A Republican ticket composed of Cannon and Fort would no doubt be heard from.

We are in receipt of a copy of the Congressional Directory of the Sixtieth Congress, first session, from Hon. W. R. Ellis.

The other day a New York woman dropped eleven stories in an elevator and injured a wrist. Had she stumbled over her husband's shoes she would probably have broken her neck.

The Lynn, Mass., hen that recently laid an egg containing a quarter undoubtedly did it to confound the folks who have been insisting that there is no money in chickens.

Gov. Hughes is reported to have Welsh, Irish, Scotch, English and Dutch blood in his veins. But, best of all, he has good American brain in his head.

Timothy Brownhill has sold the Gresham Herald to H. A. Darnall. Mr. Brownhill has made the paper one of the best in the state and has left a good will for his successor that is a valuable consideration.

The Portland Commercial Club has decided to move into its new home May 1. This building is an eight-story steel, covering a quarter block and when completed will cost to exceed $500,000 and be the most complete equipment owned by a popular commercial body in the United States.

"A newly-shaven skin is an open door for germs," says an English physician, which leads the Richmond News-Leader to wonder "what in thunder is a man to do," in view of the fact that whiskers breed germs. He should go his way unmindful of many things the germ experts say, and let the bugs fight it out among themselves.

Statement No. 1 is losing its popularity among Republicans, and but few candidates for the legislature on the Republican ticket are subscribing to it. It is a little too much to ask a Republican to go to Salem to vote for a Democrat, although the latter may receive enough votes to entitle him to be considered. Very few, however, are objecting to the modified statement, but are willing to vote for the Republican candidate receiving the highest number of votes.

We suppose the county of Hood River is as good as made. We are glad of it. Those chaps down the creek always get what they go out after, and they would have given us no rest until they got "shet" of The Dalles. And we must say we admire their perseverence and tenacity of purpose, and hope their new county may run as smooth as grease. We also believe the split will leave no sore spots, and that we will all continue to be friends. That is the way The Optimist feels, and we believe we voice the sentiment of this entire community.—Optimist.

April 1 is the date on which the new ruling of the postoffice department goes into effect, and after that date newspapers will not be allowed to go through the mails at second class rates the subscriptions of which are more than a year in arrears. We hope our subscribers will understand this ruling, and also that we have no option in the matter, but must discontinue all papers which are not paid up. The ruling contemplates that all subscriptions must be paid for in advance, except that a reasonable time will be allowed after expiration to renew, or the paper must be discontinued. We have sent statements to all subscribers who have allowed their subscriptions to lapse, and while most of them have responded there are a few who we hope will pay our collector when he calls or send in remittance if not called on.

Fashion Notes.

"Fashions are changing," says Grace Margaret Gould, the fashion editor, in the April Woman's Home Companion. "The new idea emphasizes the simple, classic forms of dress. Paris is looking to ancient Greece for her inspiration. Surely that is stepping back a bit. Nevertheless, the new gowns are extremely artistic, even though it will be hard to make them appeal to the practical, economical American woman. They are characterized by graceful, clinging lines, and generally are one-piece models.

"The princess dress is a good illustration of the modified Greek effect. It is made of one of the rough silks, which are so fashionable this season, and in a shade which suggests bronze as the coloring. The gown would also look well developed in olive silk voile.

"In making the costume, the short-waisted bodice is mounted on a fitted guimpe, which may be of filet net or all-over lace, dyed to match the color of the fabric. The bodice is made with two plaits on the shoulders, back and front, and it is cut round at the neck and has a large armhole, though not in the extreme Japanese effect. Rounded revers, which extend over the guimpe, give a touch of novelty. They may be in the same shade as the gown or a tint lighter.

"The graceful Empire skirt is gored and extends above the waist line, where it is also mounted on the guimpe. The skirt is attached to the lower edge of the bodice. Where the joining occurs a band of the material is applied, or a piping of satin, or an embroidered band may be used. The skirt has a demi-train and at the back falls in a triple box plait.

"A gown of this sort made of soft black satin would be extremely beautiful using cream net for the guimpe and darning it in dull art shades of silk floss."

THE CONTEST IS LAUNCHED

The contest for queen of the Hood River float at the Rose Carnival at Portland in June is on. There are six contestants in the race and have been started off this week with a good showing. Now is the time for the boys to get busy and boost their favorite. It will be an honor to be proud of to be queen in the greatest carnival ever created in the Pacific coast, if not in the country, and is well worth the effort.

The following is the vote up to yesterday noon:

Zula Fowler	125
Lela Hershner	75
Nettie Allen	70
Irma McReynolds	39
Ila Smith	32
Emma Gibbons	10

The Dalles Wins.

The bowling match was a very enjoyable affair at the club alleys last Saturday night when two teams came from Hood River to match forces with the "Marrieds" and "Singles" of the Commercial Club. The teams did not arrive from Hood River until late that evening, but when they arrived the contest began in a lively way that was enjoyed by bowlers and spectators.

Those bowling from the neighboring city to the west and their scores were:

Curran, 114; Wright, 122; Hicks, 118; Nichols, 148; Castner, 143; Aldred, 108; Esson, 98; Derby, 123; Vogt, 163; Markham, 96; Richardson, 121; Ross, 127. Total, 1483.

From The Dalles: Jones, 147; Frank, 148; Houghton, 160; Stadelman, 120; Finley, 149; Kurtz, 177; Costes, 124; Burget, 137; Filloon, 145; Sinnott, 134; Taylor, 139; Groebler, 112. Total, 1692.

The totals show that the hosts won over their guests by 209 pins. After the game was ended a banquet was served at the Oregon bakery. Dr. Esson, of Hood River, acted as toastmaster and kept everyone in a joyous mood all the way through. The evening was enjoyed and the guests made to feel that they were at home. A return game will be played at Hood River soon.—Chronicle.

Newport Forms Commercial Club.

Newport—The citizens of Newport, realizing the importance of more extensive advertising of the beauties and advantages of their city and vicinity, have organized the Newport Commercial Club, with S. G. Irvin president; H. F. Jenkins, secretary.

Arbor Day Comes April 13.

Salem—Arbor Day occurs in Oregon this year on April 13 and it will probably be observed this year more generally than ever before, notwithstanding the pupils and teachers of many schools have anticipated the occasion to a large extent by planting roses in the winter.

Boy Run Over by Loaded Wagon.

North Powder—Herschal, the 6-year-old son of Ed Ledbetter, while trying to climb into a moving wagon, fell and was crushed under the wheels of the loaded vehicle. He was taken to the hospital at Hot Lake, where his mother has been hovering between life and death the past month.

Burglars at Work at Drain.

Drain—Burglars cracked the safe in the postoffice here Saturday night and got away with about $150. Of this amount, $92.77 was postal and money order funds, the balance belonged to Postmaster Hasard, a portion of which was lodge money. There is no clew as to who committed the crime, but suspicion points to a couple of hoboes.

Notify Saloons to Obey Law.

Rainier—The saloonmen of Rainier were visited last week by Mayor Thomas E. Hughes and Councilmen J. L. Bell and W. C. Fry and given to understand that the newly-elected council would expect them to follow the law to the letter. They were especially charged as to keeping women out of their places of business.

Corvallis Preparing for Stock Show.

Corvallis—Great preparations are being made at Corvallis for the second annual livestock show to be held here May 15 and 16. The grounds known as Mary's River flat have been secured. A temporary grandstand is to be built for the public, and tents will be put up for stables for all stock on the ground. Stockmen are preparing for a big exhibit.

Logger Drowns in Long Tom River.

Eugene—Thomas Evans, a married man, aged about 40 years, was drowned in the Long Tom river, near Elmira, 15 miles west of Eugene. He was on a log drive going down the river for the Elmira Lumber Company's mill at Elmira, when he slipped off a log into deep water, and before his fellow workmen could reach him sank. He leaves a wife and several children, and stood well in his community.

Buys Machinery for Paper Mill.

Milwaukee, Wis., March 23.—W. P. Hawley, representative of the capitalists who are to build a paper mill on the east side of Willamette Falls, at Oregon City, Ore., has just purchased machinery for the plant, which is to occupy the present site of the Portland Flouring Mills Company at Oregon City. Mr. Hawley up to a year ago was general manager of the Crown-Columbia Pulp & Paper Company at Oregon City.

ADDITIONAL LOCAL.

R. Smith came up from Portland Tuesday for the day.

Mrs. Wallace Husbands, of Mosier, was in the city Monday.

W. L. Upson and wife left for Portland yesterday afternoon.

Geo. Chamberlain was over from Mosier the latter part of the week.

MILLINERY 2nd FLOOR
This Department is very busy these Days. Call early and select your Hat while the stock is complete.

The Paris Fair
The Store that Saves You Money

We Carry a Complete Line of

LOW CUT SHOES for Men & Boys
In all the newest lasts in Vici, Kid, Patent Leather, Gun Metal, Golden Brown, Russian Calf and Kid. All sizes.

G. W. Wilcox was up from Ione, Ore., the first of the week on business.

Alex Stewart came down from Mosier Saturday afternoon, returning in the evening.

Rev. G. W. Kennedy arrived yesterday from Dufur to spend a couple of days in the city.

A new drinking fountain has been put in at the depot, which will be a great convenience to patrons.

Miss Moore, of Bellville, Mont., has been visiting friends in the city for a few days and left for Portland yesterday afternoon.

John Cook went to Portland yesterday to visit his wife, who is recovering, having left the hospital and is now at the home of her daughter.

Jas. McBain is putting in the foundation for the new drinking fountain this week at the Jackson corner on Oak street and it will be installed forthwith.

W. E. Sherman and Dr. Shaw went to Portland yesterday to bring back two new Cadillac autos, which will be added to the horseless roadsters now in the valley.

L. C. Stanley, of Chippewa Falls, Wis., is visiting his son, F. C. Stanley, of Portland, and spent a couple of days in Hood River the first of the week, the guest of E. O. Blanchar.

The Woman's Club will meet on Wednesday afternoon, April 1, at the Unitarian church. Answer to roll call will be quotations from Eugene Field.

Among the Portland people in Hood River over Sunday were: Madame P. H. Carroll and Phillip Carroll; Mr. and Mrs. Herbert E. Judge, Louis Bruce, Frank Chandler, Arthur P. Tifft, Prof. Robt. Krohn, Mr. and Mrs. Watt and Mrs. Marion MacRae.

The revival meetings at the Christian church continue with good interest and attendance, due both to the pleasant and lucid presentation of the subjects by Evangelist Jackson and to the special songs which this week are illustrated by Rev. F. L. Ford by the use of the stereopticon. The meetings will continue indefinitely and all who attend are always welcomed in a most cordial manner.

W. S. U'Ren addressed the people of Hood River at the opera house Tuesday evening and spoke on State ment No. 1. Owing to the short notice given to Mr. U'Ren's appearance here and the stormy night there was but a small audience, but he was listented to with attention by Republicans and Democrats alike, who were there mostly for information on the subject. He endorsed H. M Cake for the U. S. senate and his campaign is partly in the interest of Mr. Cake.

The LeRoy Gesner concert at the opera house Friday evening was well attended, and like the former occasion of Mr. Gesner's appearance here, was thoroughly enjoyed. Since his first visit Mr. Gesner has completed his studies with the great masters of Europe and there was a noticeable improvement in his mastery of the violin even to the ordinary music lover. Miss Byrd's execution on the piano was perfect and, while the selections were of the difficult classical kind, yet they were appreciated by the audience, and especially those who more thoroughly understood them. Mrs. Sletten was a favorite, not only because she lives in Hood River, but she received the recognition of the true artist. It was a musical treat all through.

Will Sausser, of Frankton, the son of Lou Sausser, developed insanity on Saturday, and gradually grew worse until yesterday morning, when he became so violent that it was necessary to bind him to keep him from doing violence. He was brought to the city, placed on board the morning train and taken before Judge Lake, who committed him to the asylum. It required several men to hold him. The young man is about twenty years old and never manifested any signs of insanity before, and was a favorite in the community. His particular hallucination is taking a religious turn, he imagining himself invested with supernatural powers. Of a religious disposition, he was a constant attendant at the revival meetings at Belmont and it is thought this has tened the trouble.

Ph. C. Young is installing the new refrigerator plant in his meat market, which will make that market one of the finest outside of Portland. A long cold storage room has been fitted up at one side of the shop and a track will be run out to the sidewalk, where a side of beef can be run from the wagon direct into the cooler. A switch inside the shop will enable them to transfer from the cooler to the refrigerator without lifting off the hooks. Pipes have been installed in the ice department of the large refrigerator, so that the box can be kept at any temperature desired. A glass counter will be put in, with the cooling pipes inside, and the meat will be in full view, although inside the chilled receptacle, keeping the meat free from dust or dirt, flies and the heated atmosphere of summer weather. The plant is new and of the latest pattern, being air cooled instead of water cooled, as in the large or old systems. The improvement will be appreciated by the many patrons.

Notice.

My office in the Smith block will open only on Saturdays until June 1. Money to loan on farm security.
George T. Prather.

The Men's Institute.

The Men's Institute met at the home of Dr. Lathrop on Wednesday, March 18, for the purpose of adopting by laws and constitution to govern the organization. The object of this institute is to elevate mankind morally, spiritually, intellectually, socially and physically. Its officers provided a program to entertain some 40 to 50 men and they had a stirring time.

The president, Dr. Edmunds, thought he would not be able to continue the work, but has now been able to let loose on some of the other work. He appreciates the great importance of this organization to Hood River men and now with a membership growing as it is great things should be accomplished and he will continue to be president.

He invites all men to join the institute. Next regular meeting will be April 6, when a big program will be placed before its members.

Sunday afternoon meetings for men only are being considered. A library and reading room is also under consideration.

Debate Statement No. 1.

Hood River, Ore., March 23.
Editor Glacier:—

At the last regular meeting of Pine Grove Grange No. 356 we, as their committee, were instructed to tender the free use of our large and commodious hall to any public speaker who desires to defend or oppose statement No. 1. We might add that we have the finest hall in the valley, well lighted with electric lights and guarantee a packed house on either side of this question. We prefer to have a joint discussion. If this is not satisfactory we will give separate nights.

If any of our public speakers, office seekers or their representatives who are sincere advocates of either side of this question desire to avail themselves of this opportunity and will write us we will be pleased to arrange satisfactory dates.

SIMPLE WASH CURES ECZEMA
Itching, Burning Skin Disease Routed Without Use o Injurious Drugs

Great inventors often have been praised for surrendering the secrets of their discoveries. Practically the same thing happened in the medical world in the case of Dr. Decatur D. Dennis, the eminent skin specialist of Chicago.

Dr. Dennis, in his own office practice, discovered that pure vegetable oil of wintergreen, properly mixed with other simple remedies was practically a sure specific for Eczema, psoriasis, barber's itch, salt rheum, and other itching skin diseases. But the oil of wintergreen alone was found ineffective. It required other mild ingredients such as glycerine and thymol compounded with the wintergreen to produce the real eczema cure.

This compounded D. D. D. Prescription positively takes away the itch at once—the instant it is applied to the skin. This vegetable liquid does away with deleterious drugs so long used in an attempt to doctor the blood, whereas modern science has determined that eczema is first and all the time a skin disease.

If you want to know more about the merits of D. D. D. Prescription, call at our store. We vouch for this remedy.
Keir & Cass, Druggists.

The Churches.

Methodist Episcopal Church—A. H. Lathrop, pastor. Public service at 11 a. m. and 7:30 p. m. Sunday school 10 a. m. Epworth League at 6:30 p. m. Prayer meeting on Thursday evening. All cordially invited.
