This is where fruit large and small grows to perfection and commands the highest market price.  
70 acres, 3 1/2 acres set to orchard last spring, mostly apples and peaches and all good varieties, clean and healthy; other small fruit. About 25 acres good fruit land, several acres slashed and burned, remainder of tract good pasture land. 1 1/2 story house 4 rooms down stairs, root house, barn, wood house, chicken house and park. If sold at once can be had cheap. Only three quarters of a mile out.  
52 acres, located at Hood station, 25 acres in cultivation, 15 of which is in grass growing 3 crops per season and good pasture; 21 Newtowns and Spitz trees one year old; small fruit for family use. This is first-class for early fruit and will grow vegetables unsurpassed. House, barn, chicken house and park and other necessary outbuildings. Any one wanting a good home will do well to write or see me at once for full particulars.  
A Specialty of Small Tracts.  
We have now completed the survey of a large tract and can furnish from 1/2 to 2 acres up. Come and make your selection as a delay means that you will pay more money as prices are advancing.  
I have also Klickitat County grain and grazing lands, highly improved farms at reasonable prices.

## NEW PACKING LAW PROPOSED

WILL EFFECT THE ENTIRE COUNTRY

Provides for Standard Grading and Packing and Will Be Pushed by Shippers Association

At the annual meeting of the International Apple Shippers Association which will be held this year, August 6th and 7th at Niagara Falls, one of the most important measures that has ever been framed in regard to apple packing and shipping will be brought up for consideration. The measure has already been introduced in Congress by Representative Porter of New York and is expected to receive the unqualified endorsement of the shippers association and growers as well.

Section 1. That the provisions of this act shall apply to closed packages of apples that are, or may be, transported from one state or territory of the United States, or the District of Columbia, to another state or territory to another place in the United States or from any place in the United States through a foreign country to any other place in the United States.

Section 2. That in this act, unless the context otherwise requires, the expression "closed package" means a barrel, box or basket, of which the contents cannot readily be seen or inspected when such package is prepared for market.

Section 3. That in this act the following classifications for closed packages of apples shall be adopted as standard packages:

Section 4. That every person who, not being an authorized government inspector, willfully alters, effaces or obliterates wholly or practically any of the marks prescribed in this act for "closed packages" of apples, or causes the same to be done, shall be liable to a fine of not less than twenty five (25.) cents, and not more than five (50.00) dollars for each package upon which the marks have been so altered, effaced or obliterated; and further, That every person, corporation or firm, who shall be found guilty of having, either personally or through the agency of others, willfully marked closed packages of apples as to capacity of package, as described and provided for in this act, shall, upon conviction, be subjected to a fine of not less than twenty-five cents (25c.) cents, and not more than five (50.00) dollars for each package so mismarked.

## GET \$12,000 FROM WASCO

OUR SHARE OF PUBLIC MONEYS

Commission Completes Its Work of Dividing Funds After Much Tedious Work.

After considerable tedious work, County Judge Derby, of Hood River and County Judge Lake, of Wasco, as commissioners, have agreed on the proportion of money which the new county is entitled to under the law providing for the creation of a new county. Chas. H. Sprout, of Hood River, was named as one of the commissioners in the bill creating the county to serve in this capacity, but refused to act and Mr. Derby was appointed by the governor to serve in his place.

The settlement was finally agreed upon last Wednesday and will give the new county a sum from the various funds in the neighborhood of \$12,000. The agreement as to the amount which Hood River county is to receive was reached without any friction and the relations of the commissioners were amicable throughout the transaction.

As its share of the county court house property the new county will receive \$2,614 in cash and also about \$2,000 in cash from the general fund. These amounts will constitute the general fund of the new county and will become available immediately. From the general fund it will receive \$2,136.80, and \$2,334.40 will be turned over to Hood River county from Wasco, from the county school fund. It will also receive \$334.31 from the library fund; \$19.00 from the institute fund; \$23.00 from the indemnity fund and \$2,103.34 from the special school tax fund.

There is still unpaid on the 1907 tax roll an amount approximating \$10,000 which when collected will probably give the new county \$3,000 to be added to its general fund.

In the settlement the state tax due from the new county was deducted and paid over to the state.

It was the duty also of the commissioners to pass judgment on several minor transactions in settling up the affairs of the two counties that are not of any particular interest and would require laborious details. It is expected that the settlement will prove satisfactory to the people of both counties as it is to the commissioners, one of whom stated at the conclusion of the work: "You may say for us that the settlement has been made to the satisfaction of the commission appointed by the governor to do the work, and that though the work progressed slowly, owing to the necessity of tracing up accounts in the records, when completed it represents the due quota of both Hood River and Wasco county as nearly as we could get at it. We trust the work will prove satisfactory, as we were particularly careful that each county should receive its just proportion of the funds."

Newton Clark Resigns Office.  
Newton Clark, for many years a resident of Hood River and father of W. L. Clark, tendered his resignation as Grand Recorder of the A. O. U. W. this week. Mr. Clark, who was interviewed by the Telegram Monday in regard to his resignation said: "I am getting too old to serve longer," Mr. Clark said today. "I am in my 71st year and I shall retire from active life for the remainder of my years. I have been grand recorder for 20 years now, and I think I have a right to rest.
