Looney had brought in a potato from his place which weighed over four pounds. Since that time he has unearthed a mammoth spud from his potato patch that weighed six pounds. Next. H. H. Hillegas, of Naperville, Ill., spent a couple of days in the valley the first of the week. Mr. Hillegas is looking for a place to locate in the interest of several eastern parties who are contemplating locating on the coast. He was well pleased with the valley. All the Hood River attorneys went to Portland Tuesday to attend the meeting of the Bar association. Judge Henderson went on the early morning train and Attorneys Jayne, Hartwig, Derly and Morton took passage on No. 1. Mrs. Jayne also accompanied her husband to the Rose City. J. He was brought to Hood River, where the injured member was attended to. Clarence Gilbert, his mother and Edwin Parkins went to The Dalles Sunday in his touring car, took dinner there and returned before dark. They were two and three quarters hours going and two and a half hours returning. It was a delightful trip and they had no trouble in making the heavy grades over the mountains. When you go to Portland from now until Monday, ask for a transfer to the Washington street line and run up to Sixth and Washington and see the prettiest display of apples the eyes of man ever beheld. It is the exhibit placed there by Messrs. Wilson and Shepard, two of Hood River's most rampant pomological warhorses. Mr. Shepard is the proprietor of Better Fruit the best horticultural magazine yet, and Mr. Wilson, well, he just boasts Hood River apples for the love of it. He has the best there is and grows fat just to tell about them. Now, don't forget to see this show or you will regret it.—St. Johns Review. Considerable comment is being made on the new grade established on Oak street in front of the Ramona hotel. It has been established according to the new plan of having but one foot fall across the streets in the business section, instead of two feet, as heretofore established. The original plan should have been to make the grade across the business streets level, but established brick buildings now make this impracticable. A compromise is being made, however, in having the fall across the street but one foot. While the cut made in the sidewalk line is still one foot higher than the street at the Paris Fair corner, it looks the reverse. At least it has given rise to considerable comment. When the street is cut down to grade, we believe it will meet with general approval.

Mr. Wolf, of Pittsburg, formerly associated with E. O. Hall in the contracting business, arrived in Hood River this week to remain permanently. Beulah Land Exhibit. Among the apple displays in Portland last week, was one from Oscar Vanderbilt. The Oregonian says: Another display of apples from Hood River was opened for public inspection in the show windows of the Meier & Frank company Thursday. The display comes from the Beulah Land orchards of Oscar Vanderbilt and comprises the following varieties as well as a few others of lesser note: Winter Banana, Delicious, Spitzenberg, Yellow Newtown, Baldwin, Killeckia, Jonathan, King, Kay, Lawver, Arkansas Black, Delaware Red, Northern Spy, Ortley, Winthrop, Ben Davis, Red Chiswick, Salome, Gano, York Imperial, Golden Russet, Roxbury Russet, Missouri Pippin, Stark, Aiken Red and Grimes Golden. Mr. Vanderbilt says he has made no effort to put in a fancy display, and that he took the boxes on exhibit out of his commercial pack. He also says he did not bring the display in competition with any other and the fact that other displays are being made at this time is simply a coincidence, as he had intended coming a week earlier but could not get his packing finished in time to do so. Special Meeting Masonic Lodge. There will be a special meeting of Hood River Lodge, No. 105, A. F. & A. M., Saturday evening, Nov. 23, at Masonic hall. Work in E. A. degree. Advertising Hood River. M. Walton, of the firm of Van Dusen & Walton, Portland, has recently returned from the east and writes as follows: "I have been east for the past two months. Being interested in a small way in the famous Hood River valley, I lost no opportunity to sound the praise of the resources of this fruitful valley to my many eastern friends who are amazed at the high price of this year's apple crop in comparison to what they are receiving, the result of which in my judgment will see a large influx into our glorious state within the next year. I found Hood River apples on sale in all of the principal eastern cities."
