The Choice for Queen.

To the people of Hood River Valley who are voting for a Queen to preside over the Hood River float at the Rose Carnival to be held in Portland the first week in June, it seems as if the choice should be made of one who fulfills all of the requirements of Hood River Valley. Now, personally, I know all the candidates being voted for and a more handsome and intelligent set of girls cannot be found in the whole world. We are proud to think they belong to Hood River, but as we produce the best apples the world has ever known and the strawberries that first made Hood River Valley famous, it seems as if we should have a genuine Hood River Valley girl to preside as queen on our floral float, which will be made up of roses and flowers of all description, even to apple and strawberry blossoms, made perfect by this beautiful climate and bright sun. It would seem to us we should have a queen that has had all these advantages. In Margaret Nickelsen we have a girl who was born and raised under all of these advantages. A sure production of Hood River Valley, second to none in grace and beauty. Now, I ask the old settlers like myself, who have seen this valley develop from a sandy waste to a beautiful garden, and Margaret from a tiny baby to a beautiful girl, to come to her support; also the grangers, as she is a worthy member of Park Grange, the largest grange in the valley. Believing that all desire we should have nothing but Hood River productions on the float all requirements are complied with.

Old Settler.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Keir & Cass.

Hood River People at St. Johns.

The St. Johns Review Chronicles the following:

Dr. Holand went to Hood River this week for a look around. We would not be surprised to hear that the good doctor had snapped up a piece of good apple land there He will make no mistake if he does.

D. C. Henry, principal of the Odell school near Hood River, visited at the home of D. Perkins Sunday evening and Monday. As the school term is finished, Mr. Henry will take up his studies at Monmouth again, after attending the S. S. convention at Forest Grove.

Mr. and Mrs. S. Copple, father and mother of Mrs. D. R. Norton, were visitors in St. Johns Sunday. They are old Hood River friends and we hope to capture them for St. Johns some day, as a number of their family are living in Portland and St. Johns. They are of the best of the earth, the kind we like to see come to St. Johns to live.

Our old friend, Oscar Stranahan, accompanied by his daughter-in law, Mrs. Bert Stranahan, of Hood River, were callers at the Review office Wednesday. Mrs. Stranahan is a good friend of our compositor, Miss Beller. Both Mr. and Mrs. Stranahan report things lively and everything lovely in the apple city. Big crop prospects, big building projects, big money in Hood River realty, in fact a big thing in a little valley is Hood River and her environments, and we believe every word of it; but the climate of St. Johns has that of the apple country skinned to a frazzle, and they think they have a corner on the climate up there.

Burleigh Cash, of Hood River, was a visitor in the Review office Monday. Burleigh was on his way to Forest Grove to attend the State Sunday School Convention held there the first of the week, and could not pass his old tillicums without dropping in to see them. The latchstring is always out to the Hood Riverites They all look good to us.

B. F. Belieu is erecting a good seven room house for M. L. Holbrook in East St. Johns. It is 26x28, two stories high with full concrete basement and is being built from plans and specifications furnished by Mr. Belieu. Mr. Belieu is still working on a nine room house on the East Side which will occupy his time for some two or three week yet.

The Most Common Cause of Suffering

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by damp ness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 sizes for sale by Keir & Cass.

"Too Much Watchdog."

"Too Much Watchdog" is the subject of a leading editorial by the Morning Astorian of recent date, wherein that paper takes a subtle fling at the state grange and pleads for support of two deserving measures that are to be voted on under the referendum at the June election. The measures referred to are the armory bill and the state university bill.

"It is all very well to be careful of the public funds in these days of extravagance and public graft," says the Astorian, "but legitimate ends must be served with a liberality that at least will not cripple necessary functions of the common good, or disparage them at the critical moment when their highest faculty for the public is at hand.

"Both institutions to be benefitted, the national guard and the state university, are valuable and necessary agencies of the state's entourage," the Astorian continues. "They are indispensible to its growth, culture and protection. Both are necessary functions of every state government and all through the land the states have seen fit to endow them more liberally than has Oregon. Watchdogs have been known to overdo the thing time and again to the utter negation of the real good and we feel that the Oregon grange is working its stunt in those two cases to a degree that will leave the state of Oregon cheapened and discredited if it is to have its way in these two appropriations."

"Oregon grows apace," the Astorian concludes. "Her people and her amplified future demand more of her than in the early days when essentials were fewer. On these especial lines she must range along with the states of her class and do her best and full duty by her sons and daughters as well as by the country at large. It will not do to stop at the dollar mark every time it is hoisted by some narrow prejudice or chill conservatism."

Whooping Cough.

"In February our daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Goss, of Durand, Mich. For sale by Keir & Cass.

Will Plant 70,000 Trees.

Coeur d'Alene, Idaho.—William Buckley, fruit inspector for north Idaho, reports over 70,000 trees are being planted in the territory adjacent to Coeur d'Alene. The trees are chiefly of the winter varieties. He is most enthusiastic over the outlook, and said: "I have thoroughly gone over the country tributary to Coeur d'Alene. The number of trees being planted this year will far exceed my expectations. I placed the number last fall at 20,000. A short time ago I increased this to 50,000 trees, but I find I am far below the number, because I have already inspected more than 50,000. I am convinced there will be over 70,000 trees planted this spring within a 12-mile radius of Coeur d'Alene. On the whole, the trees planted have been of good varieties and stock. However, I found in one neighborhood an order of 750 trees, 200 of which were of bad stock. These, although set out, were torn up and destroyed and I have reported the matter to the state board. All trees must be inspected, and had these been examined it would have saved time, money and labor."

The World's Best Climate.

Is not entirely free from disease, on the high elevations fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness, and insomnia. Sold under guarantee at Chas. N. Clarke's drug store. Price, 50c.

In Memorium.

Canby Post No. 16, Department Oregon G. A. R., April 25, 1908.

Whereas, The majesty of death has cast its shadow of sadness into the hearts and homes of Comrade A. S. Blowers and family, and realizing the weakness of our language to express the feelings of the members of this post, and well knowing that our poor words cannot give comfort to those bereaved ones, yet that our own hearts may be eased, therefore be it

Resolved, that Canby Post is deeply touched by the loss of Mrs. Ellen Blowers and our fullest measure of sympathy goes out to her relatives who were all so dear to her. We knew and will always remember her for her devotion to the principles of fraternity, charity and loyalty; for the uprightness of her character and her queenly reign over her household in which, as was said of one of old, "the heart of her husband doth safely trust in her." Her labors on earth are ended and while our eyes are dim with tears yet it comforts us to know that her's are dry. Her life was filled with duties that will be monuments to her worth in the future more than we can now realize, and her example will always be an inspiration to right living. Our selfishness only rebels at her loss, for we know that she is now with our Father who is infinite love. Her chair will be vacant in that pleasant home. Her absence will be felt by the Relief Corps and her place at the weekly family reunion will be a precious memory, and yet her influence will ever continue a power for good.

It is hereby ordered that these resolutions be spread upon the minutes of this meeting, a copy be presented to Comrade Blowers and that they be published in the Hood River newspapers.

Bad Attack of Dosentery Cured.

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy he felt confident of being cured, he having used that remedy in the West. He was told that I kept it in stock and lost no time in obtaining, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by Keir & Cass.

Kennewick Berries Ripen.

Kennewick, April 23.—Early strawberries from fruit ranches in this section will be on the market between May 5 and 10, according to J. A. Rose, manager of the Kennewick Fruitgrowers' Association. "About 15,000 crates of berries will be shipped from this district," said Mr. Rose, "and the growers expect no little difficulty in getting men to pick the crop. Berry raisers are offering good wages to pickers and during the season men will be able to earn from $2 50 to $6 a day."

Early peaches, according to Mr. Rose, were somewhat injured by frost, but, compared to the value of the entire crop, the damage will be slight. The damage was confined mostly to young trees in exceptionally low sections.

The fruit growers' association is shipping daily between 500 and 1000 pounds of asparagus from this district. Asparagus growing near Kennewick was started last season, and it is now becoming one of the important vegetables raised here.

Valued Same as Gold.

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight, if afflicted with constipation, malaria or biliousness." Sold under guarantee at Chas. N. Clarke's drug store. 25c.

Oregon Niggardly With Its College.

The last legislature of Oregon only appropriated $125,000 for the support of the State University and even that sum does not become available until it is voted upon by the people at the next election, which is one of the beauties of the Oregon referendum law.

In contrast the Washington legislature at its last session appropriated $400,000 for university maintenance, besides $600,000 for new buildings of a permanent character. The fact that the buildings are to be used for the purpose of the Alaska-Yukon Exposition does not detract from their ultimate usefulness to the university nor from the liberality of the legislature.

The result of this treatment is shown in the standing and size of the two colleges, Washington has a big, splendid institution, with over 1,200 students, many of them from other states, while Oregon halts along with barely 400 students and many of the young people of the state go elsewhere to seek an education.

Oregon will find a more liberal course of conduct toward its state university the best investment it can possibly make, both for the present and the future.—Bellingham Revellie.

NOTICE TO OUR CUSTOMERS.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law, as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Clarke Drug Co.

Kill Dandelion Pest.

Professor Bolley, of the North Dakota Agricultural College, has found that the same solution with which he has been experimenting and which has proved its ability to kill wild mustard in the grain fields, will also kill the dandelion plant which has grown so luxuriantly and proved such a nuisance on the lawns and boulevards each year. By recent experiments Professor Bolley has found that a solution composed of two pounds of iron sulphate to one gallon of water, or one pound of copper sulphate to three gallons of water, sprayed over the lawn is fatal to the dandelion and does not injure the grass. Lawns should not be watered too soon after spraying, as it will wash the mixture off the weed. Either of the above mixtures will kill the young dandelions. It will not, however, kill the old plants with large, strong roots, but will wilt them, and if repeated regularly will eventually destroy them.—Exchange.

When your food seems to nauseate take Kodol. Take Kodol now and until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Keir & Cass.

Could Die Happy.

Mr. Doolin—Pat.
O'Houlihan—Yis, Mike.
Mr. D.—I'm dying.
O'H—Yiz aire, Mike?
Mr. D.—Without revenge on Terry Googin for what he said about me when Bridget chucked him to be my bride.
O'H.—Thrue for you, Mike.

O'H.—Yis, Mike.
Mr. D.—Aire yiz still me frind?
O'H.—I aire', Mike.
Mr. D.—Whin I'm gone will yer see that me Bridget marries Terry?
O'H.—I will, Mike.
Mr. D.—Sind fer th' priest, Pat.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal diseases if taken in time. Clarke Drug Co.

The Butcher Wanted Cash.

A little girl went into a hardware store and said: "Ma wants a paper o' tacks and a hammer, an' says she will send a half dollar around when pa comes home."

"Very well," replied the hardware man.

"But,' continued the child, "ma wants the change out of the half dollar, so she can get some pork chops for lunch."

Mr. John Riba, of Vining, Ia., says: "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold." Sold by Keir & Cass.

The Wrong Man.

Emaciated Beggar—Mister, would you please give a poor feller a quarter to keep him from dyin'?

Stranger—You've struck the wrong man this time. I'm an undertaker.—Judge.

For a burn or a scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by Keir & Cass.

A Strenuous Life.

Would-be Writer—What do you consider the most important qualification for a beginner in literature?

Old Hand—A small appetite.

Orino Laxative Fruit Syrup is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Get the booklet and a sample of Orino at Clarke Drug Co.

Practical, but not Sentimental.

Miss Rosebud—I s'spose yo' knows dat Jim Jackson has sent me a sealed proposal?

Mr. Johnson (Jim's rival)—Heaven! Jes' like as ef yo' was excavatin' contractor on a garbage estimate!—Judge.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or Indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus and other displacements, caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

NOTICE OF SALE OF BONDS.

Notice is hereby given that the board of directors of the Hood River Irrigation District in Wasco county, Oregon, will sell the bonds of said district in lots of $100 or multiples of said sum, to $40,000, at 10 o'clock a. m., Saturday, the 30th day of May, 1908, at the office of said Board of Directors at the residence of Percy A. Smith in said District, and that sealed proposals for said bonds in the lots or amounts above specified will be received by said Board at said place for the purchase of said bonds until the day and hour above mentioned, at which time the board will open the proposals and award the purchase of the bonds to the highest responsible bidder, the Board reserving the right to reject any and all bids; bids to be accompanied by a certified check for 10 per cent of the amount of the bonds for which the bid is submitted.

Said bonds shall be payable in money of the United States in ten series as follows, to-wit: At the expiration of 11 years five per cent of the whole number of said bonds; at the expiration of 12 years, six per cent; at the expiration of the 13th year, 7 per cent; at the expiration of the 14th year, 8 per cent; at the expiration of the 15th year, 9 per cent; at the expiration of the 16th year, 10 per cent; at the expiration of the 17th year, 11 per cent; at the expiration of the 18th year, 13 per cent; at the expiration of the 19th year, 15 per cent; at the expiration of the 20th year, 16 per cent; and shall bear interest at the rate of six per cent per annum payable semi-annually on the first day of January and July of each year. The principal and interest shall be payable at the place designated in the bonds and bidders are given the option of having said bonds payable at Portland, in the state of Oregon; or at New York City, in the state of New York, and said bonds will be issued in accordance with the election of the successful bidders.

Said bonds shall be each of the denomination of not less than One Hundred Dollars or more than Five Hundred Dollars, and shall be in negotiable form, and coupons for the interest shall be attached to each and signed by the President and Secretary.

Dated at Hood River, Oregon, this 14th day of April, 1908.

PERCY A. SMITH,
Secretary.

NOTICE TO CONTRACTORS.

Sealed proposals are wanted by the City of Hood River, Oregon, for the construction of Section Nine, of the Hood River Sewer System. Plans and specifications may be seen at the office of the City Recorder, at Hood River, Oregon, from this date on until the 29th day of May, 1908, at noon of which date bids will close. Bids must be accompanied by certified check for ten per cent of the amount of bid, made payable to J. R. Nickelsen, Recorder, the amount of such check to forfeit to the City of Hood River, or such part thereof as may be required to indemnify the city in case of failure of the successful bidder to qualify (with a satisfactory bond to secure proper execution of contract) within five days from receipt of notice of award. The right is reserved to reject any or all of the bids. Bids must state the time within which the bidder proposes to complete the works, and must state a lump sum bid for the entire job, and that no extra charges will be made.

Bids will be opened at the office of the City Recorder, Hood River, Ore., Saturday, May 9, at 5 p.m.

By order of the Sewer Committee.

J. R. NICKELSEN,
City Recorder.

GUARDIAN'S SALE OF REAL ESTATE.

Notice is hereby given that the undersigned, the duly appointed, qualified and acting guardian of Clara May Winzler, George Sidney Winzler, Maud Eleanor Winzler and Lura Ruth Winzler, minors, will by virtue of a license and order of sale duly made and entered by the County Court of Wasco County Oregon, sell at private sale, for cash in hand, on and after the 11th day of May, 1908, the following real estate belonging to said minors, to-wit:

Lot Thirteen (13), being the Southwest quarter of the Southwest quarter of Section 27, Township 1 North of Range 13 East of the Willamette Meridian in Wasco County, Oregon, containing 41 acres according to the government survey thereof.

Proposals for the purchase of said real estate should be made to the undersigned at his office in The Dalles, Oregon, on and after the date hereinbefore mentioned and said sale will be made subject to confirmation by the County Court of Wasco County, Oregon, acting as a court in the transaction of probate business. FRANK MENEFEE,

Dated April 7, 1908. a9m7 Guardian.

NOTICE FOR PUBLICATION

Department of the Interior, Land Office at The Dalles, Oregon, February 20th, 1908.

Notice is hereby given that

MARY H. JASPER,

of Portland, County of Multnomah, State of Oregon has applied to purchase, under the act of Congress of June 3, 1878, as extended by act of August 4, 1892, the S½ NE¼ and N½ SE¼, Section 30, T. 1 N., R. 9 E W M, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish her claim to said land before the Register and Receiver, at The Dalles, Oregon, on the 18th day of May, 1908.
