The people of the heights were alarmed by the cries of "Fire" Sunday night, and it was feared a second destructive fire was to be in their midst. It proved to be only a slight fire in the woodshed of A. G. Stevens and by the heroic efforts of Mr. Stevens and neighbors it was all put out before the fire department had fairly started. The wind was strong and a few moments more the fire would have been beyond control and probably done much damage. Mordecai Jones, on his way to Alaska, writes from Seattle that he lost his whole camping outfit in a fire that broke out in a combination mail and baggage car on the Northern Pacific railway train which left Tacoma Friday for Seattle. The flames were discovered a few moments after the train left the depot, and at Prescott the car was sidetracked and rushed back to the roundhouse, at the head of the bay, where the fire was put out. A number of mail sacks and about 30 trunks were destroyed. Mr. Jones' loss is about \$500.—Goldendale Agriculturist.
