### Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.

Our new invoice of fixtures have just arrived from the factory. Call and make your selections.

### WHO WANTS A HILL?

The Arizona Kicker Has One He Wants to Sell.

### HIGH MOUNTAIN, LOW PRICE.

Editor Refutes Chicago Charge—He is Not a Grafter Because There is Nothing to Graft—Esteemed Contemporary a Poor Shot.

[Copyright, 1907, by E. C. Parcell.] Any one wanting a mountain 1,500 feet high to sit on during the heated season will please address this office. We have one for sale cheap. We got it by advertising a forty rod whisky before the pure food law came into operation.

A Chicago paper charges us with being at the head of the grafters in this territory. Bless your soul, but here hasn't been enough graft in Arizona in the last five years to buy food for an old crow. We are all honest because we have to be.

A year ago ex-Judge Scott entered the Kicker office bent on our destruction. After he had fired five shots at us we shot his left ear off and drove

"WE SHOT HIS LEFT EAR OFF." him out. The ear has been in a jar of alcohol ever since, and the other day the judge began suit against us to recover the souvenir. He wants to stitch it on and see if it won't grow. To the straight shooter belongs the spoils, and we'll fight the thing clear to the highest court.

Our esteemed contemporary insists that he fired six shots at us as we were coming home from a poker party last Tuesday night and that, if we had given him six more chances he could have dropped us. Sorry for him, poor old chap! But is it ever to be thus?

Not as editor, postmaster, deputy United States marshal or mayor of Givewood Gulch, but as plain Jim Hells, we rode our horse in a race over at Lone Pine the other day and scooped in \$100 in cash to buy silk undershirts for such members of congress as are not owned by any trust and must practice economy.

Some critter who didn't have time to sign his name writes us from Santa Fe that he will arrive in this town in about two weeks and shoot six redhot bullets into our deplorable carcass. Good! Things are going a little slow and we'd like a change. Kick open the door of our sanctum and come right in.

A Significant Prayer. "May the Lord help you make Buckle's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time. Best on earth for sores, burns and wounds. 25c at Clarke's drug store.

Says a rural editor: "Owing to the overcrowded condition of our columns this week, a number of births and deaths are unavoidably postponed."

The New Pure Food and Drug Law. We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Clarke Drug Co.

### A LITTLE LEMON.

A Few Drops Add Piquancy to Many a Dish.

A little lemon juice does wonders for a host of dishes. Creamed oysters lose the strong fishy flavor which some persons charge them with if a few drops of lemon juice are cooked with the cream sauce.

Fried sweet potatoes sprinkled with a few drops of lemon juice and then with a little sugar after they are put into the frying pan are immensely improved.

Cauliflower dressed with drawn butter sauce is more delicious if a little lemon juice goes into the sauce before it is turned over the vegetables.

An appetizing soup made of the little green fanglets found at the grocers, but too little known to the average housekeeper, was served at a pretty luncheon the other day with thin slices of lemon floating in each plate. A tablespoonful of whipped cream went into every plate too.

Carrot fritters, a favorite in one household at least, owe something of their tastiness to the few drops of lemon which sprinkle them just before they go to the table. These boiled carrot fritters are made in the same way as other vegetable fritters. They are cut into two or three pieces, according to their size, dipped into beaten egg and then into breadcrumbs and fried in hot fat.

Cold boiled cauliflower dressed with oil, lemon juice, salt and pepper and served on lettuce leaves makes an excellent salad.

### SARATOGA CHIPS.

Dainty Invented by Lately Deceased Colored Boniface.

If one owns a potato slicer, which is not an expensive utensil, Saratoga chips are easily prepared. They are always an acceptable accompaniment to fried fish, but perhaps are never more happily in evidence than when served as one of the accessories of a picnic luncheon. Wash and pare medium sized potatoes. Slice thin, using a vegetable slicer made for the purpose, into a bowl of cold water and let stand one and one-half hours, changing the water twice.

Drain, plunge into a kettle of boiling water and let boil one minute. Drain again, cover with cold water and let stand five minutes. Take from the water and dry between towels. Fry in deep fat until delicately browned, keeping in motion with a skimmer throughout the cooking. Remove with a skimmer to a pan lined with brown paper (which will absorb the superfluous fat) and sprinkle with salt. Always drain fried potatoes on brown paper, for fried food if properly cooked and properly drained seldom absorbs enough fat to be indigestible to adults.

Neutral. Parson Bagster (severely)—Looky yuh, Brudder Bing! What's dis I hears about yo' boutin' yo' wife in dat radical manner?

Brother Bing—Dar wasn't nuthin' radical 'bout de eppersody, pabson. I was noutal wid de lady—dese noutal.

Parson Bagster—Humph! What does yo' mean by "noutal," sah?

Brother Bing—W-y, I dess slapped her dis-uh-way and den I slapped her dat-uh-way, den dis-uh-way and den dat-uh-way, and so on. Dat's what I means, sah.—Puck.

Foreign Born. English Girl—I hear you've been visiting the States. What did you think of the native-American?

Englishman—I didn't meet any. I spent all my time in New York.—Harper's Weekly.

A Hard Debt to Pay. "I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed eminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by Chas. N. Clarke, druggist, 60c and \$1.00. Trial bottle free.

Mrs. Venable has opened dressmaking parlors in the Jacobson residence, where she is prepared to do fashionable dressmaking. Chapped hands are quickly cured by applying Chamberlain's Salve. Price, 25 cents. For sale by Kelt and Cass.

"Coming out with flying colors."—New York World.
