He expects to leave here for Carson about October 1, to take up his new work in the transfer and livery business which he bought in company with his son. Mr. Shelby considers he has a very good business opening and his many friends wish him success.

Merchants advertise to acquaint the prospective customer and the public in general with the kind of goods they have to sell, at what prices, and to create a demand for them.

In order to attract the attention of the buying public those advertisements are made up as a rule in a truthful straightforward attractive manner, while some are colored somewhat with a tinge of sensationalism for the purpose of misleading the public and to create false impressions in regard to quality, quantity and prices of goods. But the point to be considered after all is
