

CORRESPONDENCE

ODELL.

Robert Livingstone and family, of Portland, came up last week and are stopping at their pleasant country place, "Netberby."

Charlie Roberts, son of Mr. and Mrs. C. G. Roberts, passed away Tuesday, April 21. The remains were taken to Hood River and the funeral held from the Congregational church Friday at 1 p. m. The service was that of the Episcopal church and was conducted by Rev. Troy Shelley. M. D. Odell made remarks concerning the character and talents of the deceased. Young friends from Odell also had part in the singing and also as pall bearers. The death of one so young seems very sad and in the case the family has even more than the usual grief to bear as Mrs. Roberts is seriously ill. Odell friends extend sympathy to the bereaved family in this time of sorrow.

Mr. and Mrs. J. A. Knox have gone

to Missouri on a visit with Mr. Knox relatives. Mr. Knox has not seen them for 25 years. They go to have a good time and they are the kind of people to have it, even if they are from Missouri.

Vern and Guy Gabriel and Jethro Mason were down in the Willamette Valley looking for places to rent or buy, but they did not find anything that would suit them. I think the boys wanted to find some good old farmer who had a fine farm and a nice daughter whom he wanted to dispose of and the boys looked in vain, and are now back in Hood River. If any one here has a layout like this I think the boys would take it up and stay in Hood River.

Chas. Stanton is here on his old place, doing some grubbing for the man he sold out to. Charles looks very natural in Dukes Valley. Would he glad to have him stay.

Mrs. B. R. Morton went to Portland last Saturday.

R. B. Morton returned last Saturday from Pendleton, where he attended as a delegate the Presbyterian convention. He reports a very interesting session. The most interesting part to us is that arrangements were made whereby we will have a resident minister in the near future, provided we make some effort on our part.

The ice cream social last Friday evening was a great success. It was a rumor once evening to eat ice cream, but a large crowd came out intent on having a good time and the refreshments disappeared rapidly, after a surprise program had been given. No time had been given to prepare a program, so it was impromptu throughout. Many were surprised, indeed, when they were called upon for a performance, but altogether it was an entertaining affair. It was amusing to see called by someone who began to be called promiscuously, some running as far as Pine Grove, it is said, others coming back when they thought the danger was over, only to be called by someone else in charge. After the program old-fashioned games occupied the time till the end of the evening. This is the first social given by the Christian Endeavor and they feel gratified with the success of it. \$1.45 was made, which will clear the debt on the organ.

The Mt. Hood baseball team played the Belmont team on the home grounds last Sunday. It was a fine game, coming out 5 in favor of Mt. Hood. In the first part of the game the Mt. Hood boys had it all their own way and things looked pretty blue for Belmont until the fifth inning, when they began to get in the game, making one tally. Then they lost their grip, but waked up in the eighth inning and made four. But Mt. Hood had already to their credit and the game ended with Mt. Hood ahead.

WHITE SALMON. (From the Enterprise.) A number of people arrived in town the other day from Wisconsin. They are friends of K. Field and came to this country at his suggestion. They have purchased land in Bowman's addition and will put up residences and remain in town.

A quiet wedding took place at Hood River last Saturday, the contracting parties being Miss Lily Barton, of Underwood, and Mr. Bert Taylor, of Hood River. They were accorded an old-fashioned chivalric Sunday night while at the home of the bride's parents at the old Mike Thornton place.

J. W. Carr's family arrived in town Tuesday from Hood and will make their home in this city. John has rented the parsonage for a time and will live there. It is rather too close to the church for the average barber, but as it is the only vacant house in town he must take what he would or no.

The county commissioners awarded the contract for doing the county printing for the coming year to the White Salmon Enterprise, its bid being the lowest offered. Thus our little city secures another victory. Thus little by little we win our way along.

The members of the Holiness band or Church of God have commenced the erection of a church edifice here on a lot donated by N. M. Wood and cut off from his property. The lot is taken from the northeast corner of the property and is consequently located on Condon's lane east of Main street.

Last Tuesday night the members of the staff of the Hood River lodge of Rebekahs, I. O. O. F., and a number of other members, about 20 in all, came over and paid a visit to Good Will Rebekah lodge of White Salmon. They came over to do some work, but judging from the sounds of revelry from the banquet hall there were other things besides work doing. A class of five were initiated, the work being put over by the Hood River lodge in a very impressive manner. At the close of the ceremonies all adjourned to the banquet room, where the ladies had prepared an elegant repast to which all did ample justice, even Col. Hartley and John A. Wynn. These two worthies did not cut much of a figure in the lodge room, but cut a wide swath at the table. Both have ample room under their vests to tuck away a quantity of snuff, and neither is troubled by that tender touch of sympathy that will not allow some people to see their neighbors to go hungry, so these two worthy brothers enjoyed themselves. In fact everybody enjoyed themselves and it was past midnight when the session finally concluded.

It is now reported that strawberries will be ripe about the 10th or 15th of May, according to the weather. It is thought the crop will be somewhat above the average, especially in some localities. It is feared that pickers will be as scarce as ever this year.

Capt. H. C. Cook returned from his trip to San Francisco last Thursday.

Does Your Heart Beat

Yes, 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous wastes are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

He reports a very pleasant trip to the bay city and says it is rapidly recovering from its destruction of two years ago. Many magnificent buildings are just now receiving the finishing touches, while others are in the midst of reconstruction and the foundations are being laid for still others. He says that San Francisco will be a greater and more beautiful city when the work is finished than it was before the earthquake or probably ever would have been without that terrible disaster.

To Make Rain in Sherman. A telegram from Chas. M. Hatfield, Cross Landing, California, which was received by W. M. Barrett the first of the week, brought the news that Mr. Hatfield will be on the ground by or before May 1, to commence his rain precipitating operations. Mr. Hatfield did not succeed in fulfilling his entire contract in the given length of time this year in California. His success was, however, great enough that the farmers in the neighborhood of Cross Landing are looking forward to a bumper crop the coming season.—Wasco News.

ECZEMA NOW CURABLE. All Itching Skin Diseases Which Are Not Relieved by Oil of Wintergreen.

Can Eczeema be cured? Some physicians say "Yes." Some say "No." The real question is, "What is meant by Eczeema?" If you mean those scaly eruptions, those diseases which make their first appearance, not at birth, but years afterward, and perhaps not until middle age—then there can no longer be any question that these forms of Eczeema are curable.

Simple vegetable oil of wintergreen, mixed with other vegetable ingredients, will kill the germs that infest the skin. Apply this prescription to the skin, and instantly the awful itch is gone. The very moment the liquid is applied, that agonizing, tantalizing itch disappears, and continued applications of this external remedy soon cure the disease.

We carry in stock this oil of wintergreen properly compounded into D. D. D. prescription. While we are not sure that it will cure all the cases of skin trouble which are inherited, we positively know that this D. D. D. Prescription, whenever rightly used, will cure every last case of genuine Eczeema or other skin trouble, which did not exist at birth.

We know this. Anyway you, yourself, will know that D. D. D. Prescription instantly takes away the itch, the moment it is applied to the skin. Keir & Cass, Hood River, Oregon. Stop that itch today—instantly. Just call at our store and try this refreshing and soothing liquid; also ask about D. D. D. Soap.
