Get Oil and Gas

Word was received from Dufur this morning, which there was every reason to believe is authorative, saying that oil, as well as natural gas, had been discovered on land owned by the Beavis-May Oil Co Although only a short distance had been bored a considerable flow of oil and natural gas was the result. A card from Eugene Collins of Dufur, was later received by S. L. Brooks verifying the news.

It is stated that the oil flow was on the place of C. P. Balch.

If this proves to be a good well it means a great deal for the eastern Oregon country and coupled with her splendid fruit industry, Wasco county will indeed be in a position to be envied.—Chronicle.

A Millionaire's Baby

attended by the highest priced baby specialist could not be cured of stomach or bowel trouble any quicker or surer than your baby if you give it McGee's Baby Elixir. Cures diarrhoea, dysentary and all derangements of the stomach or the bowels. Price 25c and 50c. Sold by Chas. N. Clarke.

Her Debut.

Binks—My sister is coming out this spring.

Winks—How long was she up for? —Judge

Poison Oak Poisioning.

Ballard's Snow Liniment cures it. Mr. O. H. P. Cornelius, Turner, Ore. writes—My wife has discovered that Snow Liniment cures "Poison Oak Poisioning", a very painful trouble. She not only cured a case of it on herself, but on two of her friends who were poisioned by this same ivy. Price 25c, 50c and $1. Sold by Chas. N. Clarke.

A Pretty Steep Yarn.

"Ever hear about our little red hen? Well, sir she was on the set for keeps. Couldn't keep her off. Old door knobs, soda bottles, lamp chimneys, match safes—anything was good enough for her. Finally I put her on three mud turtles, and I hope to die if she didn't hatch out alligators! Yes, sir; three of 'em! One of e'm ate her up, and when we opened him there was the hen settin' on his back teeth, and they'd swelled up so they choked him to death!"

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drousiness, dropsy, deposits in the urine, ect. But if you keep the filters right you will have no trouble with your kidneys.

W. H. Root, Hill Heights, Hood River, Oregon, says: "I suffered a great deal from my kidneys for a long time. The disease being the result of a cold which settled in these organs. The secretions were too free in action, both day and night and were attended with severe pain. Whenever I attempted to stoop over, sharp twinges would catch me through the loins and cause the most intense suffering. I felt weak, tired and languid and my eyesight was affected. I was greatly annoyed by dizzy spells and nothing seemed to help me until I procured a box of Doan's Kidney Pill at Clarke's drug store. I used them according to directions and it wasn't long before I felt like a different man, without any sign of my trouble. Today my general health is excellent and for that reason, I cannot speak too highly in praise of Doan's Kidney Pills." For sale by all dealers. Price fifty cents. Foster-milburn Co., Buffalo New York, sole agents for the United States. Remember the name—Doan's—and take no other.

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

He Couldn't Be Trusted.

A train from the north pulled into the station of Charlottesville, Va. An elderly man thrust his head out of a window of a day coach and summoned a little colored boy. The following colloquy ensued:

"Little boy, have you a mother?"

"Yassuh."

"Are you faithful in your studies?"

Yassuh."

"Do you go to Sunday School?"

"Yassuh."

"Do you say your prayers every night?"

"Yassuh."

"Can I trust you to do an errand for me?"

"Yassuh."

"Well here's five cents to get me a couple of apples."

Twenty-Five Cents is the Price Paid of Peace.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price, 25 cents. For sale by Kier & Cass.

Willamette Valley Chautauqua.

The annual meeting of the Willamette Valley Chautauqua association convenes at Oregon City, Jul 7 to last 12 days. Glancing over the program we notice many commendable features

Among the most notable speakers we note the names of Senator John S. Williams, Robert McIntyre, Dr. B. L. Whitman, Dr. R A. Heritage and a large number of leading Oregon educators. Many instructive programs have been outlined and no doubt this will be one of the most profitable sessions, intellectually, that has ever been held.

Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentry. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and diarrhoea remedy which cured him and that saved his life.—William H Strobing, Carbon Hill Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by Kier & Cass.

Bingen Station Now White Salmon.

At last, says the Enterprise, White Salmon has been placed on the railroad map. On the first of the month the railroad company changed the name of Bingen station to White Salmon and everybody is happy.

We believe this change will be found of material advantage to the valley whose fruits and berries are known far and wide. Anything that helps the valley helps the town of White Salmon, therefore we will be benefited. This also can be said of Bingen. Whatever helps this town and valley is bound to be of material advantage to Bingen. And there are other ways in which our little sister city will be benefited.

They say that "All things come to those who wait." White Salmon has always contended for the name of the station. We were not so very particular where it was located, so long as it was located where we could get to it in a reasonable distance, but for the benefit of our shippers we wanted the station called by the name by which our fruit and berries are known in the markets of the world We thought from the first that the name of the station should be ours, but for a long time we were unable to make any impression on the railroad company, but after working through the strawberry season the company seem to have become convinced that it would be to their advantage to have the station called White Salmon.

Was in Poor Health for Years.

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of restoring the health of others." Refuse substitutess. Sold by C. N. Clarke.

Ferns Preserve Food.

Consul General Richard Guenther, of Frankfort, advises that a newspaper of that German city states that the fern plant, which grows almost every where, is an excellent presrevative for packing articles of food, fruit, etc. A summary of the article follows:

People who have lived in England have used it successfully for many years. Valuable fruit, fresh butter, etc., are no longer seen in the English markets packed in grapevine leaves, but amost always in fresh fern leaves, which keeps the articles excellently. This is done where grapevine leaves are to be had in abundance. Everyone posted well in botany knows the high preservative power of fern leaves with reference to vegetable and animal substances.

On the Isle of Man fresh herrings are packed in ferns and arrive in as fresh condition as when they are shipped. Potatoes packed in ferns keep many months longer than others packed only in straw. Experiments made with both straw and fern leaves in the same cellar showed surprising results in favor of ferns. While the potatoes packed in straw mostly showed signs of rotting in the spring, those in ferns were as fresh as if they had just been dug

Fresh meat is also well preserved by fern leaves. I would seem as if the highly preservative qualities of fern leaves are due to their high percentage of salt. No larvae, maggots, etc,. approach ferns, as the strong odor keeps them away

Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chambealain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—SAMUEL BOYER, Folsom, IOWA. This medicine is for sale by Kier & Cass. Samples free.

Cost of O. R. & N.

It took $789,249.28 to build the Arlington-Condon branch of the O. R & N. during 1905 and 1906, says the Oregon Daily Journal. It would take $1,179,866 to reproduce the road at the present time under conditions of labor and material holding now. This is the information given by the officials of the O R & N. as a result of investigations which have been carried on for some months in answer to a requets of the state railroad commission.

It also required $1,352,755 to construct the Riggs-Shaniko branch, and it would take $1,352,738 to reproduce the line The cost of the Pilot Rock-Pendleton branch, just completed, was $342 018.98

These figures just completed by the auditing departments of the different branches are the fore runners of similar figures on every line of railroad in the state over which the commission has jurisdiction. They have been compiled by the roads at the request of the commission, and will be checked over by the commission for possible error.

The statistics will be of great value to the commission and to the state for various reasons. They will furnish a basis of authentic statistics upon which assessors may rely in estimating the tax assessment of the properties. It will also furnish a base from which rates may be computed by the commission.

Before the task is completed the commission will require similar statements from the O. R. & N., the Southern Pacific and all lines under their jurisdicton, which embraces all railroads doing a carrying business outside the limits of an incorporated city or town.

It can't B Bat

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine Mr Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Test too for chills and malaria Sold under guarantee at Chas. N. Clarke's drug store. 50

Fishing Season.

Camping and fishing parties have already begun to go through Bend on their way to up-river points, and the number who thus take their annual outing promises to be as large as usual.—Bulletin.

Over Thirty-Five Years

In 1872 there was a great deal of diarrhoea, dysentry and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit It can always be depended upon, even in the most severe and dangerous cases. For sale by Kier & Cass.

Prospecting For Gold.

Quite a number of prospectors are now in Northern Lake looking for gold, and a number of local people have caught the fever and are planning prospecting trips. A "gold excitement" may be expected at any time.—Central Oregonian.

E. C. DeWitt & Co., Chicago Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours Very Truly, C. N. Cornell, Roding, Ga., Aug. 27, 1906." Sold by Keir & Cass.

Kodol will without doubt help anyone who has stomach disorders or stomach trouble. Take Kodol today and continue it for the short time that is necessary to give you complete relief. Kodol is sold by Keir and Cass.

Grants Station Discontinued.

Grants, as a station on the O. R. & N., is soon to be a thing of the past. The agent, telegraph and telephone lines have already been removed, and what little future shipping there is to do will be done without an agent.

Bert Barber, of Elton, Wis., says: "I have only taken four doses of DeWitt's Kidney and bladder Pills and they have done for me more than any other medicine has ever done." Sold by Keir and Cass.

Artesian Well.

At Roosevelt an attempt will be made to find artesian water. Men and machinery are now on the ground and work will soon begin on a well Means to carry on the work indefinitely are at hand and it is the purpose of the men in charge to sink the well two or three thousand feet before they give up the test. The work of these men, says the Cliffs Bulletin, will be watched with interest throughout the valley and if they succeed in striking a flow of water there it is not improbable that many more wells will go down.

Kennedy's Laxative Cough Syrup acts gently upon the bowels and thereby drives the cold out of the system. Sold by Keir and Cass.

As Per Contract.

"A penny for your thoughts," said she.

"I was wondering if you would marry me," said he.

Then, of course she had to give assent.—Pittsburg Post.

DeWitt's Witch Hazel salve is especially good for piles. Recommended and sold by Keir and Cass.

A Promise Kept.

She (reproachfully)—You promised me when you went off on the hill on this little fishing expedition you would drop a line or two every day.

He (earnestly)—My dear, I do assure you, I did nothing else.—Baltimore American.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him $100.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlains colic, cholera and diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used It in 1902 beleive it would have saved me a hundred dollar doctor's bill." Sold by Kier & Cass.

Now!!! Is the Time to Order Pacific (Peaceful) Electric Irons

Who cuts the wood on ironing day?
Who is it Muster Man?
Who carries in the wood? I say
Here is a better plan.

An iron to heat without the use
Of either wood or coal;
Attach it to your 'lectric juice
And you have reached the goal.

The iron stays bright with finest wear
It never more gets soot;
And never needs the least repair,
While Mrs. never scolds.

Your house is cool, your temper too,
The wood left on the pile,
The new iron beats the old for you,
It's got it skinned a mile.

We will place one of these labor savers in your home on 30 days free trial. If you like the Iron after giving it a thorough trial, we will sell it to you at cost to us. Price $4.50
