Call Japan to Account. Washington, April 13.—The attack on Consul-General Straight and the servants of the American Consulate, at Mukdeba, by Japanese rowdies led by a postman has stirred the Administration to action. It is regarded as a much more serious affair than appears upon the surface, and prompt action will undoubtedly be taken to obtain the reparation that Japan has so far refused.

**STATEMENT No. 1 LACKS MAJORITY**  
**CAKE LEADS IN STATE BY 2,500**  
Ellis is Safe For Congress Defeating Both Geer and Shepard by 2500 Derby Probably Loses.  
Portland, Ore., April 20.—A majority of the Republican candidates nominated for the Oregon Legislature last Friday ran on anti-statement No. 1 platforms; but because of nine of ten hold-over Senators, the Statement forces will control the State Senate by election of the new Republican nominees for that body. In the House the Statement forces will lack six of a majority should they elect all their Republican nominees. In joint assembly they will lack three of a majority, should Senator Kay, who is conditionally pledged to the June election choice for United States Senator, act with the Statement forces. If he should refuse to vote for a Democratic United States Senator, in case he won in June, the Statement men would lack four of a majority. The hold-over Senators pledged to Statement No. 1 are nine in number, including Senator Kay, ten. These, together with the eight Statement candidates nominated for the Senate, give the Statement ranks 18 members out of the 30, or two more than a majority. The Statement candidates nominated for the House number 25, and the seats in that body number 60. It thus appears that out of the 75 Republicans nominated for the Legislature, 33 are pledged to the June election choice for United States Senator, and that should all the Statement candidates be elected, the number, increased with ten hold-over, will give the Statement ranks 43 out of 90 seats in the Legislature. The election of four or five Democratic legislators in addition to all the Statement No. 1 Republican nominees would give the Legislature to the control of the Statement No. 1 forces. H. M. Cake has defeated Charles W. Fulton for the Republican nomination for United States Senator by a majority of approximately 2,250 votes. Mr. Cake has carried Baker, Clackamas, Columbia, Douglas, Jackson, Lake, Linn, Marion, Multnomah, Umatilla, Union, Wallowa, Wasco, Washington and Yamhill Counties, a total of 15, while Mr. Fulton has been successful in Benton, Clatsop, Coos, Crook, Gilliam, Grant, Josephine, Klamath, Lane, Malheur, Morrow, Polk, Sherman and Tillamook counties, a total of 14. In several of these counties, however, the result is quite close and it may make the official count to show which candidate has prevailed. It is probable that Fulton will carry Curry and Harney and possibly Wheeler. Lincoln is general conceded to Mr. Cake. The majority for Mr. Cake in Multnomah County is 2,017, a decrease from the promise of the first returns. The following candidates on the Republican ticket were successful at Friday's primary election: United States Senator—H. M. Cake. Representative in Congress—First District, W. C. Hawley; Second District, W. R. Ellis. State Food and Dairy Commissioner—J. W. Bailey. Supreme Judge—R. S. Bean. Railroad Commissioners—First District, Thomas Campbell; Second District, C. B. Atchison. The Democratic nominees are: United States Senator—George E. Chamberlain. Representative in Congress—John A. Jeffrey. Lulu Goode Acquitted of Assault. Salem—Lulu Goode and her associates, who horsewhipped the presiding elder of the Free Methodist Church here about two weeks ago, have been acquitted of the charge of disturbing a religious meeting. The evidence showed that the meeting had adjourned before the disturbance took place. Last week a warrant was sworn out for the arrest of Jasper Goode upon the charge of assault and battery alleged to have been committed upon Rev. D. W. Cooke, Rev. W. N. Coffee and Rev. J. F. Lewis, on April 4, the date of the horsewhipping. Another warrant was sworn out for the arrest of Lulu Goode on the charge of assault and battery committed upon Mrs. Roper, wife of the pastor of the church. SHAW WANTS TO BE RELEASED. Lawyers Will Apply for Habeas Corpus Writ, Denying He is Insane. Poughkeepsie, N. J., April 21.—The first step toward the release of Harry K. Thaw from the Matteawan Asylum for the Insane was taken today. James G. Graham, of Newburgh, of Thaw's counsel, made application to Justice Morschauer, at

White Plains, for an order directing the superintendent of the asylum to permit Thaw to sign a formal application for a writ of habeas corpus. The order was granted, and when Thaw has made the application he will probably be brought before a Justice for a hearing to determine whether or not he is sane. The Astoria Chamber of Commerce has made arrangements for the charter of a steamer to take the members and their families on an excursion outside the bar to greet the American battleship fleet as it passes the mouth of the Columbia. Governor George E. Chamberlain will begin an active and aggressive campaign for popular endorsement for United States Senator at once. Whether it will be a stump-speaking campaign or a still hunt will depend largely upon the sort of campaign the Republican candidate will put up. The low prices that have ruled in the hop market for the last few years have not caused many Oregon hop growers to go out of business. Perhaps 2,500 or 3,000 acres have been plowed up in the entire state, but enough yards are left, under favorable conditions, to produce a crop a large, if not larger, than that of 1907. Co-operation in road building is an experiment now to be tried near Weston. The farmers, the county of Umatilla and the town of Weston will join interests in making three miles or roadway leading from Weston to Wildhorse creek. O. R. & N. Detective Wood has arrested two more box-car thieves at Umatilla and brought them to Pendleton and landed them in jail. They were caught in the act of rifling a box-car, and when arrested had in their possession 3,000 cigars. Crime Was Caused by Jealousy. Marshfield—An insane jealousy created by a mad love for the girl who would not marry him on his demand was shown before the Coroner's jury on Friday as being the only motive which prompted John Grilla, aged 21 years, to murder Miss Ora Roby, aged 22 years, and commit suicide near the girl's home. The youthfulness of the victims of the tragedy and the fact that both are well known and connected with respected families created a sensation locally. Fleet at Los Angeles. Los Angeles, Cal., April 20.—The city today began its week's entertainment of the Atlantic fleet. For the next six days officers and men will participate in a variegated program which will occupy nearly every hour of the time. A four-day program for the sailors began at Chutes Park this morning. Three thousand sailors were given liberty from the ships and were escorted from the beach cities to Los Angeles in free trolley cars. At the park every variety of entertainment was provided. More than 50 three-round boxing bouts are scheduled to take place here during the week by the Los Angeles Athletic Club. James J. Jeffries is master of all athletic exercises and referee of the boxing bouts. Fencing contests, balloon ascensions, high dives and scores of similar attractions were put on for the amusement of the sailors. Jury Secured to Try Banker Ross. Salem, Ore., April 21.—A big legal battle in the J. Thornburn Ross case began this morning, when District Attorney Manning offered the first of his testimony in support of the charge that Ross and his associates in the Title Guarantee & Trust Company converted to their own use over \$288,000 of state school funds. The jury has been secured and the opening statements made by the lawyers. Rider Killed on Horse Roundup. Bend, Or., April 21.—A. A. Baldwin, while rounding up horses near Davenport-Stanley ranch, was thrown from his horse and so severely injured that he died this morning. The injured man, in company with "Lucky" Baldwin, was driving a bunch of horses and in some way ran his horse into a wire gate. The horse was thrown and Mr. Baldwin was pitched forward, alighting head-first on rocky ground. Floods Destroy Texas Railroads. Fort Worth, Tex., April 21.—There are indications that the storm which has prevailed for the past several days in North Texas is about over. The loss is estimated at more than \$1,000,000. The waters are receding almost as fast as they came up and with no more rain travel will be reopened and business will move again. There has been no train from California or out to the West since Friday. Nome Cleanup Runs \$3,000,000. Seattle, Wash., April 20.—The spring clean-up in the gold camps in Nome and vicinity may run more than \$3,000,000, according to cable advice received in Seattle by prominent mining men who have interests in the Northern gold fields.

**OREGON NEW OF GENERAL INTEREST**  
**ORCHARD PLANTING AT HERMISTON**  
Pendleton District Attorney Brings Action Against Buckley for Violation of the 14-Hour Law.  
Hermiston—More rapidly than ever before the desert in the west end of Umatilla county is giving way to the onslaughts of reclaiming water. Hundreds of acres of sagebrush land are being cleared. Trees are being planted and fields seeded to alfalfa. Homes are springing up in the desolate sagebrush hills. The blowing and shifting sand is being conquered. All this is because the Government is now furnishing water to 7,000 acres under the Umatilla irrigation project. Within a year 15,000 acres more will be opened for irrigation and construction work will be done. It will then only remain for the Government to supervise the distribution of the water for the next ten years, until its part is complete. First 14-Hour-Law Suit. Pendleton—Criminal informations, charging violations of the 14-hour law, against M. J. Buckley, general superintendent of the O. R. & N. Company, and the train dispatcher at The Dalles, were filed in the Circuit Court last week by District Attorney Phelps. The complaint alleges that a freight train crew was kept on the road for 17 hours without unavoidable cause for delay. This suit is interesting, from the fact it is the first ever brought under Oregon's 14-hour-law, and it will probably be the last, since the Federal law making 16 hours the maximum run supersedes the state law. Farmers about Weston are becoming interested in mule raising, using them on the big wheat farms. William Pollard, who pleaded guilty to the larceny of some horses at Burns, was sentenced to serve six years in the penitentiary. The Albany Commercial Club will soon secure the services of an experienced man to have charge of the boosting campaign in that city. Charles Ball, a saloonkeeper of Harney City, was fined \$50 for allowing minors in his place, and his license was revoked by the County Court. At a meeting of the Grants Pass Commercial Club it was unanimously decided to get up a float representing Grants Pass in the Rose Festival in Portland. William Best, sawyer in the Willard Case Lumber Company's mill at Rainier, was struck in the arm by a plank from one of the large saws last week and his arm badly lacerated. The County Clerk of Clatsop county has been instructed by the court to draw a warrant for \$12,190 to pay the first half of Clatsop county's portion of the State Agricultural College tax. In the special city election at Eugene held Friday the amendment for the purchase of the Willamette Valley Company's water plant was carried. The vote for the issuance of \$300,000 bonds for the city water system also carried. At a meeting of the Marion County Horticultural Society, held in Salem on Saturday, a temporary organization was perfected for the co-operative marketing of fruit grown in the county of Marion. It is proposed that the growers enter into a pool for selling this year's fruit. PORTLAND MARKETS. Portland, Ore., April 21. Wheat—Club, 84@85c; red Russian, 82@83c; bluestem, 86@87c; Valley, 84@85c.
