The Glacier office received a visit from Hon. Albert Tozier, of Salem, sometime between Saturday night and Monday morning, as we found his card on the doorstep, said card being covered with a note, with the name written on it in boldface script. Call again, Brother Tozier. Hugh Smith and family returned the first of the week from Iona and have concluded that Hood River is the best place to live. Mr. Smith went out on a fall, intending to make his home in that country, but after a few months decided to return. A very pleasant time was spent last Saturday afternoon at the home of Mrs. Henry McGuire when she entertained fifteen small children in honor of her son's fifth birthday. Games were played and a very dainty luncheon was served grown up style. The children went home tired but happy. The automatic fire escape was tried Friday afternoon, amid a crowd of spectators. Mr. Turner climbed up a ladder into the tree in front of Sherman Young's and had the rope fastened around him, and by the aid of the attached pulleys was able to descend easily without mishap. This new fire escape is being used with great success and the chief advantage is that it can be easily carried in one's pocket. A very interesting meeting of the Mothers' Club was held last Friday afternoon at the high school. In the absence of the president, Mrs. Yates, Mrs. Orr was elected chairman and presided very efficiently. After the reading of the minutes, Miss Radford rendered very beautifully a violin selection, "Simple Aveu," which was followed by roll call Mrs. Nutley read an excellent paper, which was as follows: Easter services will be held by the Baptist Sunday school next Sunday morning at 10:30 promptly. This is to be followed by the usual service at 11 o'clock with a sermon by the pastor on "The Resurrection," and appropriate Easter music. In the evening the pastor will speak on the subject, "Why Keep Sunday Different from any other Day." The public is cordially invited to attend these services. A visit to the Lincoln school in Santa Barbara, Calif., three years ago revealed conditions as nearly what they ought not to be as it is possible to find in any public school in this country--rough, weed grown grounds, dilapidated buildings, dirty and disfigured furniture, much of it refuse, hauled from the other buildings of the city, a very high record of tardiness and a very low average of attendance; disorder, quarrelsome and viciousness, and an almost entire lack of anything that might be called a wholesome and proper school spirit.

Coe is building an addition to the Cottage hospital for an operating room. The last porch being enclosed for that purpose. The directors of the hospital are having the veranda at the back of the hospital on the second floor enclosed, adding greatly to the room there. The Artisan hall is being remodeled and fitted up into flats for residence purposes. J. M. Wright has the contract. The Artisan lodge will hold their meetings hereafter in the K. of P. hall. W. E. Godsey was up from Portland last week. Although Mr. Godsey still owns his residence on the hill, he has not been in Hood River in over two years and was surprised at the improvement made since that time. The New England dinner and apron sale held at the home of Mrs. Cowley yesterday was a great success. The Ladies' Aid of the Ladies' Aid Society are certainly experts in the line of getting up good dinners. What might have been a disastrous fire took place last Saturday evening, when the bridge about two and one-half miles east of here, started to burn. A rushing tramp stopped and put it out, thus saving it from burning entirely. Notwithstanding the fact that flowers are plentiful in Hood River, the hyacinth beds of Messrs. Richmond, Sheets and Ombank, on the hill, were robbed of nearly all the flowers the latter part of the week by some malicious party. Miss Margaret Shelley, of Portland, will hold an eloquent entertainment at the Pine Grove M. E. church Friday evening, April 17, under the auspices of the Ladies' Aid Society. A fine musical program will be rendered. Admission--Adults, 25 cents; children, free. Postmaster Yates announces that carrier on R. F. D. No. 1 will resume his regular route next Saturday. Yesterday he had 1170 letters for his patrons, while Carrier No. 2 had 700. The mail on both routes is assuming such heavy proportions that an additional route will probably be established very soon. D. J. Treiber, the contractor who is putting up the temporary bridge, said yesterday that he expected to have the bridge ready for public use some time today, or tomorrow at the latest. Mr. Treiber deserves great credit for pushing the bridge to an early completion, and so far there has been no mishap of any kind. A. O. Anderson, of Hillsboro, N. D., who has been here with his wife for several weeks, has purchased the Frazer place of twenty acres on the west side and left for home Tuesday. Mr. Anderson will dispose of his property interests in North Dakota before taking up his residence in Hood River. It will be a good thing more ways than one when the new bridge is in. Last Monday three Indians started to cross the railroad bridge and not being educated up on the telephone system did not see that the train was in the block and before they got half way across the train was at the east end of the bridge. The engineer knew his danger while and at last the frightened Indians landed safely on this side.
