

Woman's World

MRS. KATE E. JONES.

The New President of the Woman's National Relief Corps.

Mrs. Kate E. Jones, the new national president of the Woman's National Relief Corps, who was elected to its highest office by the great women's auxiliary of the G. A. R. at the annual encampment in Saratoga last summer, is one of the ablest of patriotic workers. In choosing her the Woman's Corps has honored one of its best known veterans.

Mrs. Jones is a pioneer in the work of the W. R. C. She has been in the movement ever since it began, and she helped it to begin. It was Mrs. Jones who organized and was made president of the first Woman's Relief Corps in New York state. That was in September, 1883. Six months later, through her efforts, the department of New York state was formed.

The first national convention of the Woman's Relief Corps at Minneapolis in 1884 found her seated as a delegate. She was elected national chaplain in 1888; has served two years as depart-

MRS. KATE E. JONES.

ment president and four years as department counselor. For the past four years Mrs. Jones has been devoting her efforts to the new work of patriotic instruction, inaugurated by the Woman's Relief Corps, in which she has done efficient work, traveling all over the country and introducing new features—the department presentation of flags, the badge pin contests and the flag mission to the white schools of the south.

Mrs. Jones gets her patriotic impulse directly, being a lineal descendant of the Herkimer-Schuylers of Revolutionary fame. A strong effort was put forth for her election last year. She won out this year in a lively contest for the leadership.

Why We Do These Things.
Many customs are so common that we have lost sight of their origin. Times and habits have changed. Beliefs of olden days have been handed on and carried down from generation to generation to our present day.

Shaking hands is an example and began in this way: When adversaries were making a truce with one another each found it wiser to grasp the other's weapon hand to insure himself against treachery. The truce concluded, they became friends, and so the custom grew as a salutation between friends. Even nowadays enemies do not shake hands till peace—a truce—is made.

Perhaps the modern woman discovered the origin of the courtesy, and that is why it has dropped out of use. At one time it was the custom for women to go on the knee to men of rank to beg for mercy, and later it became an acknowledgment of superiority. That is why it is still retained where royalty is concerned, but the example of the old country woman who still "kneels" to the squire's lady is not followed by the younger generation, and the pretty courtesy that was the fashion when our grandmothers held sway is now forsaken and almost obsolete.

A man when greeting a lady raises his hat. Why does his salutation take this form?
In the days when armor was more fashionable than silk hats or panamas the helmet was only raised when no danger was near, so to lift the hat was a sign that the wearer dared to stand in the presence of the person so greeted unarmored.

What of the oldest of old customs, the kiss?
To kiss is to adore, and the word adore signifies simply to carry the hand to the mouth. Kissing the hand to the statue of a god was a Roman form of adoration and as a mode of salutation expressed reverence and worship. To kiss the book when taking an oath is a public acknowledgment that you adore the deity whose book you kiss. To kiss the lips is to adore the living breath of the person saluted. In Scripture salutation is made to kissing the hem of garments, which signifies an adoration of anything belonging to or touching the wearer, while kissing the feet or ground was to humble oneself in adoration.

Pink Mated Apples.
There have been several items in the papers recently about an apple that is raised in Lane county which is pink in color all the way through.

Mrs. C. H. Young, who resides on Pearl street near the Norwegian Lutheran church, has sent the Guard office a number of apples that were raised on the Siuslaw and which were brought to town by her husband, who is forest ranger in that section, says the Eugene Guard. The apples are small in size and do not make good eating raw, but are excellent canned. A jar of the canned article was also left at this office. They retain their pink color when canned and on that account look very tempting.

These apples were grown on the A. P. Knowles place, on Knowles creek, which is about a mile from Mapleton. The trees were planted from seed about fifteen years ago by A. M. Gray, now of Florence, who resided there at the time. As he had never before seen such an apple he named it "The Surprise" and it still goes by that name.—East Oregonian.

A Reliable Remedy for Croup.
Mrs. S. Rosenthal, of Turner, Michigan says: "We have used Chamberlain's Cough Remedy for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it for sale by Keir & Cass."

Refused \$700 An Acre.
W. H. Norcross refused an offer of \$35,000 for his orchard last Saturday and informed he would be purchaser that his price now is \$50,000, or \$1000 per acre. The orchard has 12 acres in full bearing, with some 20 acres of young trees coming on, and the crop this year will pay 10 per cent interest on \$50,000. Less than a year ago Mr. Norcross was asked to put a price on the property and when he placed it at \$25,000 some of his neighbors declared that he was crazy for asking so much. Now he is of the opinion that perhaps he was a little off for asking so little. He is not anxious for anybody to take him up at \$50,000, but he asks, "Where could I invest that amount of money in an absolutely safe proposition that would bring me in 10 per cent per annum?" And when the entire place is once in bearing that rate of interest will be doubled and tripled several times.—Myrtle Point Herald.

Has a Daughter.
The Proclaimer has a daughter and is stepping high this week, only touching the high places! The mother and child are doing well, and the editor hopes that he will be able to be about in due time and get down to work for the best interests of Morrow county, (and the State as well).
It beats all what a fine country we have here! Mrs. Ward and the writer have only been here a couple of months, and yet see what Morrow has done for us!
The Proclaimer is a little shy on new matter this week, we hope you will overlook the deficiency, for it must be remembered that the paper never had an heir before and we are the mood for celebrating.—Lone Proclaimer.

ACT QUICKLY

Delay Has Been Dangerous
in Hood River.
Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills.
Plenty of evidence to prove this. Mrs. C. Hector, 1006 Bluff St., The Dalles, Or., says: "Doan's Kidney Pills have been used in our family many times, and the results have always been satisfactory. A few months ago our little girl began to complain of a pain in her back. The aching kept getting more annoying until I got a box of Doan's Kidney Pills. Less than one box entirely rid her of the trouble, and she has not complained of it since."
For sale by all dealers. Price 50 c. Foster-McBurr Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The complexion is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organ, so surely when these organs are established in health the face and form at once witness the fact in renewed complexion. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.
For nursing mothers or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is the most potent invigorating and strengthening nerve tonic adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.
Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, "The Medical, Hotel and Surgical Institute," Buffalo, N. Y.

British Military Inventors.
The war office has long been proverbial for its discouragement of inventors in general, but they seem to reserve a special brand of ill treatment for an inventor who is unlucky enough to wear a soldier's coat. General Shrapnell, the inventor of the formidable projectile which bears his name to this day, died a poor man after spending thousands of pounds on his invention.—London Regiment.

LINGERING COLD
Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Campbell, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by Keir & Cass.

Best an Insult.
Bess—Yes, the arrangements off. He told her she ought to give up novels and read something more substantial—something that would improve her. Ben—Well? Bess—Gracious! Don't you see? The idea of a man intimating to his fiancée that she could be improved in any way!—Exchange.

Growing Aches and Pains.
Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c, and \$1.00. Sold by Chas. N. Clarke.
Good stock of winter robes and horse blankets at S. J. Frank's.

FOR COUGHS KING OF CURES FOR COLDS THE WONDER WORKER FOR THROAT DR. KING'S AND LUNGS NEW DISCOVERY FOR COUGHS AND COLDS PREVENTS PNEUMONIA

I had the most debilitating cough a mortal was ever afflicted with, and my friends expected that when I left my bed it would surely be for my grave. Our doctor pronounced my case incurable, but thanks be to God, four bottles of Dr. King's New Discovery cured me so completely that I am all sound and well.—MRS. EVA UNCAPIER, Grovertown, Ind.
