

CORRESPONDENCE

ODELL.

One day last week Mrs. W. A. Lockman was pleasantly surprised when her brother, Frank Wilson, whose home is in Logan county, Illinois, came to her home for a visit.

Dorsey and Clyde Smith are home from a visit to Columbus, Wash.

Thos. Lacey wired to his old home in Newfoundland for a nephew of his to come and assist him about his orchard.

Wallace Young, of Carson, was here over Sunday for a visit with his parents and with his many Odell friends.

J. W. McDonald has men at work preparing ditches so that the farmers west of Odell store may irrigate their land.

James Cook has so far recovered as to be able to get about by the aid of crutches.

Percy and Albert Shelley are logging for the Hansen mill in Dukus Valley.

Mr. Krohn has cleared considerable land and is building a house a short distance from the home of Rev. Troy Shelley.

James Taylor's land shows the result of careful work and everything about is well kept and thrifty.

Not knowing its location your correspondent supposed the Sexton & Thomsen saw mill and box factory belonged to our neighbor, Pine Grove, but it appears this is a mistake, as the mill site is but a short distance from the home of Rev. Troy Shelley and within the bounds of Odell. The machinery has arrived and most of the timber near the mill and between that and Mt. Hood, as it will make the distance boxes must be hauled so much shorter.

It is reported that E. J. Young has sold his Odell property, consisting of 55 acres, for \$35,000. Mr. Young purchased this land of Mrs. Lenz less than two years ago and has since erected a beautiful home and set fruit trees and berries. This is one of the finest country properties in the valley.

Lon Baldwin has the contract for building a house for Henry Lewis on his tract near Odell and will begin work immediately.

The Prather and DeWitt tracts reported in last week's land sales are both part of the George Prather place, west of Odell.

Rev. F. E. Billington will speak to the people of Odell in the church next Sunday evening. Special music will be provided. Rev. Billington needs no introduction here and those who heard him before will be glad of this opportunity to again listen to him.

The Ladies' Aid Society of Odell will meet at the home of Mrs. Alice Poole tomorrow (Friday) afternoon.

Rev. Merrill, of Hood River, will lecture in the church at Odell one week from tonight, Thursday, May 21. Rev. Merrill's daughter will also recite. Rev. Merrill is known as a speaker of ability and all will receive benefit from hearing him.

Mrs. Knapp is reported quite ill.

Matt Lenz is here from Utah for a visit with his relatives, Mrs. Lenz and children.

Mrs. M. D. Odell is in Carson, Wash.

Good sermons by Rev. Ashley Cash are reported for last Sunday morning and evening; also good Christian Endeavor meeting.

Born—To Mr. and Mrs. G. E. Bowman, Monday, May 11, a daughter.

Mr. and Mrs. Fred Luty left Saturday morning to visit their daughter, Mrs. Roberts, living near Silverton, Ore.

Everything is lovely and (in the words of the poet or the fellow who wrote prose) "the goose hangs high." Everybody is busy, having more work than they know what to do with and up to date we have the most promising prospects for strawberries that are beginning to take on color and picking will be in full blast in a few days.

The prospect for peaches and apples is good. The peaches will have to be thinned, as was done last year, as all the trees are over loaded.

Mr. and Mrs. Isaac Ford, of Hood River, came over last Sunday, visiting with F. W. Dellart.

Josef Hoersig came up on the J. N. Teal Friday for a few days' stay on his ranch, looking after the ranch work.

Mr. and Mrs. E. C. Goddard came up from Portland Sunday, taking up their abode in their summer residence on the bluff. They expect to stay during the summer.

Geo. Sandie has his residence nearly completed. George is getting up a good house. If it wasn't for year we would feel a little uneasy. Maybe he has had a tip anyway.

H. Nelson and wife visited with Fred Luty's family Sunday.

G. H. Marat came up from Portland Sunday. He expects to move up on his place in a few days.

Mrs. Bert Veach and Mrs. Fred Dellart went walking Sunday.

Phil Finley and B. F. Heala are assisting on the Hood survey; also Wm. Windorf.

Robert Cline is kept pretty busy hauling freight and passengers nowadays.

home of her mother, Mrs. Norder. They are looking over the valley for a location.

Mr. and Mrs. J. H. Davis returned from their mountain ranch.

Mrs. Alford Boorman is on the sick list.

The dime social given by the Ladies' Aid was well attended, over 60 being present. The program was very good and dainty refreshments were served. The ladies return thanks to all who assisted in making the social a success.

Miss Margaret Nickelson spent Friday evening at home.

Mrs. Rigby spoke Sunday morning on "Temperance." Her address was listened to attentively by all present. We were made to see plainly that we are each responsible for our brother's downfall. Some time in the near future we hope to see a W. C. F. U. in this part of the valley.

Mrs. Bean, mother of Mrs. Charles Metcalf, leaves Wednesday for Brauer, Minn., to visit for several months with her daughter there.

Mr. and Mrs. F. G. Church spent Sunday on the east side with Mr. and Mrs. Sprout.

Mrs. Hunt, of the east side, attended Sunday school at the Belmont church.

The drama given by the Park Grangers Saturday night was not as well attended as it should have been. However, those who attended enjoyed it. Miss Lena Isenberg presided at the piano during the evening. The older grangers were conspicuous by their absence.

Mrs. Knott, who lives on the place formerly owned by Joe Puffer, is quite sick. Dr. Dutro was called there Friday evening.

Grandma Ellis is not improving as we wish she would.

Ed. Barker still has his Job's comforter on his neck.

We are sorry to hear Harry Barker has blood poison in his hand.

Paul Hayes and Will Hooper spent Sunday and Monday visiting at the home of Will Davis.

Ladies' Aid will meet with Mrs. G. W. Brown Friday afternoon. All members please attend. Visitors welcome.

MOUNT HOOD.

Mrs. Al Carmichael returned to her home in Hood River last Saturday,

after a fortnight's visit with her niece, Mrs. Lou Baldwin.

Mr. and Mrs. Harry Prindle left last Monday for a trip through Canada. They have sold their cottage and do not expect to return to Mt. Hood to reside.

Alec. Porteous had quite a runaway as he was going to town last Friday. Something happened to the harness and the horses ran, throwing Mr. Porteous out and broke loose from the wagon. It happened near town and the horses did a short running until they got to the river. No damage was done, however, and Mr. Porteous brought them back to the wagon and went on to town, returning with his load.

Christian Endeavor last Sunday evening. Mrs. Puddy was a good leader and the members took an active interest. The topic for next Sunday evening is a very interesting one. Miss Toon is to lead.

BINGEN.

A. J. Henderson, Peter Coma, John Terry and A. H. Coleman took No. 2 for the Dalles Friday, returning in the afternoon on No. 1, all having important business.

Geo. E. Coleman has painted his pool room and also his residence in the first addition. As a surprise to all he painted them green.

A. E. Eaton, of Wapato, Wash., has put up a large tent for a photograph gallery in Bingen and is already doing a good business. Mr. Eaton does very nice work. Anybody wishing to have his or her picture taken will make a mistake if they do not go to Mr. Eaton.

Geo. E. Coleman has leased his pool and billiard hall to T. J. Lindsey, of Tacoma, Wash. Mr. Lindsey used to be foreman in the paper mill at Yakima, but on account of the unhealthiness of the work has come to Bingen to improve his health and will likely stay here.

D. I. Santo, of Marysville, Ore., has rented part of Mr. Morris' building and will put in a large stock of flour, feed and hay by the first of June. Mr. Santo has been running a flour mill at Marysville for several years, but business getting a little slack there he is going to move to Bingen, where he expects to put a 120-barrel flour mill in a year or so, and likely will run a box factory in connection with it.

A. K. Byrket is putting up four large wind mills on his farm to pump water to irrigate his alfalfa patches.

A. F. Skudorf, of Sprague, has purchased a whole block in the first addition to Bingen and expects to put up a nice residence this fall.

The new Bingen postoffice is now completed and is the nicest postoffice in Klickitat county. It also has plenty of room to handle all the mail as soon as the trains commence to carry it when Bingen will be the distributing point for the whole county back of it—Trout Lake, Camas, Prairie and White Salmon.

E. F. Huffsmitth, of Glenwood, was in town Saturday and made a business trip to Portland. Mr. Huffsmitth is putting in a large stock of dressed lumber, moldings, etc., in Bingen. Anybody wishing anything in this line will find that E. F. has very choice lot on hand here. Geo. Tams will attend to your wants.

Mrs. Grace Woodard, of Colorado, has been stopping at the Maple hotel the last three weeks. She is organizing another lodge in White Salmon, the Women of Woodcraft. She says the Maple hotel is the only place she can get a good, square meal.

Commencing Sunday, May 17, all trains on the North Bank road will stop for dinner at the Maple hotel, Bingen, No. 2, east, at 11:14 a. m., and No. 1, west, at about 1 p. m.

Ed. H. Skudorf, delegate to the county convention held at Goldendale May 9, returned Sunday and reports having had a good time with the boys, but is very much disgusted the way politics is managed in Klickitat county. This is his first experience as a delegate and he thinks it did him good just to see how the thing is run by the White Salmon and the Goldendale clique.

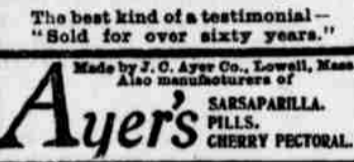

Bingen will likely have a newspaper of its own soon, then we will give some of these fellows a merry chase. We are on the map and will soon come to the front.

The old remedies are the best. Hickory Bark Cough Remedy has been used for over one hundred years by the old Dutch Dunkards of Pennsylvania and is still in use by all the old families of Western Pennsylvania. It is absolutely pure; made from the bark of the white or shell bark hickory tree. The bark is shipped from the east, and manufactured in Salem, Oregon. For sale by Chas. N. Clarke and all dealers.

Wants Co-operation. H. C. McAllister entered upon his duties as state fish warden May 2 and has issued a statement in which he takes an optimistic view of the situation regarding fishing in Oregon.

My Hair is Scraggly

Do you like it? Then why be contented with it? Have to be? Oh, no! Just put on Ayer's Hair Vigor and have long, thick hair; soft, even hair. But first of all, stop your hair from coming out. Save what you have. Ayer's Hair Vigor will not disappoint you. It feeds the hair-bulbs; makes weak hair strong.

Made by J. C. Ayer & Co., Lowell, Mass. Also manufacturers of SASSAPARILLA PILLS. CHERRY PECTORAL.

waters. McAllister has asked for the hearty co-operation of all men engaged in the business and says that he will conduct the office in an impartial manner. He has located his office in Portland, where he expects to be in a position to keep in closer touch with fishermen from all parts of the state. His statement follows:

"Having been appointed master warden by the honorable board of fish commissioners of the state, and having accepted same, will say that I will be the friend of every man engaged in the business, and I want every man's friendship, by respecting the fishing laws of the state to the letter, which I shall enforce as I find them. I shall aim to conduct the office on an impartial basis and at all times will respect the rights of all the men in the industry, regardless of whether or not they are on the upper or lower river. I want the support of every man in the business as well as the Washington commission and the men in charge of the United States fishery department.

"Working in harmony, I believe, within a reasonable time, that instead of a 300,000 case pack, we can increase it to 1,000,000. I intend to locate my office in Portland, having secured quarters in the Oregonian building, room 42, and will deem it a favor if the canners, or anyone engaged in the business, will give me any information that will help me to conduct the office in an intelligent manner. I shall also appreciate any information regarding the negligence of any officer holding a position under me. I want every man in the state to send me every possible item that may lead to the upbuilding of the fishing industry, for only through a united effort can we expect to obtain results of mutual benefit.

"I want to take this opportunity of thanking all my friends for the loyal support they have given me in obtaining this appointment, and I shall do all in my power to retain their confidence in me by conducting the office in an honest way."

"H. C. McAllister."

Mary Colton. Mrs. Mary Colton died at the residence of her grandson, C. J. Calkins, Friday, May 8, 1908, aged 80 years, 6 months and 24 days. The funeral was held Sunday at the residence, Rev. A. H. Lathrop officiating, and the remains interred at Idlewild J. E. Nichols had charge of the funeral arrangements.

The deceased was born in New York, moving to Grand Rapids, Mich., where she resided for forty years before coming to Oregon. She was a resident of Hood River for sixteen years, moving to Hood River about a year ago. She is survived by C. J. Calkins, a grandson, and her daughters, Mrs. Ellen Calkins and Mrs. A. L.
