FOR SALE

MY JERICHO FARM

Containing 15 acres splendid fruit land. None better, 3 acres in bearing orchard, choice varieties. Three acres Newtowns and Spitzenbergs, 3 years old; 4 acres clover, 7-room house, 20x40 feet, 2-story barn new, blacksmith shop, phaeton, farming tools, shop outfit, incubators, etc. Also ten inches irrigating water, paid up in full. All for \$300.00 an acre.

The above advertisement has been running for some months and no buyers. Now I am going to sell, as I cannot take care of it, and in order to do this I am going to make reductions in price until it will sell. I have offered it at \$300 per acre or \$4,500 for the 15 acres. Now I will reduce the price of the 15 acres \$100 per week until sold. This week \$4,000 takes it. Next \$3,900 buys it, and so on. Whose farm will it be? Mr. Homeseeker, you are going to lose the chance of getting one of the best and cheapest 15-acre homes in the valley.

Go out to Jericho lane on the Mt. Hood Road and investigate for yourself. Don't take anybody's word for it. Half cash, balance any old time. Address

H. C. COE,
Lock box 107, Newport, Ore.

MEETING OF THE COMMON COUNCIL

\$40,000 ASKED FOR WATER SYSTEM

Petitions Before the Council to Improve Oak and State Streets—40 Foot Road to Land.

All members were present at the council meeting Monday evening except Councilman Mayes, who was out of the city.

J. L. Henderson, representing a committee from the Commercial club, petitioned the council to have at least ten lights placed on the east side grade as far as the city limits, beginning at the water tower. He said that the light company would place and maintain the lights at \$2 per month per light, provided a lease was given for a term of years. The matter was referred to the street committee.

A. C. Buck asked for a light at State and Front streets and Councilman Henderson thought there ought to be a light in front of the Baptist and Catholic churches and at the foot of the stairs. This was also left to the street committee.

G. D. Woodworth reported on the matter of placing hitting racks on the property of the Apple Growers Supply Co. He said that the place just off Columbia avenue was close to dwellings as it would interfere with the renting of at least one residence, and that the proposed racks were so rough that it would be impracticable. He thought that the end of Fifth street could be used for this purpose. Referred to street committee.

In order to pay for street work, \$1000 was ordered transferred from the general fund to the street committee.

The street committee reported that gravel could be secured from Mrs. Adams for ten cents per yard, provided that it was taken from the premises in such a manner as to not make a pit, but to be taken on a grade that would be maintained in the gravel bank.

The regular reports of the recorder, treasurer and marshal were referred to the finance committee.

The following petition was read from property owners on Oak street, which was granted:

To the honorable mayor and common council of the city of Hood River. We, the undersigned, in consideration of the benefits to be derived from the improvement to be made in Oak street, do agree interchangeably with each other, and with the street committee of the city of Hood River, that we will pay the cost of grading Oak street according to ordinance and the cost to be paid by each of us in the proportion to his frontage bears to the total frontage, share and share alike, provided all property owners sign the petition.

The petition was signed by nearly all the property owners on the street.

The following letter was received from the water company, which was rejected:

To the honorable mayor and common council of the city of Hood River. Gentlemen—After taking the matter of selling the city water system up with the principal stockholders, we have concluded to offer you our sewer water plant as constructed together with the sources of supply, rights of way, easements now in use in connection with the system, and the tract of land we own surrounding the large springs supplying the water system, for the amount shown by your engineer as the valuation from a physical standpoint, forty thousand dollars (\$40,000).

This offer is made subject to prompt acceptance by at least a majority of the members of the council, contingent of course upon the bonds being voted, also subject to approval of the Portland Trust Co., trustee for the bond holders.

H. F. Davidson.
Ordinance No. 137, regulating license fees, was read and referred to the judiciary committee.

Ordinance No. 138, relating to the same matter, was also referred.

Ordinance No. 139, relating to the new sewer water plant as constructed together with the sources of supply, rights of way, easements now in use in connection with the system, and the tract of land we own surrounding the large springs supplying the water system, for the amount shown by your engineer as the valuation from a physical standpoint, forty thousand dollars (\$40,000).

This offer is made subject to prompt acceptance by at least a majority of the members of the council, contingent of course upon the bonds being voted, also subject to approval of the Portland Trust Co., trustee for the bond holders.

H. F. Davidson.
Ordinance No. 137, regulating license fees, was read and referred to the judiciary committee.

Ordinance No. 138, relating to the same matter, was also referred.
