Big Fruit Yield on Snake River.

The outlook for the fruit industry on Snake river is bright and growers are looking forward to a prosperous season. J. W. Offield, who owns an orchard of 75 acres across the river, on the Garfield county side, two miles below Wawawai, is in town with a load of fruit and reports conditions encouraging. Mr. Offield has contracted all of his fruit that is fit for shipping long distances at prices as good as or better than he received last year.

For peaches, averaging 90 or less to the box, he gets 40 cents, the same price he received last year. Apricots, plums and prunes are contracted at 45 cents per crate, an advance of 5 cents over last year's prices. Pears are sold for 80 cents per box, as against 75 cents last season. He did not contract his cherry crop, but consigned it and got an average of 40 cents per box, at the wharf, which, while not a big price, leaves some profit and he is satisfied with its return for this year, when the cherry crop was enormous, and, owing to railroad blockades, the market was glutted at a time when the bulk of the crop was ready for market. Mr. Offield had 2000 boxes of cherries this season.

He has one of the best vineyards on the Snake river and it is not irrigated. The grapes are planted on a high rise and can not be irrigated, but the vines are thrifty and while only four years old, have yielded well, giving an average of a crate to the vine last year. It is believed the Snake river orchards will produce more fruit than last year.

Chronic Diarrhoea Relieved.

Mr. Edward E. Henry, with the United States Express Co., Chicago, writes: "Our general superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack of the old chronic diarrhoea. I have used it since that time and cured many on our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years ago in the 23d Ohio regiment, and have no ailment except chronic diarrhoea, which this remedy stops at once." For sale by Keir & Cass.

Surveying Railroad for Central Oregon

Robert Rea and the party of Central Oregon surveyors reached Madras the last of the week, having practically completed the survey for the projected line between this place and Oneil. They came to Madras last Friday evening and pitched their camp, and next day "backed up" three miles on the survey in order to make some slight changes in the line where it comes into Madras. The new survey practically follows the old Columbia Southern survey, though a few changes have been made where the line comes into Madras and where it crosses Crooked river, near Oneil, a slight reduction in the grade having been found possible at both of these places. The old survey got out of Crooked river on a 1.6 per cent grade and out of Willow creek basin on practically the same, while the new survey reduces the grade about .1 per cent, so that the heaviest grade on the line will be a 1.5 per cent.—Madras Pioneer.

Excellent Health Advice.

Mrs. M. K. Davison, of No. 379 Gifford avenue, San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Chas. N. Clarke's drug store 50c.

Argument for Good Roads.

Hon. Wilbur K. Newell, president of the Oregon State Board of Horticulture, and equally well known in Washington, has, at the request of the Oregon Development League, condensed his ideas on good roads into one hundred words, and they tell the story:

"Bad roads nullify advertising, repel immigration, increase cost of living, render the automobile useless and deprive the farmer of rural free delivery.

"State aid and supervision of road construction is essential.

"In equity—because a public benefit, state should pay 25 per cent of the cost, county 50 per cent and the adjacent property 25 per cent.

"For thoroughness—trained engineers and strict supervision of all work

"For economy—levy taxes and pay as we go, or on short time certificate plan.

"For education—regular and correspondence courses in road building at Oregon Argicultural College and University of Oregon.

"Let us build good roads all summer instead of talking about them all winter."

Disagreeable at Home.

Lots of men and women who are agreeable with others get "cranky" at home. It's not di-position, it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it.

Price 50 cents per bottle. Sold by Chas. N. Clarke.

"Some people," grumbled Groucher, "make me sick."

"I should think nearly everybody would make you sick," replied Dicks

"Indeed! Why?"

"Reciprocity, you know."

Diarrhoea Cured.

"My father has for years been troubled with diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle, of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhoea Remedy advertised in the Philippi Republican and decided to try it The result is one bottle cured him and he has not suffered with the disease for 18 months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although 60 years old can do as much work as a younger man." Sold by Keir & Cass.

ACT QUICKLY

Delay Has Been Dangerous in Hood River.

Do the right thing at the right time.
Act quickly in times of danger.
Backache is kidney danger.
Doan's Kidney Pills act quickly.
Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this.

Mrs. C. Hoctor, 1006 Bluff street, The Dalles, Ore., says: "Doan's Kidney Pills have been used in our family many times, and the results have always been satisfactory. A few months ago our little girl began to complain of pain in her back. The aching kept getting more annoying until I got a box of Doan's Kidney Pills. Less than one box entirely rid her of the trouble, and she has not complained of it since."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P., of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a God send to me." Chas. N. Clarke.

Wants It Hoodriverized.

In exhorting the residents to a more united effort at Astoria the Morning Astorian says:

What we need in this city and county is to be "Hood Riverized," "Eugenized;" to know surely, devoutly believe and say candidly and often and truthfully that this is the one best spot on earth for the investments of the home seeker, the industrialist, the man of commerce; prove it, and get him in here by the honest allurement of every concession that pride and interest can devise and grant. Nothing short of this is ever going to put us up in front and keep us there; and there are none to do it but ourselves..

Hay Fever and Summer Colds.

Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you it will give instant relief." The genuine is in a yellow package. C. N. Clarke.

No Use.

"If I should attempt to kiss you now," he asked in a trembling tone, "I suppose you would struggle desperately with me, wouldn't you?"

"Well," she replied, "have just paid $1.50 to have my hair dressed, and wouldn t dare to struggle too much for fear it might be spoiled. I want it to look well at the opera tonight. You have no idea how easily one's hair is shaken down if one attempts to—oh, well—I— thought you were going to—to—are you fond of fudge?"

Orino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion. If it fails, the manufacturers refund your money. What more can any one do? Chas. N. Clarke.

Too Rough for the Cows.

Mrs. Rorer, of cook-book fame, tells of seeing a maid drop and break a beautiful platter at a dinner recently. The host did not permit a trifle like this to ruffle him in the least.

"These little accidents happen 'most every day," he said, apologetically. "You see she isn't a trained waitress. She was a dairy maid originally, but she had to abandon that occupation on account of her inability to handle the cows without breaking their horns."

Granulated Sore Eyes Cured.

"For 20 years I suffered from a bad case of granulated sore eyes," says Martin Boyd, of Hekrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is for sale by Keir & Cass.

Porcupines Destroy Trees.

Porcupines are proving to be a pest at the Cove Orchard, and a number have been killed there in the past week or so. Fred Fulgham, who works at the Cove, killed three of them Thursday. The porcupines are attracted by the tender berry sprouts and the leaves on the fruit trees, especially the pear trees, several of which they neatly stripped of foliage. They do not eat the fruit, but pull off the leaves and the young sprouts from the berry vines and one of them can do a good deal of damage in one night.—Moro Observer.

The Town of "No Good."

Kind friends have you heard of the town of No Good, on the banks of the River Slow, where Some time or other scents of the air and the soft Go easies grow? It lies in the valley of What's-the-use in the province of Letther slide; it's the home of the reckless I-don't-care, where the Give-ups abide. The town is as old as the human race, and it grows with the flight o. years It is wrapped in the fog of the idler's dreams; its streets are paved with discarded schemes, and are sprinkled with useless tears.—Exchange.

Interesting Items of Fruit.

The shipments of fresh deciduous fruits from California up to June 24 this year were 839 cars, compared with 392 cars up to the same date last year; 193 cars of cherries were shipped as against 93 last year.

The Allen cannery, at Eugene, has packed 9000 cases of Royal Ann cherries this year against 6000 cases last year. The total output of canned cherries for this season from the cannery is said by the Guard to have amounted to 250 tons. The large season's operations was due to the arrangement with the Fruit and Vegetable Growers' Association.

Sixty-one carloads of pears, peaches and plums were shipped east from Sacramento, Cal., July 21. This is said to have beaten all previous records for a single day's shipment from that state. The next highest record was 49 cars for one day in 1902.

A number of claims have been published lately in different counties in Oregon as to the location of the largest cherry tree in the state. None of the trees which have so far this year been mentioned equals either in size or in average value of crops the well-known Royal Ann tree near Newberg. There is a large cherry tree near Olympia, Wash., which is reported to be about the same size as the Newberg tree, and those two are probably the largest cherry trees in the Pacific Northwest. There is, or was, a few years ago, a very large Black Republican cherry tree at Vancouver, Wash. In one year, about 17 years ago, its marketed crop amounted to over 2000 pounds, and brought its owner about $135.—Oregon Agriculturist.

Strike Coal at Madras.

Although the news was not made public at the time, the Madras Oil & Gas company drilled into a vein of good looking coal in the hole which they were sinking on the west slope of Grizzly. The coal was encountered at a depth of 150 feet and appears to be of a fine quality, but the extent of it is not known, as the work was suspended just after the coal was struck, the machinery being too light to carry the hole to a much greater depth. When the work was suspended, Frank Forest, president of the company, left for California to buy heavier machinery. He did not buy in California, however, but placed an order with an eastern firm through their Portland representatives, for a standard drilling outfit and other machinery, making up a car load lot, and this will be received within the next six weeks.

In the meantime the drill on the ground will be used in prospecting the coal discovery, to ascertain the thickness of the vein and it is probable that further investigation of the coal prospect will prove it to be of sufficient extent to be of great importance. The discovery of a good quality of coal in Crook county would be of immense importance in the development of this section, measureably by the extent of the coal deposits uncovered, and the exploration of their discovery by the local prospecting company will be watched with much interest.—Pioneer.

ACTIVE AT 87.

This would be no unusual news if men and women would keep themselves free from rheumatism and all aches and pains as well as keeping their muscles and joints limber with Ballard's Snow Liniment. Sold by Chas. N. Clarke.

A Delicate Position.

"This then, Miss Jones," said the young man, as he started for the door, "is your final decision?"

"It is, Mr. Wick," said the young girl, firmly

"Then," he replied, his voice betraying an unnatural calmness, "there is but one more thing to add."

"What is that?" she asked, toying absently with the lobe of her shell-like ear.

"It is this," he muttered; shall I return those black satin suspenders by parcels' post, or will you have them now?"

The Laziest Man in the World.

would not be contented to be kept in the house and doing nothing by rheumatism. Neither are you, who are always busy and active. The Point of View.

"You can't get in here on a half-ticket," exclaimed the doorkeeper at the circus.

"I thought I could," apologized the small town citizen. "I have a bad eye and I only expected to see half the show."

"Then you'll have to get two tickets," said the doorkeeper. "If you only have one good eye it'll take you twice as long to see the show."

New Scheme to Get Rain.

An entirely new field of advertising is opened today, says a Chicago paper, by a farmer near St Joseph, Mich., whose want "ad" appears in the "personal" column of a morning newspaper. It was contained in the following letter that reached the newspaper recently.

"St. Joe, Mich., Aug. 4, 1908.—Gentlemen:—You seem to be able to get everything you advertise for. We want rain. Michigan Farmer.

"P. S.—Inclosed please find 25 cents. Please insert ad."
