SPRING SUITS

For The YOUNG MEN

Already have we on display the advanced styles for Spring 1908. Beautiful effects in the brown plaids and stripes. The Styles are great. Snap and ginger right up to the minute. Many are made in the now so popular pegtop trousers with cuff bottoms, strap and button

sleeve ornaments and all the other little details that go to make up the suit for the "nifty" boys. Others are more conservative, having less of the more pronounced effects but with a character that appeals to the well dressed man.
