Bone probably raises as many hogs as all the others in the valley put together. Last season he fed over 100 head and has been supplying the local markets for some time with choice pork, fed on clean feed and topped off with corn of his own raising. Mr. Bone is enthusiastic over the pork proposition, as a crop to be raised while growing young trees. The pigs are run on clover during the summer, and after the corn matures are fed on the sprouts, planting it so that the corn and orchard can be cultivated two years. The pigs are run on clover during the summer, and after the corn matures are fed on the sprouts are fed on this cereal. He thinks that hogs in an orchard are a benefit to it, as they will not browse the trees, but go after anything in the shape of grubs or gophers working in the ground, while they stir up the ground to its benefit. He thinks that the pig is also a protection to the young trees from wind.

Joseph Carson, the president of the Alert Club, left this Thursday morning for Corvallis to attend the boys' convention and to take part in the session of the field sports Saturday afternoon on the O. The Baptist young people had a delightful Valentine social, at the home of Dr. and Mrs. Huxley, south of the city, last Thursday evening. Over forty availed themselves of the opportunity to ride out and spend the evening in games and social intercourse, after which a dainty lunch was served. About 88 was realized, which will be used in sending a delegate to the Y. P. S. C. E. state convention at Corvallis this week. Work was commenced this week putting the sidewalks on Oak street down to grade and it is expected that the work will be completed by the property owners along this street in two or three weeks. This work was contemplated being done last fall, but the scarcity of labor and the inadvisability of having the walks torn up during the heavy rains at that time caused the work to be put off until this spring. The work is being done on the terrace plan, which seems to be the most practical way of fixing sidewalk streets in the residence district. Owing to technical errors the bonds voted at the recent election have been declared void and a new election has been called by the school board for March 7 and notices have been posted to that effect. It appears that the board held the election under instructions from the district attorney, but when they offered the bonds for sale the bidders for them were not satisfied with the proceedings, claiming that they were not specific enough, and so another election has been ordered. The bonds were offered to the state at five per cent, but were refused the state officials claiming that they were not having any school money at the present time. A purchase order for them was found in Portland, however, at five per cent, and they will be taken as soon as they are voted in accordance with their requirements.
