

CORRESPONDENCE.

ODELL.

Henry Lewis, of Portland, has been visiting relatives in Willow Flat and Odell the past week.

F. E. Strang and family have gone to their new home near Medford, Ore. The best wishes of their many friends follow them.

T. Lacey is at work in charge of a force of men and a steam shovel getting out gravel for the Mt. Hood railroad people.

La grippe seems to have made its appearance about Odell. Many cases of more or less severity are reported in the majority of these the victim is decidedly sick for a few days and does not regain his usual strength or some two or more weeks.

A. P. Slade and Mrs. Jennie Benjamin were married Tuesday, February 18, and are at home on the Benjamin farm at Pine Grove. Their many friends wish for them a long, happy and prosperous life.

Dr. J. C. Warren, of Forest Grove, Minn., has been here for a visit with his nephews, Clarence and James Wilson, and niece, Emily Wilson. Dr. Warren left Odell Monday. He will visit F. E. Strang at his new home in Rogue River Valley and look over that portion of the country.

Mrs. Winnie Baird is visiting the family of L. D. Boyd. Mrs. Baird is a sister of Mrs. Boyd.

The well at Wm. Ehrck's after having been drilled to a depth of 125 feet, had to be abandoned as the drill struck and could not be recovered. The new well is at this time (Monday morning) down 25 feet. The plan is to drill to about the same depth as the first well, then shoot with dynamite with the hope thus to jar the rock about the first drill so that the owners may be able to remove their imprisoned instruments, those used for loosening and raising the drill having been lost in the attempt to remove it.

Mrs. Lantz's gasoline engine and pumping plant have been installed ready for operation.

J. H. Eggert shipped a car of wood via the Mt. Hood railroad Saturday. Last Tuesday about 5 or 5:30 p. m. we were started to hear that B. P. Young's house was on fire, but happily the fire was soon subdued. Mr. and Mrs. J. B. Crosby saw the fire and ran down to warn the occupants and to help in putting out the fire. The flames started in the roof around the pipe from a heating stove.

Marie Lockman and Gertrude Crosby went to Eugene last week to attend the State Christian Endeavor convention. They were delegates from Odell Christian Endeavor society.

Mr. and Mrs. Byron Rogers, of Rubicon, came Sunday for a few days' visit with Mrs. Rogers' parents, Mr. and Mrs. A. Wood.

The following incident illustrates the wide spread fame of Hood River: L. A. E. Clark received a sample copy of a paper addressed L. A. E. Clark, Hood River, Okla.; Mr. Clark also received a letter from Rolla, N. D., stating that the writer had been making inquiries about Hood River Valley and believed it to be the place for an ideal home. He contemplates investing here.

W. A. Lockman has received a letter from Hugh Smith, who recently removed to Iowa to reside in the future. Mr. Smith expresses himself as not at all satisfied with Iowa after having been a resident of Hood River Valley and wishes he were here.

We hear that Mrs. E. T. Folts and little daughter, Laura, returned home Saturday from Portland, where the little girl has been in a hospital for medical treatment. We are very glad the little girl has so far recovered as to be brought home.

One of the most interesting meetings is the report for last Sunday evening. Many good talks, a special

prayer all helped toward a good meeting. In the absence of the organist Elmer Laflerty kindly consented to set as such. Lurline Fisher and Ruth Clark leaders.

C. R. Masiker is at home in the house owned by F. E. Strang.

One of the most pleasant gatherings it has been my privilege to attend was that on Monday evening, February 23, when a called meeting of Hazel Rebekah Lodge was held in the hall at Odell. An official visit by Mrs. Emma Galloway, of McMinnville, the president of the Rebekah Association of Oregon, was the occasion for which the meeting was called.

Laurel Rebekah Lodge of Hood River had received invitations to visit the lodge at Odell at this time and fifteen members came out. Both lodges contributed to the refreshments of which there was a plentiful supply. By her gracious manner and evident understanding of the work she represents, Mrs. Galloway commands the love and respect of all with whom she meets.

She is now making a tour of the lodge of Eastern Oregon and if her plans are not unexpectedly interrupted this will require two months time.

E. T. Folts is preparing to remove to what place is so present uncertainty but likely in or near Hood River, at least for the present. We feel safe in predicting that Mr. Folts and his family will be residents of Odell at a time not far distant.

Mrs. Perry Bellon (nee Miss Lee Hood) came up last Monday on a visit to her parents, Mr. and Mrs. E. L. Hood.

UNDERWOOD. Myron S. Smith made a business trip to Portland Thursday, returning Saturday morning.

M. Thornton had a very sudden attack of la grippe Monday night and was very sick for a few days, but is reported much better at present.

Regular trains will be in operation by the 15th of March and a mail crane will be erected here prior to that time. We are to have two mails a day. Whether this crane will be permanent or temporary future we are unable to say, but are under the impression that Hood is to be the place.

Mrs. Haynes and daughter, Fannie, went to White Salmon on business Friday and called at C. D. Moore's for a short visit.

The latest in the way of business ventures is a matrimonial agency. Frank Thornton is president, manager and director, and is also one of the principals of the Badger Wood Co., of this place, so really needs no introduction.

C. H. Cromwell made a business trip to Portland Tuesday evening, returning Wednesday night.

Carter DeHart is improving slowly, having had a glandular swelling on the left side, which was lanced by Dr. Dumble a week ago.

The mumps seem to be coming our way. Several cases are reported at Luck creek. The last case reported to date is Johnny Clarkson.

Mr. Smith reports the club as having a very successful meeting Saturday and that they have about 50 new names enrolled as members. Among other business taken up by the club it was decided to take up advertising of our country through the medium of Better Fruit.

There is a crew of men on the railroad grade at work repairing the grade lately completed under the trestle and also trying to re-enforce the south wing of the concrete pier which is already crumpled open and looks as though it would collapse at any time, as did the north wing of the same pier.

Dan Sather returned to his ranch Thursday after having been away to Home Valley for some time.

M. M. Russell and D. McMain, two of Hood River's leading barbers, went down to Cook's last week to begin work on their ranch lately bought from the Oregon Lumber Co.

Wm. Orser has sent E. F. Beals' place for the season. Mr. Beals has a nice place. A nice young rancher of 120 trees just beginning to bear and his alfalfa is yielding four

A Doctor's Medicine

Ayer's Cherry Pectoral is not a simple cough syrup. It is a strong medicine, a doctor's medicine. It cures hard cases, severe and desperate cases, chronic cases of asthma, pleurisy, bronchitis, consumption. Ask your doctor about this.

The best kind of a testimonial— "Sold for over sixty years."

Made by J. C. Ayer Co., Lowell, Mass. Also Manufactured in Sarsaparilla Pills, Hair Vigor.

We have no secrets! We publish the formulae of all our medicines. You'll find Ayer's Pills at bedtime.

Mrs. Perry Bellon (nee Miss Lee Hood) came up last Monday on a visit to her parents, Mr. and Mrs. E. L. Hood.

and a respectable citizen. To place the responsibility of the articles in question where they belong, it is stated that R. A. Page has been furnishing the Bingen items for the Glacier for the month of February.—Ed. Glacier.

BARRETT. Mrs. W. C. Adams and Mrs. Lambert of Rockford avenue, were out driving with the new sorrel horse, Dan, attached to a brand new buggy and Dan is clothed with a brand new set of harness.

We have seven new Home phones on the avenue where formerly we had but three. There is no calling up central by two rings. Just take down the receiver and at once you have central. No tinkling of the bell all day, or can the inquisitive ones listen to your talk over the phone.

A. Bates, the genial salesman who represents Wadhams & Kerr Bros., of Portland, was a caller at the store on Friday of last week. At first sight of the very large grip the man brought we thought Mr. Bates had gone into the furniture business and had his samples with him, but we discovered later the grip was full of sample brooms, and they are dandies. Of course the Rockford man bought five dozen.

Mrs. J. J. Gibbons returned home from Portland on Friday of last week. Her niece accompanied her to stay a few weeks visiting with the Gibbons family.

His name is Ned. A dark brown horse, with a white star on forehead, left his bed and board on Tuesday night of last week. He is not seeking a divorce, but I think Ned would gladly return to his home if he knew the trail and I am sure that J. J. Gibbons would esteem it a favor if any person would inform him where old Ned can be found.

BINGEN. "On the Columbia." J. E. Reynolds made a business trip to The Dalles Wednesday.

Melvin Wetherell and father made The Dalles a visit Tuesday.

R. A. Page made a business trip to Home Valley the Arlington Wednesday and Thursday.

There have been several strangers in town this week looking for locations.

Another White Salmon man getting wise. Al Sheffield, the best blacksmith that ever calked a horse shoe, will occupy the new shop in Bingen as soon as it is completed and still more will follow.

We welcome any business man from White Salmon to our growing town of Bingen. Of course we know as soon as you come you will join the bunch of Bingen boosters and swear you never did knock.

Geo. Coleman is spending a few days in Portland. George likes to keep up with the ways of the world.

J. P. Larson has been looking the country over for a location for a butcher shop. He came down from Clatsop and fell in love with Bingen at first sight. He is a first-class butcher and we think he will do well to stop here.

R. H. Jenkins, assistant freight agent of the P. & S. R. R., was in town this week looking up some business. He speaks a good acid for Bingen.

G. W. Smith, of Lyle, who runs a big department store there and also owns 600 acres of hay land in Klickitat county, was in Bingen this week looking up a hay market.

Last Saturday at 5 o'clock the golden spike was driven that connected the P. & S. R. R. together and also connected Bingen and its prosperous surroundings to the outside world.

Bingen got no free ad. in the Enterprise this week. Everything is very quiet along the skunkish line. The air was rather blue around Bingen the last few days, but it was the same old hot air we heard all summer—nothing to it.

(Several articles have appeared in the Bingen correspondence of late which have given offense to W. W. Swan and others, for which the Glacier makes apology, as we have no intention of injuring any one, and Mr. Swan in particular bears the best of reputations as a man of fair dealing

Dr. B. E. Wright came up from Portland on Monday of this week to look after his interest in his farm and make some arrangements for clearing some more of his land. The doctor is going to purchase a stump puller.

H. Conaway, the merchant from the Little White Store, made a very pleasant call at the Rockford on Monday in company with the Mason & Herman trawler.

Will Davis starts out on Tuesday of this week with a force of twenty Greeks to dig the ditch on the district.

Mrs. E. Brayford sent up five Plymouth Rock chickens on Wednesday to the Dalles poultry show and she is looking forward to capturing the silver cup and some specials.

CRAPPER. Miss David y, of Portland, is visiting with Mr. and Mrs. Wilcox on the Simons run.

Mr. and Mrs. Craft, recently from Pennsylvania, are making their home at the present time with Mrs. Craft's brother, Joe Hall.

Orville Moore and Miss Susie Kelley were married February 19.

L. H. Arneson, of The Dalles, has a force of 15 Greeks at work clearing land on his Crapper ranch.

Charlie and John Stranahan packed apples for P. H. Martin on Tuesday of this week.

Victor, the small son of Mr. and Mrs. Frank Fosberg, met with a very serious accident on last Saturday afternoon. He fell from a tree and broke both of his arms below the elbows and it is feared that he has sustained serious internal injuries. He was taken to the hospital at Hood River on Sunday morning.

The chicken pox is quite prevalent among the young Crappers at this time.

Ben Eadleman, our road supervisor, is doing some excellent work on the roads in this district.

The Crapper school celebrated Washington's and Lincoln's birthdays on Friday afternoon. They rendered a program that reflected great credit to both teachers and pupils. When it

comes to getting up and carrying out a program the Misses Vannett and Burns are certainly equal to the occasion.
