Those Ar friends why it is necessary to carry

ity of the measure, and politicians who were shrewd enough early in the game to endorse it fully made no mistake. It is to be hoped that the majority vote will be cast for Mr. Cake at the June election, and not put the state in the awkard position

Mr. Shepard said that the directors were presenting the whole matter for were presenting the whole matter for decount of a cold storage plant in the valley. In previous years we have not needed it. The crops were small and sold quick. This year it will be different. On account of the population only. All were realized will enhance in value. The building will also cost more than we figure on, as is always the case in new entry it will be different. On account of the population only. All were realized in the sale of stock? We cannot limit the sale of stock to one another. It will enhance in value. The building will also cost more than we figure on the sale of stock? We cannot limit the sale of stock? We c of sending a Democrat to the United times in the east, buyers will be caunot now a glower he was interested tious and we may be unable to ship in the valley as much as ever. He States senate from an overwhelmingly Republican state. While there is little fear of this being done, yet a big effort will be exerted by the Democrats to elect Governor Chamberlain, and the Republican voters must not

should receive favorable action at the meeting Saturday afternoon. Even this year's crop will be a problem to handle to the best advantage, and it may be possible to get the plant done in time to take care of this year's crop, it commenced soon. Unless means are at hand to take care of the union described bers are represented here at this there will be a loss many years on account of not being able to move the account of not being able to move the tending instead of sending proxies.

that the directors of the union described every late directors of the union described every late that the directors of the union described every late that the directors of the union described every late to the directors of Unless means are at hand to take care is a cold storage plant to take care of it until it can be handled in a proper manner. The matter of detail must in and about \$4,000 for the supply motion that we are in favor of the company. It would take \$25,000 to build and equip the new plant. This The motion was carried. all concerned, but the building of a all concerned, but the building of a celd storage plant with a good capacity should be voted at the meeting on Saturday. This is a matter in when necessary to increase the capactive will be a time when additional plants will be needed in the valley is interested. The small grower is even more vitally concerned than the large one, as the large growers will be acted to take care of them.

There are now about 150 stockholders if the memory could be raised by mort.

When necessary to increase the capactive was in the directors felt that it was impossible to satisfy everyone. They expected that some would disagree. The question was majority will subscribe \$15,000 worth of stock it can be put through if they cannot unite on the present plan town yesterday on business.

#### **COLD STORAGE** PLANT IS DISCUSSED

The adjourned meeting of the Apple Growers' Union was held Saturday at the opera house, the principal question being the increasing of the capital stock for the purpose of building a cold storage warehouse. While there was a fair crowd present, yet at roll call it lacked 20 shares of being a quorum, but it was decided that an intermal discussion of the question be made, and a couple of hours was devoted to it.

Secretary Sproat explained the object of the adjourned meeting, calling attention to the circular letter which was sent out to the members previously, and said that he would take up the physical points of the question, leaving the financial part to others of the board. Mr. Sproat said that a warehouse of a capacity of 100,000 boxes of apples should be constructed. boxes of apples should be constructed.
It would cost but little more for this size than for a building of half the capacity. The question of location had been discussed by the board and the most feasible one was the ground owned by the Hood River Supply Co., if it could be obtained, and which was just across the road from the present warehouse of the union. present warehouse of the union. Nearly all the stockholders of the supply company were also stockhold-ers of the union, and as the interests were mutual, he thought there would VOVE "YES" FOR HOOD RIVER country. be no difficulty in merging the two corporations if it was deemed advisable. A two-story building could be made that would put the lower floor should write a personal letter to on a line with the present warchouse their friends in other cities in the state, asking them to vote for the tried to secure space from the O. R. Hood River county bill at the June & N, along the right of way, and in election. It will do a lot of good, line with the present warehouse, but were only able to secure 50 feet diwise be lost. While there is no direct opposition to the bill from any they would not let any more space go,

house to the water tank.

The cost of such a building as we need will be from \$12,000 to \$15,000.

The refrigerator plant will cost about box. their support, not only their own two te, but ask them to work for the bill. There is a disposition in many required. The motor or engine for the endorsed it. When the larger quarters to vote against all initiative such power will cost about \$500. The growers of the valley are interested power teature is, therefore, not very in building a plant for the benefit of expensive. An ice producing plant in the smeller growers it was showing a addition will cost only about \$500, and as it would make all the ice remembers. quired for iceing cars, it would be when the smaller growers need not very desirable. We now pay \$6 a ton fear the combination of the big growfor ice and it could be made for \$1 a ers. He was willing to trust to the

promptly. We may be unable to get said that no provision was being made cars when we want them. If the apples are held too long it will result in a greater loss than the price of the cold storage plant, when we have a half million boxes to ship.

half million boxes to ship.

I saw the effects of this last year at could be taken care of all right in Colfax, Dayton, Granger, Wenatchee good apple houses. He thought that and Yakima. There was a good deal the matter of control of stock could

storage plant it would not take the was getting away from the real quesplace of a central plant. A central tion. The matter of detail was an plant would save cost of acting collection and must be worktively. We realize the importance of the move, but are here to find out the move, but are here to find out the pleasure of the stockholders in the matter. If we build a plant it will that a rising vote be taken on the take money. The question is, do we want a plant or not? We would like to see a much larger meeting before we decide. We have 181 shares of that he endorsed the proposition and stock, and only 70 shares and 50 memstack, and only 70 shares and 50 m It the union and the supply company are merged, there would be \$6,-000 of assets of the union to be turned

selves, if necessary to build private plants, but the small grower must deplants, but the small grower must deplant to take much better. We feel that every man who endorses the plan will contribute to its support. These who cannot pay cash can give their notes, and these can be used at the banks the same as can be used in raising \$15,000 If we can raise this amount we can go ahead and build this plant, if it is the wish of

The question of a few finally get- any disposition on the part of any town fuesday. ting control of the project and run-one to buy shares to control the asso-ning it to suit themselves was a ciation. He again urged upon those a hitch or accident of any kind.
While the nost will be considerable to the tax papers of the city, the work was an cessity and the cost will be paid without protest by the great majority of the citizens.

Question that has had consideration, and the directors decided that it could be avoided by limiting the amount of stock which would be sold to any one member, and that this amount should be placed at \$500. It was suggested that the amount of stock each should take be based on majority of the citizens.

Question that has had consideration, and the directors decided that it next meeting.

Mr. Smith said that he had drawn up the articles of incorporation of both unions and believed in co-operation. Geo. Lynn has returned from on these unions, Differences of opinion disturb the harmony of these unions, Differences of Omaha and is moving his family to Hood River from St. Johns.

Mrs. Bessie Cole, all of She lived with her fam druggist for Keir & Casa, has resigned amount of stock which her tax papers of the city, the work was an cessity and the cost will be amount of stock which would be placed at \$500. It was suggested that the amount of stock each should take be based on blic received.

Mrs. C. E. Coffin, who question that has had consideration, present to bring in members at the his acreage of orchard. For instance one who had ten acres or less, take \$100 worth of stock; 20 acres, \$200; 30 acres, \$300, and so on up to \$500. If the amount was limited to \$500 the stock in the s that each man might hold, it would

te impossible for a few to control to the detriment of the rest. There is another point: It might be necessary to sell a few shares of stock to business men of the town to raise the required amount, with the understanding that the stock would be seld standard to seventy of Hood River's charming with friends in town.

A very enjoyable social event took place Wednesds y evening in the homes of Mrs. Cuning and Mrs. Taft, who, with the Misses Earl, were hostesses to seventy of Hood River's charming with friends in town.

I the council meeting was adjusted to function more function.

Mr. and Mrs. J. W. Henrich, of Mrs. Carl the stock would be seld maidens. 300 standing that the stock would be sold maidens.
