

Its an Ill Wind that Blows Nobody Good

The people who own the building we occupy have decided not to build for the present, and have extended our lease, but we have a lot of WINTER GOODS THAT WE'VE GOT TO TURN INTO MONEY, and to do this we realize that we must SACRIFICE PROFITS, and we will offer inducements in Price and Quality, that people who know what goods are worth will appreciate.

In Dress Goods we are offering Special Low Price, also Overcoats and Suits for men and boys. Look at them, it won't cost anything to look and very little if you buy.

Furs must go. If you want a good fur we will make the price so low that you can't afford to delay buying. The stock is all new and reliable goods. Come in and see them.

Only four Misses' Coats left, two in Brown Beaver sizes 14 and 16 that are worth \$10 of anybody's money, will make them \$5.50 each. Two in Blue, sizes 10 and 12 that are worth \$7.35, take them for \$4.50.

In Dress goods we have cut the price to the bottom. Albetrosses worth 65c for 48c. One piece Gray Panama 56 inches wide, worth \$1.25 for 92c. Worsteds in Plaids for 24c and up.

R. B. Bragg & Co.

CORRESPONDENCE.

ODELL.

Rah! Rah! Rah!
B. B. B.
Apples or basket ball
Winners we
Yah! Yah! Yah!
Lentils or fat
We win goals
Bet on that.

The basket ball game Odell vs. Barrett played in Hood River Saturday, resulted in a score of 29 to 17 in favor of Odell and needless to say the boys came home jubilant and when the news had been told all Odell rejoiced with them. The boys are doing well and we are glad to say a word that may encourage them.

The following officers of Hazel Rebush Lodge, No. 150, I. O. O. F., for the ensuing term were installed Tuesday evening, Jan. 7, by P. N. G. Lillian Hibbard: Mrs. Mary Maaker, N. G.; Mrs. Annie Crosby, V. G.; Mrs. Bertha Foltz, Sec.; Mrs. Dora Boyd, Treas.

Last week H. Conaway bought of Mrs. Rowell Shelley the one acre tract upon which the warehouse stands. This gives Mr. Conaway a permanent location in Odell, the future possibilities of which may be seen at a glance, at a reasonable figure. Mr. and Mrs. Conaway are the sort of people who help up a community and we are very glad to note this indication of their intention to remain here.

A number of the Mt. Hood boys came down Thursday evening to talk basket ball with the Odell boys.

Margie Crockett has been quite sick but is reported improving.

A gentleman was looking about Odell last week collecting a list of land, prices, number of acres in apples and varieties on each tract. He said he had buyers and was looking for land for them.

Mrs. Tansy passed through Hood River one day last week. She was going to Sumpter, where she expects to remain with her sister until spring.

Alfred Wood, Clinton Wood and Elmer Lafferty came home Friday. They had been to Carlton on business and for a visit with Everett Lafferty at that place.

Paul Fuches has sold forty acres of his land in Odell to Mr. Zellar. This leaves Mr. Fuches twenty acres of the one hundred he originally purchased. Mr. and Mrs. Fuches are honest, industrious people and it is well that they have reserved sufficient land for an orchard and home here. We are pleased to note that D. W. and M. A. Zellar now have ranches near together and were moving onto them last week.

W. T. Hibbard, D. D. G. M., installed the following officers of Kemp Lodge No. 181, I. O. O. F., Saturday evening, January 11: J. R. Crosby, N. G.; C. R. Maaker, V. G.; Hugh Smith, Sec.; W. A. Lockman, Treas.

The L. A. S. of Odell will meet at the home of Mrs. Alice Poole this (Thursday) afternoon.

Charlie Pfinghaupt made a business visit to The Dalles and perhaps Waco, early in the week.

Gladwyn Davis has been sick. At last reports he was improving. Rheumatism was the disease from which he suffered.

Mr. and Mrs. Ferguson and little daughter, of Astoria, left Odell Monday, after having visited Mr. Hawthorne. Mr. Hawthorne is Mrs. Ferguson's brother.

Last week Wm. Kemp sold his Sunflower ranch. After selling this Mr. Kemp has sufficient land for a profitable orchard, as well as the tract on which his home is situated. A good C. E. meeting Sunday evening is the report. Ellen Shelley and Letta Bowman leaders. The new song books ordered some time ago are here and the singers will be busy learning new songs.

MOUNT HOOD.

We are getting settled down somewhat after the gettys of the holiday weeks. Those who participated in the social happenings enjoyed them to the fullest extent, and are therefore ready for a little rest, and a coming down to everyday affairs of life.

The school boys have organized a basket ball team with Harry Hood captain. They expect to prove a formidable foe to any team brave enough to try issues with them.

Mr. Hubbard went to Portland last week. While there he purchased books to be used by the pupils of his singing class. By the courtesy of the school board the singing class now meets at the school house, Wednesday and Saturday evenings.

Nov. Braustetter, of Pine Grove, held interesting services at Mt. Hood last Sunday, morning and evening. Mr. Hubbard sang a fine solo at the morning service. Mr. Braustetter comes again the fourth Sunday, Jan. 26.

Walter Gribble, M. Craft, E. Kirkpatrick and Howard McIlroy attended the Odd Fellows lodge at Odell last Saturday evening.

Ed Phirman and Ralph Doyle, of The Dalles, were at Mt. Hood last week looking up cattle on the mountain range.

Chester Walton left Sunday for The Dalles, where he expects to make final proof on his claim. From there he goes to Portland to visit relatives.

There was a meeting of the Development League last Saturday evening. The annual election of officers was held. The newly elected officers are:

T. H. Larwood, pres.; G. M. Wishart, vice pres.; Bert Laugille, sec. and treas. A meeting is called for next Saturday evening, at which the Neal Creek road is to be discussed. This is an important matter to Mt. Hood residents, and it is hoped there will be a full attendance.

The regular grange meeting occurs next Friday evening. The new officers, installed at the last meeting, begin work in their respective offices then.

D. R. Cooper and Will Edick returned last Friday from a short trip to The Dalles.

Mrs. Billings went to The Dalles last Monday on a visit to her daughter, Mrs. James T. Cooper.

MOSIER.

Earl Bailey and his brother-in-law, Mr. Camp, met with an accident last Tuesday evening which resulted in a runaway. While they were driving to their home west of town the horse became frightened at a train, and one of the horses went, which made the horse wobble. They upset the buggy, throwing both men out. Earl received a few small hurts. The horse ran for two miles before they stopped. The buggy was broken.

Ira and Ernest Evans went to The Dalles last Tuesday to attend the installation of the crowd in the Modern Woodman of America lodge. They report having had a splendid time.

Mr. and Mrs. Fred Evans and son returned from The Dalles Tuesday.

Dr. Tompkins, of Portland, was up the first of last week, looking for a tenant for his ranch. He finally succeeded in getting Elmer Coyle, who has already taken possession. Mr. and Mrs. Smith have gone to Portland. Dr. Tompkins expects to do some clearing on his farm this spring.

S. Brigg, one of our old bachelors, who has lived in our community for years, has sold his ranch to Mr. Steel-smith for \$2100. Mr. Briggs expects to move to the valley to live.

Miss Evelyn Hayes, accompanied by Essie Jones, went to The Dalles Friday and returned Sunday.

Mr. Chas. Davenport and son, Howard, of Portland, are here visiting Mrs. M. Davenport.

Chas. Bennett, who has been in Sherman county installing officers for the Odd Fellows lodge, returned home Sunday. He was accompanied by Will Wright.

The main street of Mosier is much improved now and if the weather permits we expect to have more good streets in a short time.

Amos Root went to The Dalles Monday to visit his daughter.

Sunday evening about seven o'clock Jack Crover heard some pounding at his boats by the river so he went down to see what the noise was. Arriving there he found nothing to be worth back to his house, when he found he had been robbed of \$238. He immediately got in his boat and started down stream, hoping to catch the robbers. When he got to most to Hood River he came across Mr. Thomas' boat with a pair of his oars in it. He came back home and told Mr. Thomas of the affair. Nothing has been heard further.

Miss Catherine Davenport went to Hood River Monday.

Messrs. Walls, of Portland, were here Sunday looking over our country.

Mr. Miller, of Kansas, was here Monday and bought a five acre tract of the Dunlins land.

Mr. Evans, of Troutdale, was here Tuesday looking at land and is very favorably impressed with this country.

DUKES VALLEY.

We are having some spring-like weather and it makes us old boys think of starting in on our spring work, but then we remember it is in the middle of January and we may have some winter yet.

There was quite a few from Dukes Valley that visited the Apple City last Saturday. Among them we noticed David Sautsbury, Thomas Broadwick, J. A. Knox, Mr. Sneliwood, E. T. Colts and Mr. and Mrs. J. O. Cameron.

Thomas Cameron has gone to Grants Pass to visit his brother, Mark Cameron.

Mr. Epping has quite a crew of young men grubbing on the D. D. Dodge place and they were living in A. E. Dodge's house. Some of them visited the city of Hood River before Xmas and got something that made them very happy and then they came back to Dukes Valley and A. T. says from the looks of the house and other things around there they undoubtedly had a time, as the windows were broken out, the fence chopped up, part of the barn is gone, his hay rack was chopped into and things looked pretty bad for the owner to look at.

Now of course the boys ought not to have done this, but let us voters take part of this blame and every one that voted for a license to sell liquor in our city is responsible to a certain extent for all that is done by men who do not intend to do right.

Of course it is too late now to mend this act but let us remember this when we are called upon to vote again.

Our school district voted a 15 mill tax to defray the running expenses of our school for the next year and to make some little improvements in our buildings.

Harry Whisler is visiting his brother, J. E. Whisler. Harry went to Indiana last spring with his parent's but Indiana was not large enough for a bold man who does not leave here.

Last week two of our Dukes Valleyites were camping up on Mt. Hood for an outing. As the hunting season has closed they only took their fishing tackle and I suppose a deck of cards to help pass the time. They report a good time and plenty of scenery and lots of experience. It was quite a change from sitting around the house and being bothered with the old women and kids, and the best after the wife had built the fire, they can see how what a home is and they will appreciate it more hereafter.

BELMONT.

Mrs. Potter has sold her place and will reside at Portland in the future.

Mr. Holmes and James Morganson have rented the residence of Sam Eby and expect to move soon.

Cottage prayer meeting is in progress here. It is held Monday, Wednesday and Friday of each week. Sigurd Nelson was ill last week but is now able to be in school again.

A nice program was rendered by Park Grange at their hall Friday evening. In spite of the bad weather there was quite a number present.

Presiding Elder Rev. W. Skipworth spoke to the people of Belmont Wednesday evening.

Harry Briggs, who has been ill at Cottage hospital for some time, is better and able to be out again.

Mrs. F. Merrill, who has been visiting relatives at Portland and in the valley, returned home Monday.

A surprise party was given at the home of Miss Nina Nohle Wednesday evening. A number of Belmont young folks were present and spent a very pleasant evening.

Miss Daisy Thomas, one of the Frankton school teachers, was quite ill last week, but was able to resume her duties Monday.

Mr. Rufus Smith, of Hatton, Wash., has been visiting his uncle, A. L. Kaufman, for a few days.

WHITE SALMON.

From the Enterprise.

Mr. and Mrs. James Cox, of Cook's addition are visiting relatives in Harri-son, Idaho, where they have two married daughters. Mrs. Arthur Cox is taking care of the home place during their absence.

The roof of W. B. Ward's house, at Snowden, took fire Sunday night about 10 o'clock, but was luckily extinguished in time and extinguished by the help of his neighbors. A few minutes more and the fire would have been beyond control.

The eighth grade of the public school are working hard these days

preparing for the coming mid-term examinations. The scholars have been at school house in the evenings during the past. They hope to pass in a number of studies at this time much easier for the remainder of the term.

The ladies of the Relief Corps will give a dinner at 25c per plate at the camp room to be given by the G. A. R. at 8 p. m. on Jan. 18th, at the Odd Fellows hall.

A literary program has been arranged for the afternoon, to take place immediately after dinner, which a large admittance will be made.

Our literary friend down by the White Salmon station again breaks into print this week, and as usual devotes most of his article to little knock against the place and against the Enterprise. This unfortunate individual evidently does not realize that the free advertising he is giving us does us more good than harm and that if any one is injured by his idle vapors it is himself and his own little burg. What are his intentions may be the result of the same, and we feel that the people of White Salmon should be just as in extending a vote of the same, this party for his efforts in our behalf.

Our school has started again after the vacation in full force. The school rooms are filled to their capacity. Seats are at a premium. The enrollment is increasing.

On Christmas day J. C. MacInnes, who was visiting in Portland, had the misfortune of breaking his leg while on his way to a hospital where he is preparing for the care of the leg. It was a most unfortunate accident for a holiday season.

It is a well known fact that the iron and steel manufacturing centers of the Pacific coast from Minnesota to Alaska, and from the Rocky mountains west, will be customers.

It may just as well be given to the public now as later that the steel trust and another combination of multi-millionaires engaged in the production of iron and steel are investigating different points on the Pacific coast with the idea of building another Pittsburg.

Don't worry about the present freight rate. The discovery of a large quantity of silica sand would make a low rate necessary—remember that the sand now comes from Minnesota. This is our opportunity. Send a sample to your nearest assayer to be sure you have the goods.

Free to Our Readers.

We take pleasure in announcing that we have arranged with the well known firm of E. C. DeWitt & Co., Chicago, Ill., for them to send our full box a week's trial, of their wonderful little Kidney and Bladder Pills to each reader and subscriber of this paper.

These pills are highly recommended and are an excellent preparation for all forms of Kidney and Bladder troubles. If you are suffering with lame back, backache, weak kidneys and inflammation of the bladder, send your name and address to E. C. DeWitt & Co., 203-205 LaSalle Ave., Chicago, Ill., and they will send you absolutely free a full box of their Kidney and Bladder pills, postpaid.

Be sure to take advantage of this offer promptly and don't fail to mention this paper when sending name and address.

A Run on Rat Traps.

Rat traps, or rather the absence of rats is the desired kind, are worrying health officers and property owners in the business part of Bel-lingham. The property owners, whose buildings are supposed to be infested with rats, must buy traps, and they must get a certain make, the wire cage variety, that is always set. These orders have been followed to a certain extent, but as only one business house in the city has carried these traps the officers have been accused of getting a business for the wire cage factory.

The cheaper traps, the kind that

Park Grange Installation.

This account of the doings at the Park last Friday evening is primarily for the benefit of the 150 who wanted to be there, but we're kept away by the storm or sickness and secondarily for the benefit of those who are interested in such a good time. They would like to enjoy it all over again by reading of it in the Glacier. As they, for the benefit of 1500 other subscribers, who like to keep in touch with the grange and the work they are undertaking for improvements in the valley. So here goes.

First, the lights began to light, the rain began to rain, then a fine faint hearted ones began to back water and the affair would not be postponed on their account. But at the hall, "all went merry as a marriage bell." The crowd began to crowd. Inspiring Officer Carroll began to crowd, and the fater began to crowd. I received in turn before the worth; I received in turn before the worth; I received in turn before the worth.

Well, about this time everybody jumped up to change their seats, so they could see the show, but before they could get seated again in the 30-partners began to importune for new members, and the blanks he gave to be filled with "fillers." After they had all joined, or had taken two weeks' time to do it, the master rapped for order and the literary program was promulgated.

This was arranged rather in a crooked fashion, beginning with songs and recitations by several of the little folks, short but sweet. Then a comedy male quartet. They did themselves

proud and so did the audience, cheering for an encore. Mae Summerville's reading and Mrs. Bateham's address were very good and well received. But Earl Eby's newspaper was a cracker-jack. The hills he made and points he brought out showed he had been jouncing on tacks or something. We ardently recommend him to any newspaper in need of an assistant editor. Maud Merrill, as a debater, takes the cake and overtook herself all over with glory. She covered the ground so completely that there was nothing for her opponents or even by colleagues to stand on. The finality was a "mixed quartet," which brought down the house, the "mixed" part being the colored girls fresh from Alabama. After the program the young people spent an hour in games.

The Total.

OFFER FOR DISCOVERY OF SILICA

Portland, Ore., Jan. 6, 1907.

To the Editor: You have printed articles at different times relative to the discovery of large bodies of silica sand, and the Oregon Development League desires to present \$100 to any reader of your paper or any citizen of Oregon, Washington, Idaho, Montana or California, who will find the sand to fill the requirements demanded by the Columbia Steel Works of this city, who have made this offer through the league.

We will take 100 tons each month of silica sand, 95 per cent pure silica and free from iron oxides, delivered at Portland at net to exceed 80 per ton, and we will pay \$100 in cash to the discoverer. Silica sand is now being shipped to Portland and other iron and steel manufacturing centers of the Pacific coast from Minnesota.

It has been frequently reported that large discovered quantities of pure silica have been discovered, and the community that "make good" in this instance has a greater source of revenue than gold or copper mines, lumber, mills, or factories of any kind, for a dependable quality of silica sand is found in quantities sufficient to supply the needs of all the iron works from the Gulf of California to Alaska, and from the Rocky mountains west, will be customers.

It may just as well be given to the public now as later that the steel trust and another combination of multi-millionaires engaged in the production of iron and steel are investigating different points on the Pacific coast with the idea of building another Pittsburg.

Don't worry about the present freight rate. The discovery of a large quantity of silica sand would make a low rate necessary—remember that the sand now comes from Minnesota. This is our opportunity. Send a sample to your nearest assayer to be sure you have the goods.

It Quiets the Cough

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the wear and tear of useless coughing. But it does more—it controls the inflammation, quiets the fever, soothes, heals. Ask your doctor about this.

The best kind of a testimonial—
"Sold for over sixty years."

SARSAPARILLA PILLS.
HAIR VIGOR.

We have no secrets! We publish the formulae of all our medicines.

Hasten recovery by keeping the bowels regular with Ayer's Pills.

Take a nip out of one hand every time one attempts to set them, are hard by the health inspector. To make matters worse the one store that handled the wire cages has sold its supply, and if the property owners are the orders of the health inspector, it is necessary for them to send out of the city to get the cages. As Seattle and other cities are suffering in the same way, traps of the required kind are exceedingly hard to get—Revelle.

Gov. Hughes Was a Candidate.

Governor Hughes' annual message recommends that book-making at racos be made a penal offense, favors a new banking law in accordance with the ideas of the banking commission, and the banking superintendent, urges increased power for the public service commission, advocates ballot reform and primary reform, and reports in regard to the conditions of the various departments of the state.

But the governor's annual message contains not a single reference to national affairs. There is not a word in it of indiscriminate attack upon the wicked corporations for their misdeeds, or of censure of the rich for their wealth, and there is no appeal in it for the labor vote.

What can be the matter with Gov. Hughes? We supposed that he was a candidate for the presidency.—Wall St. Journal.

KODOL For Dyspepsia and Indigestion is the result of a scientific combination of natural digestants with vegetable acids and contains the same juices found in a healthy stomach. It is the best remedy known today for dyspepsia, indigestion and all troubles arising from a disordered stomach. Take KODOL today. It is pleasant, prompt and thorough. Sold by Keir and Cass.
