The Limit of Life.
The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best help after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Chas. N. Clarke, druggist, 50c.

Thanks.
We are in receipt of several copies of "The Glacier," published by our old friend, A. D. Moe at Hood River, Oregon. It reminds us of the time, February 10th, 1902, when the writer was sold as a part of the old Plain dealer plant to Mr. Moe, by E. C. Carruth. "The Glacier" is one of the leading weeklies of Oregon, and is doing much to advance the progress of the state, and, judging from its advertising patronage, Mr. Moe and his excellent journal are prospering in their new western home, which is pleasant news to their many friends in both cities. Any one that wants a copy of the paper call at this office and secure a copy while they last—East Grand Forks Valley View.

Children in Pain
never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by Chas. N. Clarke.

Ahead, Yet Behind.
The nervous foreigner got up and went back to the conductor of the street car.
"Pardoning, m'sieur," said he, "but see car, he run so slow, and why, if you please? Ees it not so?"
"Yep," replied the conductor. "If you can't help it, though. You see, the car ahead is behind."
The foreigner's eyes opened wider. "Would you mind saying him again?" he asked apologetically.
"I say," replied the conductor, louder than before, "that the car ahead is behind. See?"
The foreigner returned to his seat. "Zee car-r-r ahead, he ees behind?" said he to himself. "Most wonderful, most astonishing is zis country!"—Judge.

Don't Grumble
when your joints ache and you suffer from Rheumatism. Buy a bottle of Ballard's Snow Liniment and get instant relief. A positive cure for Rheumatism, Burns, Cuts, Contracted Muscles, Sore Chest, etc. Mr. I. T. Bogy, a prominent merchant at Willow Point, Texas, says that he finds Ballard's Snow Liniment the best all round Liniment he ever used. Sold by Chas. N. Clarke.

Her First Birth.
Black Sarah was busily employed about our northern kitchen, remarked a prominent housekeeper, when I had occasion to go out there and by way of being pleasant said:
"You are from the south, are you not, Sarah?"
"Law, yes, miss!" was the answer.
"Born in the south?" I continued.
"Originally bawn in Richmond, miss," was the astonishing reply.—Reader Magazine.

Ten Years in Bed.
"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P., of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me."—Clarke Drug Co.

PUSH OREGON TO THE FRONT

On April 29th last the Oregonian published a special industrial edition devoted exclusively to the exploitation of Oregon. It probably contained more special and miscellaneous information about Oregon than any one publication that has ever been issued. It is peculiarly useful and valuable to the homemaker, because it gives the latest and most reliable information about so many different subjects that the homemaker is naturally interested in. Almost every department of industry is specialized, and both descriptive and statistical information of a highly valuable character is given extensively and in entertaining form. Residents of Oregon who know its advantages as compared with the congested east, and who still have friends back there whom they would like to see busy enjoying the good things of this favored state, can aid in a splendid work now without cost and very little effort. If you think your friend would be interested in knowing more about Oregon and might eventually become a valuable citizen, send his name and address to the general passenger agent of the Oregon Railway & Navigation company, and a copy of this special edition, with a complete summary of the general subjects treated, carefully indexed, will be mailed to him promptly. In this manner you may be the means not only of doing your friend a good turn, but of helping to stimulate the growth and prosperity of Oregon.

Don't forget that commencing September 1st and continuing daily for two months, tickets will be on sale at almost every railroad station in the west to all points in Oregon and the northwest at what has come to be popularly known as "colonist rates." These rates are the cheapest general long distance rates ever established, and enable one to reach Oregon from any part of the United States at but a trifle more than one cent a mile. They are the greatest incentive to colonization and progressive home building for any known agency, and if the restless, dissatisfied resident of the east is tired of his present surroundings and wishes to enjoy the advantages he can enjoy here, the problem is solved, and the star of empire will continue to move steadily westward.

Now is the time to spread the gospel of Oregon, so that it may be heard and heeded by the time the rates go into effect. Send one name or two, or a dozen, and you will be exerting a worthy influence toward the building of our state. Send them to your nearest Oregon Railway & Navigation Co. agent, or to Wm. McMurray, General Passenger Agent, Portland, Oregon.

For an Impaired Appetite.
To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a blue band feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free. Keir & Cass.

Clatsop Beach resort affords a variety of amusements for the pleasure seeker. In addition to surf bathing, clam digging and crab fishing, these resorts have all the attractions of the mountains, situated as they are in close proximity to the coast range, where the best trout fishing and hunting for big game are within easy walking distance from the hotels. Low round trip rates are in effect via the Astoria & Columbia River railroad.

The Reader Who Skips.
A good work of fiction, whether in prose or in verse—we are here speaking only of good works—is a work of art and can be rightly enjoyed only by entering into sympathy with the artist's mind and accepting his work according to his intention. In a perfect poem the place of every word, in every word, of every episode and of every paragraph, is important, and the reader who skips throws away the pleasure he has meant to derive from the harmony of composition, in which very possibly the beauty of the whole may chiefly consist, and despises the best part of the artist's labor. He might as well go to see a good play and then willfully miss every alternate scene.—Exchange.

Why Fret and Worry
when your child has a severe cold. You need not fear pneumonia or other pulmonary diseases. Keep supplied with Ballard's Horehound Syrup—a positive cure for Colds, Coughs, Whooping Cough and Bronchitis.
Mrs. Hall, of Sion, Falls, S. D., writes: "I have used your wonderful Ballard's Horehound Syrup, on my children for five years. Its results have been wonderful." Sold by Chas. N. Clarke.

Indians With Blue Eyes.
One of the mysteries of Mexico is presented by the Maya Indians, who inhabit the Sierra Madre mountains in the lower part of Sonora. They have fair skins, blue eyes and light hair, and students of ethnology have always been puzzled to account for them. There is a tradition, however, that these Indians are the descendants of the crew and passengers of a Swedish vessel wrecked on the Mexican coast centuries before Columbus discovered the new world, but this tradition is founded on nothing more substantial than a folklore tale current among them that their ancestors came over the big salt water hundreds of moons ago.

The old remedies are the best. Hickory Bark Cough Remedy has been in use for over one hundred years by the old Dutch Danksards of Pennsylvania, and is still in use by all the old families of western Pennsylvania. It is absolutely pure; made from the bark of the white or shell bark hickory tree. The bark is shipped from the east, and manufactured in Salem, Oregon. For sale by Chas. N. Clarke and all dealers.
