Walla Walla laundries are discouraging cleanliness by raising prices on

the state treasury.

a discreditable complication, it has _-East Oregonian. resulted in an advertising stunt that will turn many an actress green with

About a dozen towns in the state have established permanent exhibit tooms in which to display their products to the visitor and homesceker. If the efforts of the publicity commit- day. tee prevail, Hood River will be in the same class.

Nearly 170,00 leaflets inviting peo ple to Oregon will be distributed to the public schools of Portland today and tomorrow to go out in letters written by the pupils. This plan should be followed by every community in the state of Oregon.

The state of Oregon lost nothing by the failure of the O. egon Trust & Savings bank, the deposit being covered by a surety company, who have made good the loss. It is the widow and orphan, the working man and woman. who are not protected, who will

The exposition feature is being overdone, especially in congressional appropriations, and it will be hard for Seattle to get any help from the national treasury. But there will be a big show at Seattle just the same, it the progressive citizenns of that euterprising town have to put up all the

Oregon City has appointed a commission to revise its charter and submit the same to a vote of the people by the initiative and referendum act. Hood River should do the same. There are several provisions in our charter which should be changed to acts like a positive in drawing out inmeet the needs of a growing city, and flammation and poison? It is antisepthe sooner done the better it will be for the city's welfare.

Eugene has made a record for progress and has set a pattern for all the for the entire Pacific coast. She has built a first-class hard surface pavemeat from the depot entirely through the business district and has contracts for double that amount. Her new tastes good. It works off the cold through the bowels, clears the head. electric cars are equal to those to be seen in larger cities. She has raised a \$12,000 advertising fund and will All persons who came to the valley employ an expert at \$5000 a year to prior to July 4, 1882, are elegible to handle her publicity.

The Eugene Register says it "here and now" makes two predictions with regard to the Southern Pacific land grant in Oregon whereby it is sought to compel the company to dispose of its three million acres held under the grant to settlers at \$2.50 per acre. One prediction is that not a settler who has made a filter will get the settler and bring your baskets well filled for an old fashioned din ner.

E. L. Smith, being solicitous for the welfare of his son it law, Dr. Watt, yesterday on his birthday presented him with a fine watch. Not that he needed watching, or that he wished him to go on tick, but that he might always be on time.

Who has made a filter will get the company to dispose of his series at \$2.50 per acre. One prediction is that not a settler who has made a filter will get the company to dispose of his series at \$2.50 per acre. One prediction is that not a settler well filled for an old fashioned din ner.

E. L. Smith, being solicitous for the welfare of his son it law, Dr. Watt, yesterday on his birthday presented him with a fine watch. Not that he needed watching, or that he might always be on time.

H. S. Richmond has disposed of his who has made a filing will get the land, and the other is that all the land of any value held by the company under the grant will be disposed of one way and another before the government takes action in the matter. About the only purpose served derived by the state in getting these three million acres into the hands of with not even a "look-in" for the same camp. \$2.50 settler.

biggest city in the state. The limit the defendant and his children by a of accommodations which can be provided in a city the size of Salem must always timit the number of admissions. The city of Portland alone would be good for 50,000 admissions, evening. There were 32 courses on but it is doubtful if one-tenth of that the floor and a very fine time had number went from Portland to Salem. The music was excellent. We have received in the last few days thousands of dollars worth of new Fall Merchandise. We did not buy these goods early last summer, but waited until the styles were settled. Then we sent our buyer direct to the large manufacturers in all the large cities and personally picked out the cream of the stock. By this method we cannot only buy to a better advantage (and thus sell for less money) but one can buy the proper style-the styles that the people want-and thus be able to show you garments that are right in every sense of the word. We had exceptionally good luck in securing good reliable merchandise for our rapidly increasing Ladies' Garment Department. We have now on display more Ladies' Man Tailored suits than all other Hood River stores combined, and can undersell them all. If you are contemplating buy-

ing a suit or making one you will surely make a mistake if you do
