

BRYAN CONFIDENT OF NOMINATION

QUESTION OF VICE-PRESIDENT TO BE POSTPONED TILL LEADER IS CHOSEN.

If Democratic Convention Chooses Bryan, He Wants Hand in Naming Running-Mate.

Denver, Col., July 7.—The Bryan managers have at no time shown any nervousness over the renewed activities of the "allies," and Mayor Dahlman, of Omaha, one of the Bryan chiefs, made a very definite statement showing the expectations of the Bryan forces.

He expressed his views as follows: "Mr. Bryan will be nominated on the first ballot."

"The Bryan forces control 36 delegations and will have at least that many members of the committee on resolutions and possibly more. The platform adopted will be in accordance with Mr. Bryan's personal views and will express his well-known 'eas on all of the important political issues.'"

The question of the selection of a candidate on the Democratic ticket for the Vice-Presidency will not be determined until after the nomination of a candidate for the Presidency. This is the desire of Mr. Bryan and has been communicated to the Bryan leaders.

This desire on the part of Mr. Bryan has been received generally with favor. Most of the delegates agree that the situation can be sized up to better advantage after the first selection is made than before that event.

The present disposition is not only to postpone the selection of a Vice-presidential candidate until after the nomination for the first place, but to adjourn the convention for a long enough time to permit a general exchange of views among the leaders and to give the Presidential nominee an opportunity to express his preference.

Mr. Bryan has not hesitated in letting the fact be known that if the nomination for the Presidency goes to him he will desire to be consulted as to the choice of a running-mate.

The following injunction plank drawn by Former Mayor Dunne, of Chicago, has been given out. It was said that Mr. Bryan has requested Judge Dunne's membership on the resolutions committee, so it is believed that his plank represents Mr. Bryan's views:

"The right of a court of chancery to intervene and protect the status quo between litigants is unquestioned, but no such writ should issue except where it is clearly made to appear that irreparable injury will result unless the writ be issued immediately and without notice, and in such cases the motion to dissolve such injunction should take precedence of all other legal business in the court issuing such injunction, and shall be heard and determined before any other business is considered in such court. In all cases where injunctions are issued, with or without notice, an ample bond shall be exacted of complainant, sufficient to cover all damages resulting to defendant from the issuance of such a writ, including reasonable attorneys' fees incurred in moving to dissolve such writ. In all proceedings for contempt for violation of an injunction enjoining the commission of any act, which by the common law or by statute is made a crime, and which is not committed in the presence of the court, the defendant shall be entitled to a jury trial upon the issue of fact as to whether he has committed such crime and thus violated such injunction. We favor the passage of a law amending the chancery practice so as to secure these results."

Judge Alton B. Parker, of New York, is busy preparing a resolution with respect to the memory of the late Grover Cleveland.

The temporary officers of the convention are: Chairman—Theodore A. Bell, of California.

General secretary—Urey Woodson, of Kentucky.

Assistant general secretary—Edwin Sefton, Washington, D. C.

Assistant secretaries—Charles S. North, Atlanta, Ga.; H. C. Richmond, Fremont, Neb.; C. A. Nash, Perry, Ia.; Edward Cahill, Springfield, Ill.; Will Reid, Rawlins, Wyo.; Frank B. Rosa, Indianapolis, Ind.

The following is the committee on platform: California, Isidore Dockweiler; Colorado, Charles S. Thomas; Nevada, F. B. Newlands; Oklahoma, C. N. Haskell; Oregon, Robert D. Inman; Texas, M. M. Brooks; Utah, W. H. King; Wyoming, George T. Peck; Arizona, J. G. Stoutman.

Highwayman Robs Tillamook Stage. North Yamhill—Stepping from the brush and leveling a double-barrel shotgun at the head of the driver, a lone highwayman held up the North Yamhill-Tillamook stage last week.

He took a trifle over \$20 in change from the three passengers and the driver, cut open the mail pouch and took three of the four registered packages, leaving behind the one containing a box of shoes. The robber wore a white mask to hide his face. He was not in the least nervous and appeared to be experienced in the holdup game.

The mail sack was recovered a few yards from the scene of the holdup, together with the robber's coat and shirt. Bloodhounds from the State Penitentiary are assisting in the chase.

The holdup occurred about three and a half miles west of this city at the same point where the same stage was robbed six years ago. That robber was never captured.

Booth Found Not Guilty of Bribery. Portland—By a verdict reported in the United States Court last week, J. H. Booth, ex-receiver of the Roseburg land office, was acquitted of the charge of accepting unlawful compensation while serving as an official of the Government. Booth was indicted for furnishing advance information to Frederick A. Kribs, a timber land speculator of Portland, regarding the final cancellation of lieu land selections, and for which it was alleged he received \$800 on October 3, 1903. The jury reached a verdict 35 minutes after the instructions of Judge Wolverton had been repeated.

This is the first of about 30 of the so-called "Honey indictments" in which the government has failed to secure a conviction, and undoubtedly will have an influence on the trials that are to follow.

ADMIRAL THOMAS IS DEAD. Apoplexy Ends Life of Ex-Commander of Fleet. Del Monte, Cal., July 7.—Rear-Admiral Charles M. Thomas (retired), U. S. N., died here of a stroke of apoplexy. Admiral Thomas had left the dining-room of the Hotel Del Monte and was proceeding along the main hall in company with Miss Swinburne, daughter of Admiral Swinburne, when he suddenly fell to the floor. Several guests, including Admiral Swinburne, hurried to the side of the stricken officer. Admiral Thomas did not reply to a query as to whether he could help himself.

He was lifted to his feet by Admiral Swinburne and other men, who assisted him to his room. Before the room was reached Admiral Thomas' body suddenly became limp and it is thought he died at that moment.

Rear-Admiral Thomas was second in command of the Atlantic battleship fleet on its cruise from Hampton Roads to San Francisco. On the arrival of the fleet at San Francisco Admiral Thomas succeeded to the command on the retirement of Admiral Evans. He was in command of the fleet for five days at San Francisco, when he retired and was succeeded by Rear-Admiral Sperry.

ABE RUEF FINALLY RELEASED ON BAIL

RAIL BOND OF \$1,500,000 IS APPLIED—CONFINED IN JAIL 17 MONTHS.

Father and Sister of Prisoner Sign Obligation as Sureties—Hold Property in Trust.

San Francisco, July 7.—Abraham Ruef was released from the County Jail on bonds aggregating \$1,500,000, the largest amount ever given in a criminal case in this state. This sum is the aggregate bail upon 78 indictments, returned by the Oliver grand jury, charging Ruef with bribing the former Board of Supervisors in connection with the granting of franchises to public service corporations and upon which he was taken in custody by the prosecution as a sort of "prisoner of state," in charge of an ellor appointed by Judge Frank H. Dunne and a half a dozen private guards at an expense of about \$1000 a month.

Twenty sureties, including Ruef's father and sister, and himself, signed the bonds. It developed during the examination of his sureties that Ruef owned real estate in this city which he recently transferred to his father and sister, upon which a real estate expert, on the witness stand, placed a value of \$1,095,000. Ruef's income from this property was \$76,900 annually.

Ruef's next trial has been set for July 15 on one of the indictments charging him with bribery in connection with the granting of a trolley franchise to the United Railroads. Although he has been in custody for 16 months, he has been tried but once, the jury disagreeing after being out 44 hours.

START ON LONG VOYAGE.

Atlantic Fleet Sails From San Francisco for the Antipodes.

San Francisco, July 7.—Fresh from the drydocks, with bunkers full of coal and magazines filled with ammunition, freshly painted and looking as spry and span as the day they left Hampton Roads headed for the Pacific, the 16 battleships of the Atlantic fleet sailed at 2 o'clock Tuesday afternoon, two months and a day after it entered the portals of the Golden Gate at the end of a 13,000-mile voyage, the flower of the American navy, headed by the flagship Connecticut, under the command of Rear-Admiral C. S. Sperry, the third commander-in-chief since the fleet sailed from Hampton Roads.

The fleet will reach Honolulu on July 16, remain a week and then proceed to the Antipodes. Elaborate preparations for its entertainment have been made at Auckland, Sydney and Melbourne. The fleet will reach Manila after a visit to Japanese ports, about October 1. Before returning to Hampton Roads, the latter part of February, 14 months after starting from the Atlantic, the battleships will have sailed nearly all the seas on the globe and completed the most remarkable cruise in naval history.

Great Fall of Rain at Lincoln, Neb.

Lincoln, Neb., July 7.—Nearly all Lincoln is under water, the result of a storm which lasted for nine hours and assumed the proportions of a cloudburst. The flood not only caused an immense loss to property-owners and railroads, but has been attended by loss of life, the extent of which is not definitely known. An area of 25 square miles was covered with water from 2 to 15 feet deep. The Burlington and Northwestern passenger stations are two feet deep in water, while the Rock Island's lines were washed out both north and south of the city.

Last Felt is \$1,000,000 Bridge.

Portland, Or., July 7.—The last piece of steel in the framework, the last beam and girder of the \$1,000,000 double-track bridge of the North Bank road across the Willamette River is in position. Inside of 30 days trains will be able to roll down from Pasco, 220 miles away, into Portland. This will enable the Hill people to fulfill their prophecy made many months ago that trains would be running into Portland not later than August 15.

SERIOUS QUESTION CONFRONTS COUNCIL

The Council met Monday evening in regular session and expected to suspend the rules and pass an ordinance for calling an election to change the charter, but owing to the absence of Councilman Horstner the matter will have to wait over the customary two weeks.

Mr. Horstner expected to be in on the evening train, but was unable to do so.

After the reading of the minutes the reports of the recorder and treasurer were received and referred to the finance committee.

A petition to set aside Fifth street between Oak and State, for park purposes, signed by adjoining property owners, was referred to the judiciary committee.

Resolutions were passed to change sections of the charter so that council can call a special election for the purpose of providing a greater amount of money for the contingent expenses of the city during the coming year. The present charter limits the indebtedness of the city to \$2,500 and the resolution as passed provides that this indebtedness can be increased to \$5,000 with the consent of the taxpayers. Also to provide money for street work that calls for the removal of obstructions or improvements to streets that would practically confiscate adjoining property.

The ordinance requiring cement sidewalks in the fire district, was passed. At the request of Dr. Elliot an ordinance was introduced allowing side entrances to corner buildings on city streets, and also overhead walks and balconies, in the discretion of the council. Dr. Elliot was present and addressed the meeting on behalf of the ordinance, as he wishes to put a walk over the area-way leading to the corner of his new building. He stated that there was a number of such arrangements in Portland, some of which were granted recently. He stated that all modern cities favored commercial buildings on slanting streets where needed, otherwise such buildings would be crippled in their use of the side street for the ground floor. He stated that he did not wish to see anything that would interfere with the rights of others or which would be a detriment in any way. The ordinance was referred to the judiciary committee.

The following bills were allowed and ordered paid: E. W. Fouts, rebate on saloon license, \$51.80; Achley & Staats, rebate on saloon license, \$31.10; Geo. Fox, rebate on saloon license, \$30.61; E. J. Hall-Lewis, balance on sewer contract, \$222.00; Jacobson & Bahr Co., connecting sewer with flush tanks, \$51.90; F. M. Hall-Lewis, surveying sewer district No. 2, \$31.25; J. J. Lantry, rebate, \$1.75; Kamona Hotel, boarding prisoners, \$30.40; G. Edgington, work on streets, \$8; H. Levior, work on streets, \$6; Dabney & Co., supplies for jail, \$2; T. L. Smith, work on streets, \$8; W. G. Unger, marsh-hill salary, \$75; H. Lewis, watchman salary, \$60; Pioneer Co., team work, \$1; Electric Light Co., \$49.25; H. H. Hester, supplies, \$1; Good Water, District Co., work on sewer contract, \$12.

A truck was taken until the arrival of the 10:40 a. m., and C. D. Nickerson was appointed recorder pro tem, because of Nickerson being unable to remain.

Councilman Horstner not having arrived, Ordinance No. 158, relating to a special election for the purpose of changing certain provisions in the charter, passed its first reading, and was referred to the judiciary committee.

BARRETT.

Dr. Wright of Portland spent the 4th at his ranch. The doctor is contracted with a gang of Austrians to clear up some land which he purchased of J. J. Gibbons.

Quite a number of young people in this district made a trip to the falls and the Punch Bowl on the 4th. Some of them went in hay wagons, some luggies and some in hacks, but like St. Paul they all returned safely home.

Grandpa Boorman and wife spent the 4th at the home of F. C. Sierrish.

A large number of people from here spent the 4th at Grange Park. They report a very enjoyable time. The singing by the assembly was very good also the music by the Hood River band and the display of fireworks made by the little brown men of Japan.

CRAPPER.

The strawberry season is about over in this neighborhood. The average is smaller than in former years but the quality of the fruit is excellent and prices fairly remunerative.

Rev. and Mrs. Henson of Belmont were visitors in this neighborhood one day last week.

Mrs. Prange's new house is a "thing of beauty" and we hope that it will be a joy forever.

The Sunday school and other religious services at the former held in the school house, will in the future be held in Oak Grove.

Almost the entire population of this neighborhood attended the celebration at Grange Park on the Fourth.

MOSIER.

Mr. and Mrs. George Huskey and babe came up from Brownsville Monday to spend a while with George's folks.

Roy E. Thomas, forest ranger at Mt. Hood, came down and spent Tuesday night at the hotel on his way to Portland to spend a few days.

Miss Gertrude Davenport went to Portland Wednesday to spend a short time with relatives.

Miss Imogene Thomason returned to her home at Turner after spending a month with her aunt here. Her sister came up on the local Thursday to spend a short time here.

Elmer Davidhizar has returned home from Souther after being gone for over two months.

Mrs. E. K. Vickers came down from the Dalles Friday and spent a couple of days at the Park Evans home.

The Modern Woodmen of America gave an ice cream social Friday evening to the K. N. of A. and friends. The Woodmen did some drilling before serving ice cream which was enjoyed by all.

Mr. and Mrs. W. A. Husbands and two children and a couple of days with Mrs. Husbands' sister, Mrs. G. H. Rorden.

Mr. and Mrs. Elmer Davenport came up from Portland and spent a few days with Mr. Davenport's mother.

Mr. and Mrs. Jim Hadson came up from Hood River to spend a few days at the Wm. Hadson home here.

Mr. and Mrs. E. B. Woods and two daughters came down to visit relatives here.

Park Stargess came up from Portland to spend the Fourth with his mother.

Mr. and Mrs. J. W. Aldrick and daughters Ruth and Florence came up Saturday evening to spend Sunday with old friends.

Lewis Hodge returned to his work at Mitchell Point Sunday after spending the Fourth here.

Secrecy of Water at The Dalles.

Superintendent of the Water Commission, James Crossen, recently called the attention of the people here to the fact that they are using too much water, and that they will have to do with less.

The creek is full of water, but there are only two pipes, one of 14 inches and the other 10 inches capacity. These two pipes cannot supply the reservoir at the rate the water is being consumed. In cases of a conflagration the fire department would undoubtedly be crippled because of the water supply being so low in the reservoir.

The water commission states that the citizens are wasting water right along regardless of the request made through this paper to be conservative in the use of water. A meter system such as is used in larger cities will have to be inaugurated here if the people do not use the water more systematically.—Dalles Chronicle.

Rev. Wood has Resigned.

Turner, Ore., July 1

Editor Glacier: I am here at our yearly church convention, known as the Oregon Christian Missionary Convention, from June 22 to July 5.

Please announce that Rev. F. A. Emerson of Moore, Mont., will preach at the Christian church July 12, 10:30 a. m. and evening, with a view of locating with the church as minister, and I have resigned. All members requested to be present.

Yours truly, W. A. Wood.

Early Rose seed potatoes at Whitehead's.
