generally with long life, for three lived to be over ninety, ten over eighty, eleven over seventy, fourteen over sixty, eleven over fifty and six over forty-four, although one, Thomas Lynch, jr., was accidentally drowned at sea when only thirty. Thus the average age of the signers was over sixty-two years.
You can have a better time in Hood River than Uncle Joe Cannon states he had in the following excerpt:
"Back on the banks of the Wabash was celebrated by milking the cows, hoeing corn and weeding the vegetable garden. If we were in luck we got a chance to steal off and go fishing."
"The Fourth of these old days is now only a memory. I prefer the Fourth of this modern, wonderful, pleasurable, rich and inventive twentieth century, when for a few pennies the modern boy can buy novelties in fireworks, skillful concoctions of chemicals and more or less harmless noise makers to delight the boyish heart such as boys and girls of pioneer farms in early Illinois never dreamed existed outside the 'Arabian Nights' tales."
Memorize the following proverbs and be on hand to see the big parade. Accidents will happen in the best regulated fireworks.
A shot in the gun is worth two in the hand.
A little burning is a dangerous thing.
He who shoots and runs away may live to shoot another day.
Never look a gift cannon in the mouth.
Cannon crackers alter faces.
One good burn deserves another.
Patriotism covers a multitude of sins.
Whosoever thy hand smudged to shoot, shoot with thy might.
It's an ill bomb that blows up nobody good.
It's a wise father who knows his own child—the day after.
Uneasy lies the head that wears bandages.
A living boy is better than a dead patriot.
Never put off till tomorrow what you can do today.
Celebration is the thief of time.
All's not gold that glimmers.
A good aim is rather to be chosen than great stittles.
Insurance is the best policy.
A new bomb never explodes.
Dead boys tell no tales.
Berry Pickers Making \$8 a Day.
Neosho, Mo., June 1.—The Neosho berry district is now in the midst of the busiest part of the season. An average total of 30 carloads of the delicious fruit have been shipped out on the Kansas City Southern railway. An average of eight carloads a day are being gathered and shipped to St. Paul, St. Joe, Kansas City, and as far west as Denver. Last Monday 13 carloads were shipped. The buyers have been paying \$2.50 to \$3 per crate.
Thousands of persons are employed in picking the fruit and the different contents engaged in by expert pickers are very interesting. A few of the experts manage to make as high as \$8 a day at the rate of 2 1/2 cents a box. However, the majority of the pickers and especially those who attempt the work for the first time do not make more than \$2 to \$3 a day, and many even less than that.
Strawberries Are In Demand.
J. E. Olinger of the Wenatchee Valley Fruit Growers association, reports the market on strawberries to be holding up well. Good berries are selling from \$2.50 to \$3. He thinks the local market will be brisk and stiff throughout the entire season, owing to the fact that the crop is short in so many places.
The bites and stings of insects, sunburns, cuts, burns and bruises relieved at once with Pinesave Carbolic. Acts like a poultice. Draws out inflammation. Try it. Price 25c. Sold by Keir & Cass.
Ancient Remedy
is now merely a memory of the past Ballard's Snow Liniment is the familiar of the twentieth century. A positive cure for rheumatism, Burns, Cuts, Sprains, Neuralgia, etc. Mr. C. H. Rinnvyn, Stanley, Mo. writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by Chas. N. Clarke.
