WATER MEETING MONDAY NIGHT

A public meeting of the citizens of Hood River, held in the Commercial Club rooms in the evening of Monday, the 24 day of March, 1908. It was presided over by the following resolution being adopted:

Resolved, That it is the sentiment of this meeting that the city council be recommended to make as short a time contract as is possible and not to exceed a term of five years for the Hood River Electric Light, Power and Water Company for a system of fire protection, including some by-laws for the addition of water to be figured at the price of plant at such time as the city may deem it advisable to purchase same.

The purpose of this resolution being to enable the city to bring a water supply from any other source deemed advisable at any time and not to be debarr'd from so doing on account of a contract that might be entered into between the city council and the Hood River Electric Light, Power and Water Company.

A vote on the above motion was taken, the result being 23 for and 22 against the addition of water to be figured at the price of plant at such time as the city may deem it advisable to purchase same.

The purpose of this resolution being to enable the city to bring a water supply from any other source deemed advisable at any time and not to be debarr'd from so doing on account of a contract that might be entered into between the city council and the Hood River Electric Light, Power and Water Company.
