Our "Question Box" column, edited by Sally Lee, is creating considerable interest among our readers and we invite the ladies to contribute new ideas or ask questions regarding affairs of the home and kitchen, and the same will be answered promptly by this competent authority.

Gov. Hughes' letter to the New York Republican Club in relation to his candidacy for the presidency is in refreshing contrast to the feverish and often demagogical self-seeking that characterizes present day politics. It recalls the early days of the republic when the office sought the man and not the man the office.

The water question seems to be settled for the time being by the vote at the special election held Monday. The people have decided that they do not want the present water system, but prefer to have it operated by the present company. In justice to the present company agitation of the matter should cease, so long as the company can supply the city's needs and when the growth of the city compels the bringing in of more water action should then be taken to supply it, and look well to the future.

The matter of street improvements is again receiving considerable attention and the council is disposed to do all in its power to make better and permanent streets. It is imperative that the main business streets of the city should be graded and macadamized or paved, and that the work be done this spring. Walks should be put down where they belong and a general dressing up of streets made. The rapid growth of the city has left it behind many cities of its size in regard to public improvements, but an extra effort should be made to better these conditions as fast as possible.

The Initiative and Referendum League is sending out circulars to all labor organizations for funds to help fight the case between the Pacific States Telephone Company and Multnomah county. The said company has refused to pay its taxes to the county on the ground that the law, which was passed by the initiative vote, is unconstitutional. It is said that the Home Company has paid its taxes to the county, but the Pacific States Company has refused to pay and is fighting to have the law declared unconstitutional. This case will be carried to the supreme court and is of peculiar interest to Hood River, as upon the decision of this question depends the constitutionality of the law creating Hood River county by the initiative.

High School Wins at Basket Ball

The Hood River high school basket ball team defeated The Dalles high school last Saturday night at The Dalles to the tune of 15 to 11. The game was rough and exciting from start to finish. Hood River took the lead from the first and outplayed the opposing team at all times. Many fouls were called on The Dalles for rough playing, while few were called on Hood River.

The second half was more exciting than the first and rough playing was indulged in more frequently. In the last few minutes of play The Dalles made three baskets in rapid succession, which brought them up a little closer, but they were unable to overcome the high school's lead. There were numerous disputes over decisions and, in fact, the game was more like foot ball than basket ball.

The teams lined up as follows:

Entertain at Cards and Dancing.

Dr. and Mrs. Howard Dumble, Mr. and Mrs. Charles Early and Mr. and Mrs. Allen Jayne entertained their friends at Odd Fellows hall Tuesday evening and it was one of the social events of the season, of which several have been given this winter. The hall was tastefully decorated and twenty-four tables at whist occupied the principal part of the evening, after which the guests repaired to the banquet room and were served with a dainty lunch. Beatty's orchestra furnished music and after lunch dancing was indulged in and a very pleasant evening was spent.

Golden Spike to be Driven Sunday.

From Captain Nelson, of the Simons, it is learned that the North Bank road will complete its track laying by Sunday. Work is being finished below the Cascades and the golden spike will be driven at Moffits Sunday. Captain Nelson is under the impression that a public demonstration will occur Sunday celebrating the event at Moffits, but said more would be learned concerning that by Friday of this week.—Chronicle.

Shows Big Gain.

The business of the White Salmon postoffice for January 1908, shows an increase of 48 per cent over the business of January, 1907. This comes very near proving our statement that the town doubled its population during the past year. We must go ahead now and make the other statement come true—that it will double in population during the next year.—Enterprise.

QUESTION BOX

Questions relating to the Kitchen or Home by our subscribers will be answered in this column. Address letters to Sally Lee, care Glacier, Hood River, Oregon

A teaspoonful of lemon juice to a quart of water will make rice very white and keep the grains separate when done.

To freshen stale bread and crackers, tie them in a paper sack and place them in a hot oven for a minute or two.

When you write on a souvenir postal card turn upside down. Then when the recipient hands the card to a friend to admire he may do so without reading or appearing to read the message.

In refinishing a flight of stairs, paint or varnish one-half of each tread at a time and the other side can be used during the drying process.

Now is the time to buy white goods for the coming year. Much can be saved at the February white sales and the silver bleached table linen and unbleached sheeting can be beautifully whitened by exposure to the "sugar snows," and spring rains.

If you would sit gracefully, said the physical culture teacher to her class, choose a chair the right heighth. A tall woman cannot help being ungraceful if the chair is too low. Then care must be taken in seating one's self that the skirt is not drawn too tightly over the knees.

The feet should not be thrust forward. Keep them just under the front round of the chair.

Sit upright. This does not mean stiffness, but it does mean to keep the spine straight, instead of curved.

Don't let the shoulders droop forward.

Don't cross the hands on lap in a "prunes and prism" fashion. Let them lie easily.

Don't thrust the head forward or hold it down unless you desire to cultivate the double chin habit.

Don't lean your face on your hands or support your head that way. It brings the elbows into prominence and makes angles instead of curves out of the lines of your figure. Moreover, it pushes up the flesh of the face and helps form lines.

Wood ashes are excellent for cleaning discolored nickel, copper and brass.

Lids to baking powder cans are useful to slip into kettles to keep the meat from sticking to the bottom.

Recipe Cream Chicken Salad.

One can French mushrooms, one breast of chicken, cut into small squares. Dressing: Two tablespoonfuls of butter, two tablespoonfuls of flour, one cup milk, half a pint of cream, a pinch of salt. Let cool, add the juice of one lemon, then mix altogether.

To Cook Cranberries.

One quart of berries, one cup of sugar, half cup water. Boil berries in the water, stirring all the time to crush them, then strain through a fruit press upon the sugar, add a little more water to the pulp and put through the strainer again. Stir to dissolve the sugar.

Eggless Chocolate Frosting.

One cup pulverized sugar, five tablespoonfuls milk, two squares of chocolate, one teaspoonful vanilla. Add a little butter, boil until mixture thickens, cool and spread on cake.

Doughnuts.

One cup granulated sugar and two eggs beaten together until light; one cup sour milk (not too sour), half teaspoonful soda in the sour milk, three teaspoonfuls melted butter (measure after melting), two teaspoonfuls baking powder.—(Kindness Mrs. J. H. C.)

Miss N. S. sent in some very good suggestions, but I am not having them printed, for we cannot have things in the paper that are taken directly from some other magazine and I hope that she will not lose hope but send in some more suggestions. We are glad to see that an interest is being taken among our readers and we only hope that we will get more questions to answer next week.

Made Final Proof.

Miss Nan Cooper came in on the local today from Mt. Hood postoffice to make final proof on her homestead. She has lived there continuously for the required time and has as witnesses Messrs. E Miller and Steele, of that locality.—Chronicle.

Mrs. Levi Chrisman Dead.

The sad news was borne to friends here this morning of the death of Mrs. Levi Chrisman at 6 o'clock last evening of pleuro pneumonia. The funeral will be held from the home on Monday at 2 o'clock in the afternoon. The services will be conducted by Rev. F. L. Cook, of the Christian church.—Chronicle.

Ezra Meeker Home.

Seattle, Wash., Feb. 17.—Ezra Meeker, who is home from his long journey with an ox team across the continent, says he believes congress will pass the bill to appropriate $50,000 to erect monuments on the old Oregon trail. "The President is in favor of the bill," he said, "and before I left Washington I convinced a number of house members of the merit of the measure."

Purchases Abstract Business.

J. M. Schmeltzer has purchased the abstract business of John Leland Henderson and will take charge of the business the first of March. Mr Schmeltzer has been connected with the office for several years and is well acquainted with the business and will keep the records absolutely correct and up to date. Mr. Henderson was in Portland attending to an assault and battery case, but it is understood he will continue his surveying and real estate business.

Mr. Schmeltzer is one of the rising young business men of the city and we congratulate him upon securing a business that will ultimately prove a lucrative one.

Edward Underwood.

Edward Underwood was born in Decatur county, Indiana, March 29, 1846, his parents moving the year of his birth to Iowa, where he resided until the year 1864, when he, with others, crossed the plains to the state of California. The year following, 1865, he came to Washington and had made this his continuous residence until the time of his death, February 15, 1908.

January 29 he was taken with a very severe attack of rheumatism. After suffering a few days from intense pain he recovered from this and his heart began to fail him, so steadily grew worse until on the 15th inst., his spirit returned to the God who gave it.

He leaves behind to mourn his loss a wife, six daughters and two sons. One daughter and one son have preceded him in death. He has two sisters and four brothers yet living.

While the relatives mourn the loss of a husband, father and brother, there is a large circle of friends who will miss a true-hearted friend and neighbor.

The funeral services were held at the residence Monday at 11 a. m., conducted by F. W. DeHart and S. E. Bartmess in charge of burial. Interment was made in the Underwood cemetery, a two and one-half acre tract donated by the deceased.

F. W. DeHart.

L. W. Grubbs made a trip to The Dalles Saturday.

F. C. Fleming made a trip to The Dalles the latter part of the week.

Mrs. F. H. Isenberg visited her husband at Cascade Locks over Sunday.

Miss Clara Chamberlain arrived Friday from Toppenish on a visit to her aunt, Mrs. John A. Wilson.

A good story is told on a prominent real estate man, the top of whose head is quite devoid of hair. His little girl is the possessor of a teddy bear, but wishing to change its appearance she scalped the top of its head, or the hair thereof, and said that now she had a "papa bear."

Thomas Brotherton, aged 55 years, was found dead in his cabin near Underwood on Saturday, February 15, and the body was prepared for burial and shipped to Portland Monday by J. E. Nichols. Mr. and Mrs. J. C. Mann, of Victoria, B. C., the latter a sister of the deceased, accompanied the remains to Portland. Mr. Brotherton was an uncle of Allen Campbell, who died at the Cottage Hospital a couple of months ago.

With Cupid as Chauffeur.

The road lies white beneath the light
Of a rising honeymoon,
And the rushing sound as the wheels spin round
Swings into an old love tune,
And every rut on the road of life
Is seen through a rosy blur,
But there's never a fear that the way's not clear
With Cupid as chauffeur.

And little they care if the neighbors stare
As they speed through the land of dreams,
While the old love light as a signal bright
Ahead on a highway gleams,
And there's never a hill of care so steep
But succumbs to the gentle stir
That is bound to start in a lover's heart
With Cupid as chauffeur.

So speed they may on their primrose way
To Arcadian lands afar.
May they travel fast till they step at last
In their wedding touring car.
And grant them this, oh, lad who feels
A love that is strong for her—
May the ride extend to the journey's end
With Cupid as chauffeur.
—Reynale Smith Pickering in Judge.

Hippophagy.

Hippophagy being in low water in these later days, somebody has set himself to show what an exceedingly respectable history attaches to the practice. Among the ancients, especially in China, eating horseflesh was general, and it was only killed in Europe by a papal decree of Gregory III., though why horseflesh should have been interdicted does not appear. It was only the famine caused by Napoleon's invasion that revived the practice in Germany, where it has survived ever since.—London Globe.

Good Fruit Land For Sale.

From ten to eighty acres of Willow Flat land. If you cannot buy eighty acres, you can buy ten acres. Get a start in Hood River and your fortune is assured. Buildings and improvements on part of the land. A county road through the center, on a direct route to Hood River or Mt. Hood, also a ditch across one corner, price per acre $75 and up. Don't wait. He who hesitates is lost. "There's a tide in the affairs of men which taken at the flood leads on to fortune: omitted, all the voyage of their life is bound in shallows and in miseries; we must take the current when it serves or lose our ventures."
