

Hood River Glacier

Issued Every Thursday by ARTHUR D. MOE, Publisher.

Terms of Subscription—\$1.50 a year when paid in advance.

Included in the equipment of the fleet are sixteen pianolas. Now let the Chinese come on with their tom-toms if they dare.

Secretary Tait's coat of the world is to be put on the stage. Needless to say, the stage timbers will be properly reinforced.

"Blessed are the men to whom Christmas isn't a bother," says the Toledo Blade. Yes; thrice blessed. And the "emeteries are full of them.

With Saturn's rings falling in and the Sun troubled with tongues of flame, it need not surprise us to hear that the canals on Mars are overflowing their banks and that the astronomers are expecting to learn of Mercury going down.

The date of holding the annual banquet of the Hood River Commercial club has been changed to Friday evening, January 31, at the Odd Fellows hall. Invitations will be issued in a few days. Arrangements are being made for a big time.

The people of Eugene and Lane county are beginning a campaign in behalf of the appropriation for the University of Oregon, in which they are meeting with the heartiest support and co-operation from all portions of the state. The horticulturalists of Lane county have just passed a resolution in which they urge the people of the state to study the question impartially, and then set for her best educational interests in casting their vote at the June election.

The somewhat disturbed financial situation in the east and south is causing industrial institutions in the older states to investigate the opportunities for a more advantageous home in the great Pacific northwest, or at least this would be indicated by the fact that the Portland Commercial club has had more correspondence on this subject within the last sixty days than during the previous twelve months.

The immigration to Oregon this year ought to be double that of last. In no other state has every character of crop yielded so enormously and commanded such a high price. People in the older communities are disposed to move, and Oregon should get more than its proportion of new citizens, but to accomplish this all the commercial bodies must work in harmony and individuals must participate through private correspondence, which is the strongest influence of all.

Reports in financial circles indicate a gradual change to normal conditions, and a good outlook for the present year. Interest rates to heavy borrowers, which have been at four to five per cent in the large commercial centers, rose to eight per cent during the distress of the fall months, and have dropped back to seven. Bank reserves are increasing, hoarded money is drifting back into the banks, and a general feeling of confidence is being restored.

E. R. Bradley has sold his interest in the News-Letter to C. D. Nickelson, C. R. Sonnichsen and A. C. Lender. F. W. Angus still retains his interest in the publication. Messrs. Nickelson and Lender have been connected with the paper for some time, while Mr. Sonnichsen is from Minnesota. It is an able force and will make our esteemed contemporary a worthy opponent. The day of issue has been changed from Saturday to Wednesday.

A new order from the postoffice department which went into effect January 1, is to the effect that second class postage rates will be refused to those publications which continue to send their publications to subscribers longer than the time to which they have paid, except that time may be given such subscribers an opportunity to renew their subscriptions within the year, otherwise they will have to be discontinued. Postmasters are giving due notice to papers being mailed at their offices, and all delinquent subscribers more than year in arrears April 1 will have to be stricken from the list.

The school board have called an election for Friday, Jan. 17, to vote on the question of leasing \$40,000 to build a new school house. It will be a brick structure of probably twelve rooms, and the new issue of bonds is sufficient to take up the outstanding bonds. The school house is needed, and others will be needed as the city continues to grow. It is estimated that the new school house will be adequate for several years to come, and it is proposed to build well and for the future. This line of policy by the school board is in accord with the wishes of the large majority. The matter of bonding the new school house does not meet with favor in some quarters, as it may hinder the issuing of bonds for other public matters later, especially in the matter of water, and the suggestion of Mayor Howers to start a subscription paper to pay for the school and not load the city with more debt, is commendable, but the burden would fall on a few. Forty thousand dollars is a good deal of money to raise by subscription, and while it would be a stroke of enterprise that would add additional lustre to the fame of Hood River, we believe it hardly practicable at this time. However, if any one cares to attempt it, we will be with them and contribute our share.

SETTLED IN THEIR NEW QUARTERS

Vogt Bros. will be entirely settled in their new quarters by the end of the week, and have one of the finest gents' exclusive furnishing stores in the state and probably second to none outside of Portland.

An inspection of the store proves it to be up-to-date in every particular, and one sees many new features not seen outside of the model establishments of the large cities. The store room is twice the size of the former quarters, and will require a larger stock than the boys were able to carry before, for lack of room, and the new goods arriving will fill the elegant quarters with a variety of the best lines, and all departments will be complete.

Vogt Bros. have been in business but three years, but have kept up with the growth of the city and their increasing business made the enlarged quarters necessary. They have outgrown their former quarters and lack of room prevented an enlarged stock long before.

The center of the store is occupied by a double row of shelves, which are filled with the numerous articles to be had in a gents' furnishing store. Surrounding this is a row of glass show cases which serve as counters, besides the display of the delicate novelties in men's wear.

In front are two narrow glass show cases for the display of collars, with an elegant necktie case in the center. Along the east side of the store is the hat case, which has been enlarged to accommodate the enlarged stock of hats and caps of the latest styles. The entire north end of the store is the shoe department, the shelves ranging from the ceiling to accommodate the big line of shoes.

The west side is taken up with the new idea of the suit compartments, section of which has been made before in the Glacier. Five sections are now complete, and more will be added as the business increases. The cabinet is a neat affair, the doors of plate glass giving a full view of their contents, while the suits are kept free from dust, the coats hanging free on hangers attached to a rod which can be pulled out, while the disappearing doors are shoved back into the case and out of the way. It is a great space saver, the cabinet holding three hundred suits. Each size is kept in a compartment by itself, and the customer can make his selection of pattern in a few minutes, without tumbling over the suits as usually found on tables.

On the top of the cabinet is a large case for the display of the latest in cases, hand bags and travelers' grips.

The show windows are an attraction in themselves. The hardwood finishing, with the tasseled border gives a neat appearance, at once neat and elegant. While the large space allows room for a display that must attract the eye of every passerby. Elegant show windows of a store, with an artistic display, are an ornament to a business street, making an impression on the stranger as well as the local patron. The most effective advertisement of the goods to be found inside.

The entire transom glass of the front is of prism glass, which deflects the light at an angle which throws it to the far interior of the room, making the store doubly light and pleasant.

A tall basement in the store is used for the reception of new goods, ready to be marked and ready to be used for the surplus stock. Commodious shelves and receptacles occupy a large part of the basement, and is kept in such shape that the stock above can be replenished at any time, while the unassailable goods can be stored away for the proper season.

The store is lighted with lights of 50 candle power, there being six ceiling lights of 100 candle power each, and two of 50, diffusive a strong, yet not glaring light over all departments, while windows and corners are lighted as their space requires.

The entire arrangement of the new store is one of convenience, neatness and elegance, and the several new departments in arrangement and novelties introduced will be to the advantage of the proprietors, and command an increased patronage.

O. H. Gray has fitted up the room in the Broadway building, vacated by Vogt Bros., into the finest barber shop between Portland and Spokane. The room is newly papered, elegant electric light fixtures put in, and special furniture made to fit the new place. A marbled plate glass mirror twenty-four feet long is being put in opposite the five chairs, while side-lights over the mirror and four fifty candle power lamps suspended from the ceiling by massive chain fixtures, give a very brilliant and cheerful effect. Two bath rooms have been put in the rear, with the finest of tubs, and a permanent hot black stand and porter will attend to the wants of the customers.

The fine plate glass windows will be utilized as waiting rooms, and be furnished with upholstered window seats or easy chairs. The new shop will attract attention and result in an increase of the best trade in the city.

The Genuine Rug. The imitations are so clever that it is well to know when one is purchasing a genuine oriental rug. If real and not an imitation, each stitch will be found knotted, whether of cotton or wool. But if one can pull out a stitch then the rug is not genuine, no difference how much it may resemble one or what the dealer says. If a rug is accidentally burned and the charred part is brushed off, leaving the color the same, the rug is undeniably good, though this is no method for finding out when one is making a purchase. Even damaged rugs are brought here and sold, for the older some of the rugs are the more value is attached to them.

James Davis. Died, Tuesday, January 8, 1908, at his late residence, east of the city, James Davis, aged 47 years, 9 months and 8 days, of heart trouble. The deceased has been a sufferer for a number of years with the disease, and has been gradually failing the last couple of years, until death ended his sufferings. He leaves a wife and three children to mourn his loss. A father and mother are living at 1414 Hill, Mo., who were unable to come on account of sickness. Mr. Davis has been a resident on the ranch a mile east of the city since March, 1904. The funeral will be held today at the U. B. Church, with services by Rev. J. B. Parker. S. E. Bartness will have charge of the funeral arrangements and the interment will be at Idelwild.

AGENTS FOR NEW IDEA PAPER PATTERNS ANY PATTERN 10c The Paris Fair The Store that Saves You Money SPECIAL Ladies Rubberized Raincoats of Mohair, Poplins and Satens worth \$10 in colors, red, tan, black and brown. INSTALLATION OF LODGE OFFICERS

This is the period of annual installations in most of the secret societies, and the following are some of the recent events:

Eastern Star. The installation occurred at the regular meeting, January 14, followed by a banquet and good social time. The following are the new officers: Mrs. Carrie Bailey, W. M. E. E. Coed, W. F. Miss Idel Woodworth, Sec. Mrs. Nettie Mae, Treas. Mrs. H. L. Dumble, A. M. Mrs. H. F. Davidson, Marshal. Mrs. C. N. Clarke, Organist. Mrs. C. L. Jayne, Adm. Mrs. C. T. Early, Ruth. Mrs. T. J. Kinnaird, Esther. Mrs. J. K. Carson, Martha. Mrs. F. C. Brosius, Electa. Mrs. A. L. Phelps, Warder. Mrs. L. Phelps, Seclain. Mrs. J. Otten, elected to the office of Conductress, is out of the city and will be installed upon her return.

Royal Neighbors and M. W. A. Wednesday evening, January 8, the Royal Neighbors and Modern Woodmen held a joint installation, followed by a banquet, at which Prof. Dentz's orchestra surprised the gathering with music from their excellent band. The retiring Consul was presented with a gold pin by the members. The following officers were installed for the Royal Neighbors: Nellie Foster, O. and the Royal Neighbors: Eva Dano, C. Carrie Brosius, Recorder. Susa Mayes, Receiver. Ernest Crump, M. T. J. Cuning, Chaplain. Frank Brosius, O. S. The new officers of the Modern Woodmen installed are as follows: Harry Dano, C. W. L. Upson, M. A. R. Crump, E. Chaplain. Honsar I. Foster, E. J. F. Canes, A. Frank Brosius, S. W. S. Hall, W. C. U. Dakin, Clerk.

G. A. R. and W. R. C. The joint installation ceremonies of the G. A. R. and W. R. C. were held Monday afternoon, at the most pleasant reunion of the old soldiers, wives and daughters was had. A dinner was served in the hall, to which all did ample justice. The G. A. R. officers are as follows: G. B. Chesnut, Commander. F. Deltz, Sen. Vice. R. T. Mills, Jun. Vice. S. F. Blythe, Adjutant. John A. Wilson, Quartermaster. M. P. Isenberg, Patriotic Instructor. T. J. Cuning, Chaplain. J. H. Dukas, Officer of the Day. A. L. Phelps, Surgeon. Frank Noble, Officer of the Guard. The following W. R. C. officers were installed: Mrs. Cathryn Gill, president. Mrs. E. Hamblett, Jun. Vice. Mrs. Lydia Sumner, Secretary. Mrs. Martha Rigby, Treasurer. Mrs. Ellen Hansberry, Chaplain. Mrs. Sarah Bradley, Press Correspondent. Miss Clara Blythe, Conductor. Miss Carrie Crowell, Guard. Mrs. Jennie Waldo, Asst. Conductor. Mrs. Agnes Moses, Asst. Guard.

No. 1, Mrs. Fannie Bailey. No. 2, Mrs. Emma Deltz. No. 3, Mrs. Jennie Bentley. No. 4, Mrs. Florence Cantner. Two of the newly elected officers were unable to be present, Mrs. Iel n Perry, St. Vice, and Mrs. Marybeth Crowell, Musician.

Artisans. Wednesday evening the United Artisans lodge installed officers as follows: C. D. Heuricks, M. A. Mrs. M. C. Dunning, Supt. Miss Mildred Metcalf, Insp. E. H. Hartwig, Sec. J. H. Kobarz, Treas. Mrs. Geo. Thomson, Sr. Con. Walter H. Austin, M. S. Mignon Abbott, Jr. Cou. Miss Hazel Waldrick and W. H. Pugh, Field Commanders.

Park Grange. Following are the officers of Park Grange installed Jan. 10: Prof. G. W. Brown, Master. G. H. Robbins, Overseer. H. H. Robinson, Lecturer. M. H. Isenberg, Steward. Earl Eby, Asst. Steward. Mrs. M. R. Noble, Chaplain. M. R. Noble, Treas. Roy Eastman, Gate Keeper. Nina Noble, Ceres. Hazel Barker, Pomona. Lizzie Eby, Flora. Olive Phelps, Lady Asst. Steward.

Installation G. A. R. and W. R. C. Canby Post and Relief Corps held joint installation services in the hall of the W. R. C. Saturday. The first thing on the program was dinner at 12 o'clock. Twenty-one members of Canby Post sat at one table. At another table sat as many more ladies of the Relief Corps. The tables were set the second time and filled again. The dinner proved to be up to the standard of the kind furnished by the W. R. C. ladies. Among the substantial and delicious served were Barton brown bread,

SEEDLESS PEARS IN YAKIMA ORCHARDS

That Hood River does not own the only seedless pears in the country is the story that County Assessor J. W. Sindall thinks should be published. There is an orchardist in the Hood River country who owns several trees of seedless pears and he has recently been given considerable notoriety in the press on this account, the assertion being made that his trees are the only ones of the kind ever discovered. The assertion is incorrect, as there are at least six or seven such trees right here in Yakima.

Mr. Sindall is the proud owner of five of them. The trees are about 12 years of age and have been heavy bearers for the past seven or eight years. The fruit is somewhat like the pears of the Bartlett variety, but larger, and Mr. Sindall thinks of a superior quality.

The pears are entirely without core and have been used by Mr. Sindall and his neighbors largely for making preserves. The name of the seedless variety of pears is not known here and even Joe Brown was unable to enlighten Mr. Sindall as to the origin of these trees. They are supposed to have arrived with a shipment of Bartlett trees.

Another orchardist who has one if not more of the seedless pear trees is Mr. Coonse. Mr. Sindall is making inquiries in order to get more information regarding the trees and it is possible that he may try his hand at growing other orchards with this useful variety of fruit.—Yakima Republic.

EMBROIDERY HOOPS. The Best Covering is Tape an Inch Wide. If rings or embroidery hoops are used, they should be frequently re-wrapped. It is not unusual to see hoops in the hands of apparently dainty women so dirty they are a disgrace to her cleanliness, not to speak of the ruinously black lines they leave on the work.

The best covering for hoops is a very thin tape about an inch wide, wound so that one edge just barely laps over the other. As a whole lot of tape may be bought for a few cents, there is absolutely no excuse for dingy coverings. The silver rings in vogue several years ago are really not very practical. If wrapped they had much better be wood, and if unwrapped the inevitable tarnishing, unless the greatest care is exercised, will leave ugly stains on delicate materials.

The two parts of the embroidery hoops should fit so tightly that a certain amount of pressure must be exerted to fit them together after the work is spread on them. Fit the work smoothly over the lower ring before putting on the top. If there is the slightest wrinkle or the work sags the effect is much worse than if no hoops were used.

UNPROFITABLE DREAMS. He does not care for common things. Like doing simple chores. But how his fancy takes on wings. And with what ease it soars. As he sits by the kitchen stove. When daylight is near spent. And he tells how things would start to move. If he were president.

The barn needs shingling, since it leaks. With every shower of rain. For axle grease the wagon squeaks. And tons of hay have lain. Though half a dozen showers or so. The while his dreams are bent. On how the trusts would have to go. If he were president.

His fences from neglect are down. The cows are in his corn. He saw them, with an angry frown. And yet to making some repair. No thinking aid he lent. He's thankful all the rogues would fare. If he were president.

He started out to milk the cow. And met a neighbor with his plow. So sat right down to show. How evil are the times and what. The while his dreams are bent. On how the trusts would have to go. If he were president.

Here's where Price that's easy and Quality that's great are hunched for thirty days. \$14.75 and \$19.00 The Royal tailor, Chicago and New York, are making a great clean-up in fall and winter goods. The prices are so low on the grades offered that you can't afford to let the opportunity pass. Suit or overcoat—made for you—finely tailored—at a figure that probably will never be made again on the same class of goods and the same excellent tailoring. Come and see these patterns. We guarantee satisfaction. The TOGGERY "Tailors for You"
