WASHINGTON, D. C. NEWS NOTES

PHILIPPINE SOLDIERS' MEDALS

Interstate Commerce Commission to Act on Lumber Rate Cases After July 1.

Washington, D. C.—Inquiries have been made of Senators and Representatives by soldiers who served in the Philippines as to the cause of delay in delivering the bronze medals which were authorized by the act of June 29, 1906. Investigation at the War Department discloses the fact that these medals are ready for distribution, but are sent out only upon application of the soldier. They are distributed by the Quartermaster-General, United States Army, and applications addressed to him here will be promptly honored.

The act authorizing the issuance of these medals provided for striking off such medals of bronze, bearing suitable device, "to each of the several officers and enlisted men and families of such as may be dead, who, having volunteered and enlisted under the call of the President for the war with Spain, served beyond the term of their enlistment to help suppress the Philippine insurrection, and who subsequently received an honorable discharge from the United States army, or who died prior to such discharge."

Those regiments from Oregon, Washington and other Western states which served in the Philippines after the close of the Spanish war, are entitled to these medals, and applications from individual soldiers, with a statement of service coming within the scope of the law, will bring forth medals from the Quartermaster-General's office.

The act to amend the National banking law, approved May 30, provides that the total amount of notes issued under the provisions of the act, secured otherwise than by United States bonds outstanding at any time, shall not exceed \$600,000,000. In order that the distribution of notes to be issued under the provisions of this act may be made as equitable as practicable between the various sections of the country, the Secretary of the Treasury will not approve applications from associations in any state in excess of the amount to which such state would be entitled on the basis of the proportion which the unimpaired capital and surplus of the National banking associations in such state bears to the total amount of unimpaired capital and surplus of the National banking associations of the United States.

The quota assigned to Oregon with a bank capital and surplus of \$6,170,000 is \$2,114,000.

According to a ruling made by Commissioner of Pensions Warner, it will not be necessary for soldiers' widows now on the pension rolls at a rate of less than \$12 per month to make any formal application to the department to obtain the increased rate provided for by the widows' pension bill signed by the President April 19 last. To all those now on the rolls the increase will take place automatically and the higher rate will be paid by the pension agent at the next quarterly payment upon receipt of the voucher properly executed. The rate of \$12 begins with the date of the act, April 19.

Widows not on the rolls who were married to a veteran prior to June 27, 1890, are required to make application, but do not have to prove dependence as before, or that the soldier died as result of his war services. Application blanks for this purpose can be obtained from senators or representatives.

It is doubtful if the decision of the Interstate Commerce Commission in the Pacific Coast lumber rate cases will be rendered much before July 1. Several weeks' work remains to be done, although every effort is being made to expedite these decisions. It is proposed to announce simultaneously the decision in all the Pacific Coast lumber rate cases, as the points involved are practically the same in all.

The supervising architect has announced that bids will be opened July 16 for public building sites 130x125 feet at Albany and La Grande and 140x140 feet at Pendleton, Or.

On recommendation of Congressman Hawley, Dr. E. R. Seeley has been appointed pension examining surgeon at Medford, Ore. vice Dr. W. S. Jones deceased.

PROMINENT MEN ARE ACCUSED

LAND FRAUDS IN EASTERN OREGON

Many Witnesses Are Yet to Be Examined and Further Indictments Are Expected.

Portland, Or., June 8.—Seven indictments, charging 11 prominent Eastern Oregon citizens with conspiring to defraud the government out of nearly 30,000 acres of unallotted Indian lands in Umatilla County were reported by the Federal grand jury in the United States court yesterday.

Prominent among the accused, of whom many reside at Pendleton, are: J. H. Raley, Democratic politician and lawyer; William Slusher, joint representative from Morrow and Umatilla counties in the 1907 legislature; Alonso Knotts, John W. Crow, John M. Wynn, William Caldwell and C. W. Matthews, wealthy ranchers and sheepmen, and John Vert, formerly of the First National Bank of Pendleton. Mr. Raley is named as defendant in six of the seven indictments.

The specific charge against the several defendants is that they solicited and procured persons to make false and fraudulent applications and affidavits for the purchase of the Umatilla lands, and for a consideration induced the applicants at the time they applied for the lands, or prior thereto, to make contracts whereby it was agreed that the lands so purchased should inure to the benefit of the defendants named in the indictments.

Murderer Caught After a Year. Riverview, Wash., June 8.—Robert Threl was arrested at Lind on a charge of murder committed a year ago in February in Bentonville, Ark. Stoutly denying that he was the man wanted in Arkansas, but after an hour's sweating and being confronted with letters he had written and photographs of the man wanted in the East, he broke down and cried like a child and admitted he was the man wanted. The sheriff from Bentonville is on his way here, but the washout has delayed him. Threl gave his name at first as Arthur James. He has a wife here, and they have been in the vicinity of Othello in this county for the past year, where he worked at the carpenter trade. He cut a man all to pieces, it is alleged, but he says the man lived some weeks.

Fairbanks in Race to Stay. Indianapolis, June 8.—So many false and misleading statements regarding Vice-President Fairbanks' can have been and are being made that Senator Homenway authorized the following statement: "The purpose of these reports is obvious and should not be given credence. Vice-President Fairbanks' name will be presented to the Chicago convention for the presidential nomination. Any report or intimation between now and the assembling of the convention at Chicago, from whatever source it may be attributed, that any variation will be made from Vice-President Fairbanks' present position may be put down as absolutely untrue."

8000 Acres Are Sold. Spokane, Wash., June 8.—At the sale of Brewer Flat state school land at Connelly, held by Land Commissioner Ross, Saturday, 8,000 acres were sold, leaving 855 acres unsold. The average price per acre was \$30. Total amount of sales is \$250,000.

Large Sawmill Burned.

Vancouver, Wash., June 8.—The Pittcock & Leadbetter lumber mill was almost entirely destroyed by fire this morning.

The mill proper, with all the machinery, is a complete wreck, much damage has been done to dock and a considerable quantity of lumber has been burned. The boiler room and the greater portion of the lumber in the yards have been saved, due entirely to the absence of wind.

The machinery in the mill is said to be valued at about \$150,000, and at a low estimate the other losses will aggregate \$100,000. Upon this there is an insurance of \$100,000. The plant will be rebuilt as soon as the loss is adjusted.

Protest Against Picture.

San Francisco, June 8.—A picture of General Robert E. Lee, leader of the Confederate forces, hanging on the wall of the high school at Redding, Cal., has precipitated an old-time row with the members of the G. A. R. as the active agents for its removal.

The picture was placed there two weeks ago by one of the teachers, and as soon as they learned of it the veterans protested.
