Some Warm-Weather Salads.

"One of the prettiest of the luncheon or supper salads is made by cuting the top from green pepper, removing the seeds with a knife or a stick—they burn the skin if touched with the fingers—and filling the basket thus made with chicken or lobster salad," says Christine Terhune Herrick in the August Woman's Home Companion. "Each pepper may be placed on a lettuce leaf and crowned with a spoonful of mayonnaise. Another salad is prepared by hollowing a tomato and filling it with dice of cucumber, or peeling a cucumber, cutting it in half lengthwise, scooping out the inside, and replacing this with dice of tomatoes. Serve either tomato or cucumber on a lettuce leaf, and garnish with cucumber ribbons. These are made by shaving the peel from the outside of a cucumber and then slicing this. Take a slice—it should be rather thick—and with a sharp knife cut this in a spirsl, as you would pare an apple. The shaving must be very thin, as it is not long before the seedy center is reached, and only the flesh of the cucumber will serve for the ribbons. Cucumber boats filled with shrimps are a satisfactory dish for a cold supper. Mayonnaise is served with this, or a good boiled dressing. The cucumbers halved and filled with other sliced or diced cucumber, served on lettuce, garnished with cucumber ribbons and with strips of the scarlet sweet pepper cut very thin, make a very good dish."

Good Roads Convention.

No meeting was ever called in Oregon which has attracted the universal enthusiasm that has been created by the Oregon Goods Roads Conference, which is to be held in convention Hall, 6th floor, of the Portland Commercial Club on Tuesday, Aug. 11th. An effort will be made to call the meeting to order promptly at 9:30 a. m. so that there may be morning, an afternoon and an evening session. The railroads have made a rate of a fare and a third for the round trip for this occasion. Delegations representing every grange, the commercial bodies, and the different counties to be appointed by the county judges, are already reporting that they will be present. Every editor in the state is a delegate at large, as is the mayor of every city, and every county commissioner. A program is being prepared, but every effort will be made to get rid of long winded speeches and to get down to actual work that will produce results.

Will Stay in Hood River

The remedy that makes you eat, sleep and grow strong, called Palmo Tablets will be sold regularly by Williams Pharmacy, Hood River. These great nerve and constitution builders cost only 50c per box, six boxes, $2.50. tf

Thinning Fruit.

The labor of pruning and spraying and cultivating, no matter how intelligently it may be done, may all be wasted unless one other thing is done. Remember that a fruit tree is like a "willing horse" that takes upon itself a load it cannot carry. There is a limit to the amount of fruit a tree can bring to perfection and the wise orchardist will see to it that the tree is not overloaded. The horticulturists who have demonstrated the value to the practice tell us that thinning the fruit is just as essential as pruning and spraying and cultivating. One good apple is worth two or more poor ones when you are seeking gilt-edged prices.—O. A. C. Bulletin.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him $100.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlains colic, cholera and diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 beleive it would have saved me a hundred dollar doctor's bill." Sold by Kier & Cass.

Editor Gets Left.

Editor Pacius, leader of the Mabton band, is a widower and like most of his kind, is always looking out for a catch. Last Saturday, while on the platform at the celebration, he was gazing upon Klickitat's fair damsels and his eye fell upon one who was above the average in looks and who took his eye and he told Billy Verron who was with him that he was going to make a catch on her as soon as the program was over. As soon as he was at leisure he and Billy started through the crowd, Pacius looking for the object of his affections and when he found her she was helping her push a baby carriage. Don't tell Pacius about this or you will get licked.—Bickelton News.

It can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine. Mr Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at Chas. N. Clarke's drug store. 50.

Yakima Petition 40 Feet Long.

The National Issue league of North Yakima will present to the city council next Monday evening a monster petition for the abolition of a saloons in North Yakima.

As petitions go, this document is near the record. It will be over 40 feet long and will carry the signatures of over 2000 citizens of North Yakima and the surrounding country. Several men are at work securing signatures to the paper and but for the rush to sign in such large numbers the petition would have been presented last Monday.

Dr. Granville Lowther is one of the prime movers in the anti-saloon work, and stenographers in his office have about 16 feet of the paper constructed.—Spokesman Review.

WHAT THE KIDNEYS DO.
Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes though the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drousiness, dropsy, deposits in the urine, ect. But if you keep the filters right you will have no trouble with your kidneys.

W. H. Root, Hill Heights, Hood River, Oregon, says: 'I suffered a great deal from my kidneys for a long time. The disease being the result of a cold which settled in these organs. The secretions were too free in action, both day and night and were attended with severe pain. Whenever I attempted to stoop over, sharp twinges would catch me through the loins and cause the most intense suffering. I felt weak, tired and languid and my eyesight was affected. I was greatly annoyed by dizzy spells and nothing seemed to help me until I procured a box of Doan's Kidney Pill at Clarke's drug store. I used them according to directions and it wasn t long before I felt like a different man, without any sign of my trouble. Today my general health is excellent and for that reason, I cannot speak too highly in praise of Doan's Kidney Pills." For sale by all dealers. Price fifty cents. Foster-milburn Co., Buffalo New York, sole agents for the United States. Remember the name—Doan's—and take no other.

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Will She Get Him?

The man I wish to marry, says a contributor to the August Designer, is one who would, if necessary, when washday comes, roll up his sleeves and bend his back over the washtub; who would be the first to turn out on cold winter mornings and build the fires; who would be ready to walk the floor at midnight with a colicky baby; who would spend many of his evenings at home with me instead of loafing around bar-rooms, street corners, or other places of amusement, talking slap-trap and politics; who does not indulge in intoxicants of any kind, who does not consider that he is it. In short, I wish to marry a man. As to looks and age, while they count, nevertheless they are a minor consideration.

Terribly Scalded

is something we hear or read about every day of our lives. Burns and scalds either slight or serious are bound to happen in your family, be prepared by having a bottle of Ballard's Snow Liniment handy. It relieves the pain instantly and quickly heals the burn. Sold by Chas. N. Clarke.

Playing Allegro.

When the mother returned from a shopping tournament, the first thing that met he reyes was a lump on little Willie's headfore.

"For goodness' sake!" she said. "How did he get it?"

"'Tis frum th' boomp he got," the new nurse explained. "Ye tould me, ma'am, to lit him play on the pianny if he wanted to, an' wanst, he slid too far, ma'am."

Twenty-Five Cents is the Price Paid of Peace.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price, 25 cents. For sale by Kier & Cass.

Good Roads in Other States.

The number of miles of road way in the United States in daily use is 2,150,000, and the greater portion of this is composed of earth roads. The subject of building good roads is therefore founded on solid facts, especially when it is known that the farmersof the country are annually losing over $27,000,000 by having to transport their produce over bad roads.

Of the eleven legislatures in session ast winter, six made better road laws. New York issued $5,000,000 in bonds for road improvement, and has suggested a tax per weight on automobiles. New Jersey, the first state to adopt the principle of state aid in this matter, has improved 1,235 miles at a cost of $7,000,000 since the law was passed. California does not give state aid, but has a law permiting localities to help themselves in this matter, so a movement is on foot between several counties to create a bonded indebtedness of $5,000,000 for road improvement while the California State Automobile association is primarily a good roads association. Missouri last year created the office of state highway engineer, looking toward internal improvements.

Poison Oak Poisioning.

Ballard's Snow Liniment cures it. Mr. O. T. P. Cornelius, Turner, Ore. writes—My wife has discovered that Snow Liniment cures "Poison Oak Poisioning", a very painful trouble. She not only cured a case of it on herself, but on two of her friends who were poisioned by this same ivy. Price 25c, 50c and $1. Sold by Chas. N. Clarke.

Yakima Apples Grow Whiskers.

Apples with whiskers on them are the latest discovery at Yakima and some of the fruit effected, found in Fruitvale, has been sent to the state authorities for examination. The growth is believed to be a disease.

Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentry. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and diarrhoea remedy which cured him and that saved his life.—William H. Stroling, Carbon Hill Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by Kier & Cass.

A Millionaire's Baby

attended by the highest priced baby specialist could not be cured of stomach or bowel trouble any quicker or surer than your baby if you give it McGee's Baby Elixir. Cures diarrhoea, dysentary and all derangements of the stomach or the bowels. Price 25c and 50c. Sold by Chas. N. Clarke.

To Pie for them.

A dispatch from Salem says that two new elements have entered in the local cherry market. The Holmes Canning company of Portland, has commenced buying in competition with the local cannery and a large pie factory in New York city is buying tons of Salem cherries for its use.

The New York pie factory is said to be the largest institution of the kind in the world. It makes nothing but pies and supplies this staple article of American trade to all cities within reach of the metropolis.. Thousands of pies are made every day. The company has arranged with Tillson & Co.. of this city, to pack Oregon Royal Anne cherries in barrels. The cherries are stemmed and then pitted, an automatic pitting machine being used for that purpose. A ton and a half of cherries can be pitted by one machine in 10 hours.

The pitted cherries are packed in syrup in 50-gallon barrels and will be shipped to the pie factory in carload lots. As the pie manufacturers use immense quantities of fruit they can use a barrel of cherries before the fruit will spoil after the barrel is opened.

Over Thirty-Five Years

In 1872 there was a great deal of diarrhoea, dysentry and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by Kier & Cass.

Was in Poor Health for Years.

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of restoring the health of others." Refuse substitutess. Sold by C. N. Clarke.

Want American Fruit.

Fruit cannot be successfully grown in the prairie country east of the Canadian Rockies and the people of that vest region will want our products. As a large part of the population there—estimated at from one-fourth to one-half—are American products and manufactures, and if we had reciprocity with Canada they would come here to place their orders.—Spokesman-Review.

Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chambealain's Stomach and Liver Tablets, which did her so much good that she coninued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by Kier & Cass. Samples free.

Walla Walla Ships Apples.

Apples are being shipped from orchards near Walla Walla to cities all over the northwest. The fruit is well flavored for so early in the season and meets a strong demand at good prices. Peaches, all the early varieties, are being packed in large quantities, but the real crop, those of late varieties, will not be on the market for several weeks.

Bert Barber, of Elton, Wis., says: "I have only taken four doses of DeWitt's Kidney and bladder Pills and they have done for me more than any other medicine has ever done." Sold by Keir and Cass.

Electric Irons

Who cuts the wood on ironing day?
Who is it Mister Man?
Who carries in the wood? I say
Here is a better plan.

An iron to heat without the use
Of either wood or coal;
Attach it to your 'lectric juice
And you have reached the goal.

The iron stays hot with hardest wear
It never more gets cold;
And never needs the least repair,
While Mrs. never scolds.

Your house is cool, your temper too,
The wood left on the pile,
The new Iron beats the old for you,
It's got it skinned a mile.

We will place one of these labor savers in your home on 30 days free trial. If you like the Iron after giving it a thorough trial, we will sell it to you at cost to us. Price $4.50
