

ENGLAND SAYS NO ALUM IN FOOD

and strictly prohibits the sale of alum baking powder—

So does France
So does Germany

The sale of alum foods has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder,

Say plainly—

ROYAL BAKING POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

VOGT BROTHERS

BARRETT.

We are pleased to report votes cast for the queen for the Rose Festival in June next: Miss Emma Gibbons, 30; Miss Vernia Shoemaker, 2; Miss Gladys Henvis, 2; Miss Maud Hassbrook, 2.

Dr. B. E. Wright and wife came up from Portland on Tuesday morning last. The doctor returned on the evening train, leaving Mrs. Wright and her sister to enjoy the beauties of nature in the Hood River valley.

H. F. Eastman has commenced to gravel the roads with the intention of putting on gravel from the Methodist lane to the Crapper district, then from the Rockford to B. F. Shoemaker's, then south as far as practical.

The Barrett school has closed for this term, after a very successful term, for both teachers and scholars.

Ed. Watts, the plasterer, is now working on the Albright house in the Crapper district.

T. M. Dunbar, a late resident of Methodist lane, has sold out his ten acre tract and will move to California, where his son is now occupying a very lucrative position.

Jasper Worley, who has been working on the Dr. Wright ranch, pulled up stakes, rolled up his blanket on Tuesday of this week and took his departure for Vancouver, Wash. Guy Crapper had quite a lively time with the team belonging to J. A. Epping. The neck yoke got off the tongue of the buggy and bent things up a little, but fortunately the horses got loose from the buggy and of course Guy was left on the ground. The horses were making good time, until one turned a somersault and then faced about and ran towards the buggy. I never heard whether the said horse hitched himself up or not.

Easter Music at Churches.

For some time past the churches in Hood River have been paying more attention to their music and last Sunday, being Easter, all of them seemed to make a special effort to produce a good musical program. Hood River can compliment herself upon the fact that with all the grand songs that were sung on Sunday, all of them were rendered by Hood River people. The talent in Hood River seems to have been hiding its light under a bushel, for many people, including strangers, were charmingly surprised by the result, which can only be shown through hard study and an education in music. Many city churches send to other places for their special music, but Hood River can have all the music she wants right here at home. The music rendered in the various churches was as follows, and words cannot express the beauty of it all:

Knights Templar Attend Easter Service.

Hood River Commandery No. 12, Knights Templar, attended Easter services at the Congregational church last Sunday morning, agreeable to a regulation of that order. The Sir Knights attended in uniform, and there were eighteen in line, and the march was made from the Masonic hall to the church, where three of the long seats were reserved. As this was the first occasion of this kind in Hood River it attracted much attention, and the elegant new uniforms elicited much favorable comment.

Odd Fellows Anniversary.

Next Sunday afternoon, at 2:30, the 89th anniversary of the founding of the order of Independent Order of Odd Fellows will be observed with religious ceremonies. Rev. W. C. Gilmore will deliver the address at the Odd Fellows hall. All friends of the order, besides the members, are cordially invited to attend. All Odd Fellows and Rebekahs are requested to meet at the hall at 2 o'clock.

Hood River People at St. Johns.

The St. Johns Review mentions the following from Hood River, who were recent visitors in that city:

Mrs. Marcellus, one of our good old Hood River friends, moved from Portland out on Monmouth street and became a citizen of St. Johns. She is very glad to have these old friends move into Johns. It makes it more and more like home. Mrs. Marcellus is boarding with relatives, Mr. and Mrs. A. J. Golden.

Tom Wickens, J. I. Taylor and Ira Alcorn, old Hood Riverites, were in the city Wednesday and touched hands with the printers. The latter is working in Dresser's market in Portland. Mr. Wickens has spent the winter on the Sound, where his sister died about the first of the year. Mr. Taylor is down for a short visit with his relatives, D. R. Norton and family. We are glad to see these old time friends.

L. H. Huggins, one of Hood River's prosperous merchants, was in the city Tuesday and gladdened the Review man's heart by a visit. Mr. Huggins also operates a lumber yard at The Dalles and buys much of his lumber of the St. Johns Lumber Company. St. Johns will be selling more than lumber to the inland towns in the not distant future and we are happy to extend the glad hand to Mr. Huggins.

Hall-Lewis-Dimick.

Last Tuesday the many friends of Mr. P. M. Hall-Lewis received announcements of his marriage to Miss Ina Luella Dimick, of Portland, which was celebrated on Sunday, April 13, at the bride's home. Mr. Hall-Lewis' good business integrity has gained him many friends and they, with the Glacier, extend hearty congratulations. The happy couple will be at home after June 1, at Pinewynde, Hood River, Oregon.

Making Good.

There is no way of making lasting friends like "Making Good," and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrap—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve-tonic it is unequalled. It won't satisfy those who want "booster," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—no to be taken a dose. Much imitated but never equaled.
