G. A. R. ORDERS FOR MEMORIAL DAY

Portland, Oregon, April 22, 1908.
General Orders No. 5.

1. Forty years ago Gen. John A. Logan, of glorious memory, issued the following general order establishing Memorial Day, and the 26th annual encampment of this department at its session at Newberg directed it be read as part of the exercises of Memorial Day, by every post in the department.

Headquarters Grand Army of the Republic, Washington, D. C., May 5, 1868.

General Orders, No. 11.

1. The 30th day of May is designated for the purpose of strewing with flowers, or otherwise decorating, the graves of comrades who died in defense of their country during the late rebellion, and whose bodies now lie in almost every city, village and hamlet churchyard in the land. In this observance no form of ceremony is prescribed, but posts and comrades will in their own way arrange such fitting services and testimonials of respect as circumstances will permit.

We are organized, comrades, as our regulations tell us, for the purpose, among other things, "of preserving and strengthening those kind and fraternal feelings which have bound together the soldiers, sailors and marines who united to suppress the late rebellion." What can aid more to assure this result than by cherishing tenderly the memory of our heroic dead, who made their breasts a barricade between our country and its foes? Their soldier lives were the reveille of freedom to a race in chains, and their deaths the tatoo of rebellious tyranny in arms. We should guard their graves with sacred vigilance All the consecrated wealth and taste of the nation can add to their adornment and security is but a fitting tribute to the memory of her slain defenders. Let no wanton foot tread rudely on such hallowed ground. Let pleasant paths invite the coming and going of reverent visitors and fond mourners. Let no vandalism of avarice or neglect, no ravages of time testify to the present or to the coming generations that we have forgotten as a people the cost of a free and undivided republic.

If other eyes grow dull and other hands slack, and other hearts cold in the solemn trust, ours shall keep it well as long as the light and warmth of life remain to us.

Let us then, at the appointed time, gather around their sacred remains and garland the passionless mounds above them with the choicest flowers of spring time; let us raise above them the dear old flag they saved from dishonor; let us in this solemn presence renew our pledges to aid and assist those whom they have left among us, a sacred charge upon a nation's gratitude—the soldier's and sailor's widow and orphan.

11. It is the purpose of the commander in-chief to inaugurate this observance with the hope that it will be kept up from year to year while a survivor of the war remains to honor the memory of his departed comrades. He earnestly desires the public press to call attention to this order and lend its friendly aid in bringing it to the notice of comrades in all parts of the country in time for simultaneous compliance therewith.

111. Department commanders will use every effort to make this order effective. By command of

John A. Logan,
Commander-in-Chief.

N. P. Chipman, Adjutant General

11. The department commander does not presume to add anything to the eloquent words of our great commander-in-chief, wishing only to say that Saturday, May 30, 1908, will be observed with the usual services as Memorial Day, and urging upon all, both comrades and loyal citizens, a general and reverent observance of the day, which for forty years has been kept in honor of our noble dead. He would remind all that this day is not a holiday in the usual sense of that term, but rather a holy day, to be kept in loving remembrance of those heroic souls who gave up all men hold dear, for their country and its flag.

111. The department commander heartily commends to the comrades the beautiful custom of strewing flowers on the waters in loving memory of the brave men of the navy, who sleep in the "deep unfathomed caves" of the sea.

1V. Post commanders are urgently requested to arrange for services in the churches of the department May 24, the Sunday preceding Memorial Day. Let the comrades of the different posts make a speical effort to attend these services, thus showing their respect for the day and their loyalty to the supreme commander, as well as to their country and its flag.

V. The posts are urged to give special attention to the work of visiting the public schools during the week preceding Memorial Day. There is no more important work than that of teaching patriotism to the children and youth of our country, and there is no way in which it can be so effectively performed as in going to the school houses and talking to the young people. Let us not forget that the time for work is short, "for soon the night cometh, when no man can work."

V1. Post commanders are reminded that the reading of Lincoln's Gettysburg address should be a feature of the exercises held in observance of this day.

VII. Each post chaplain is requested to send promptly to these headquarters a full report of Memorial Day exercises.

By command of
S. F. Blythe,
Official, Department Commander.
C. A. Williams, Adjt Gen.

Humane Society Organized.

The Hood River Valley Humane Society has been organized with the following officers: H M Abbott, president; F. G. Coe, secretary; E H. Hartwig, treasurer The board of trustees consists of the three officers and Mrs S. E. Bartmess, Mrs. A. M Cunning and Mr. Goddard. The object of the society is "the prevention of cruelty to every living creature by all proper means, including humane education." Any person may become a member by signing the application blank and payment of $1 yearly dues. These membership fees are used for current expenses and for literature; also for prizes for composition on humane work. The main work of the society is education and not prosecution, as some think Prosecution will be resorted to only when prosecution is necessary. Any citizen can make a complaint to a district attorney, justice court, marshal or sheriff. This does not incur any expense on the complaintant or society. The fines go, by act of the legislature, to the school fund. The society wishes to secure members throughout the whole valley and receive the co operation of all interested in this work. There is a good interest and the officers expect to enroll at least fifty members within a short time.

Timely Suggestion.

After having been seriously ill for several weeks, Mr. Tyte-Phist was declared to be out of danger.

"What's the use of getting well?" he groaned, when the attending physician broke the news to him. "I'll have to pay your bill, and I know it'll be a mighty steep one!"

"What of that, my friend?" soothingly spoke the doctor. "Think what it costs to die in this town."

Mr. Tyte-Phist reflected a moment. "That's so," he said, his voice growing stronger. "I hadn't thought of that."—Chicago Tribune.

Fruit Prospects.

County Fruit Inspector E. C. Armstrong, in discussing the outlook for fruit in this country this year, said that prunes are badly damaged in the low lands and that there will be not more than half as many harvested as last year. Last year's cherry crop the inspector characterized as abnormal and said that this year's crop is very fair and will be more than half that of last year. Pears give promise of a very good crop in most localities. It is too early to tell much about apples, Mr. Armstrong said, tut appearances indicate that the crop will be good. Small fruit is promising, also. —Salem Statesman.

SIMPLE WASH CURES ECZEMA

Itching, Burning Skin Disease Routed Without Use o Injurious Drugs

Great inventors often have been praised for surrendering the secrets of their discoveries. Practically the same thing happened in the medical world in the case of Dr. Decatur D. Dennis, the eminent skin specialist of Chicago.

Dr Dennis, in his own office practice, discovered that pure vegetable oil of wintergreen, properly mixed with other simple remedies was practically a sure specific for Eczema, psoriasis, barber's itch, salt rheum, and other itching skin diseases. But the oil of wintergreen alone was found ineffective. It required other mild ingredients such as glycerine and thymol compounded with the wintergreen to produce the real eczema cure.

This compounded D. D. D. Prescription positively takes away the itch at once—the instant it is applied to the skin. This vegetable liquid does away with deleterious drugs so long used in an attempt to doctor the blood, whereas modern science has determined that eczema is first and all the time a skin disease.

If you want to know more about the merits of D. D. D. Prescription, call at our store. We vouch for this remedy.

Just a Guess.

It was Monday morning and the rent collector was pursuing his task. His bag was getting heavy when he reached the house of Mrs. McPherson. Little Johnnie opened the door and said: "Mother and father are out; will you please call Friday?"

"And why on Friday, my little man?" asked the collector.

"That's what I don't know," replied Johnny, "unless it's because we are going to leave on Thursday."

Danger in Delay.

Kidney Diseases are too Dangerous for Hood River People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Hood River.

W. J. Baker, Hood River, Oregon, says: "Every winter I have suffered from lumbago. As soon as the cold weather would come on I would be flat on my back, and although I doctored and tried many remedies I could not obtain the slightest relief. After suffering in this manner for three years my attention was called to Doan's Kidney Pills and I procured a box at Clarke's drug store. I used the contents of the first box and received more relief than from any of the doctor's medicines and other remedies I had ever used. I continued taking them and at present do not feel the slightest sign of kidney complaint. I give Doan's Kidney Pills the credit for the great change they have brought about in my condition."

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and catharties only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala.
