PRACTICAL DEMONSTRATION.

Actual Operation of Postal Savings Banks in Philippines.

Two Years' Experiment Indicates the Plan Is Successful.

The only postal savings bank system in operation under the American flag is that in the Philippines, where, after two years of experiment, the institution has been declared a great success. In the report of the Philippine commission, just published, the postal savings bank is discussed briefly, in part as follows:

"The postal savings bank was first opened in Manila on Oct. 1, 1906. The law provides for three classes, with limitations as to the amounts that can be received at any one time in each class. Following the opening of the Manila office, other postal savings bank offices were opened in various cities, of different classes, until at the close of the year 235 had been opened, of which 9 were first, 86 were second and 140 were third class.

Filipinos Adopting System.

"At first the Filipinos did not to any great extent avail themselves of the opportunity of depositing a portion of their receipts in the postal savings bank, and a great bulk of the depositors were Americans and of other nationalities. As the advantages of this system have been disseminated through means of schools, government bureaus, private agencies and others, the proportion of Filipinos is continually increasing, and gives very good promise that the Filipinos will learn to trust their money to the care of the government, and welcome the opportunity.

"The accounts opened up to the close of the fiscal year numbered 2,676, of which 347 were closed, leaving 2,329 still open. The deposits reached the total sum of 786,361.03 pesos—an average of 108.21 pesos. Withdrawals reached the total amount of 280,499.21 pesos, leaving a net deposit of 509,463.31 pesos at the end of the fiscal year—or the first nine months of the operation of the postal savings bank—but by no means the first nine months of operation of the average number of offices, the smaller ones having been opened from time to time during the year, so that many had not been opened more than a month or two at the time these figures were taken.

Encouraging Small Accounts.

"The device of issuing postal savings bank stamps has met with some response. The stamps are simply a method by which small amounts can be deposited without the expense of issuing a book, figuring interest, and opening an account.

"On the whole, the reception accorded the postal savings bank has been gratifying, and gives good promise. The investment of the funds is in the hands of a postal savings bank investment board, which carries a certain amount of the funds on deposit, and has limited power of investment. The law provides that 25 per cent of the money held on deposit may be loaned on first-class real estate, under limitations carefully drawn to protect the depositors, and 10 per cent on agricultural lands under still more rigid limitations."

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Foley's Orino Laxative cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it to-day and you will feel better at once. Foley's Orino Laxative does not nauseate or gripe and is very pleasant to take. Refuse substitutes. Clarke Drug Co.

He talks when he's wrong and he talks when he's right;
He talks in the office and talks in the hall,
He talks in the church and he talks at the ball.
He talks to the Senate and talks to the House,
He talks to the people as poor common souse;
He talks to the press and he talks to the crowd,
He talks and he talks with a voice long and loud;
Like an old clapper mill he'll sound to the end
And die disappointed for office and friend!

Where Bullets Flew.

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble to little purpose. I then tried Electric Bitters and they cured me. I now take them as a tonic, and they keep me strong and well." 50c at Clarke's drug store.

Henry Garsaway Davis, who was defeated with Parker four years ago, is wiser as well as older. He says he sees no hope for the Democracy, and thinks Parker is again wasting valuable time in making speeches.—St. Louis Globe-Democrat.

Why Colds Are Dangerous.

Because you have contracted many colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but a cold prepares the system for the reception and development of the germs that would not have otherwise found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures affected by this preparation have made it a staple article of trade over a large part of the world. For sale by Kier & Cass.

LABOR IN DEMOCRATIC STATES.

Coal Miners in Alabama Subjugated Into Cringing Dependencies.

That there's a "rift within the lute" of the Gompers proposition to deliver the labor vote of the country to Democracy is becoming more apparent. While Mr. Bryan and Mr. Gompers are making special appeals to labor, neither refers to the deplorable condition of labor in the Democratic South. Mr. John P. White, for six years president of the Iowa United Mine Workers, and now one of the national officers of the United Mine Workers' Association, who investigated mining labor conditions in the South, is not so reticent. In a recent address to Local Union No. 97 of Albia, Iowa, he told of persecutions of labor in Alabama where a coal miners' strike was in progress. He is reported as saying: "The miners of Alabama have been subjugated until a majority have become cringing dependencies. Almost daily some of the laboring men of that State were mercilessly shot down for daring to assert their rights as American citizens. Ninety-one members of the Mine Workers' Association were thrown into jail without having committed any crime other than becoming members of the organization." Alabama is a State absolutely under control of Bryan Democracy.

For Chronic Diarrhoea.

"While in the army in 1863 I was taken with chronic diarrhoea," says George M. Felton of South Gibson, Pa., "I have since tried many remedies but without any permanent relief until Mr. A. W. Miles of this place persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it once." For sale by Kier & Cass.

AS ROOSEVELT SEES BRYAN.

"You say that you have advocated more radical measures against private monopolies than either I or my party associates have been willing to undertake. You have, indeed, advocated measures that sound more radical, but they have the prime defect that in practice they would not work. I should not in this letter to you discuss your attitude on this question if you did not yourself bring it up, but as you have brought it up, I answer you that in my judgment the measures you advocate would be wholly ineffective in curing a single evil, and so far as they had any effect at all, would merely throw the entire business of the country into hopeless and utter confusion. I put Mr. Taft's deeds against your words. I ask that you be judged both by the words you wish remembered, and by the words that seemingly you and your party now desire to have forgotten. . . . I hold it entirely natural for any great law-defying corporation to wish to see you placed in the Presidency rather than Mr. Taft. Your plans to put a stop to the abuses of the corporations are wholly unsatisfactory. — Theodore Roosevelt."

Slightly Colder with Snow.

When you see that kind of a weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c and $1.00 per bottle. Sold by Chas. N. Clarke.

THE YOUNG REPUBLICAN.

In a business sense the young voters who have come forward since 1904 have more at stake than any other class in rendering a right decision. Their active lives are ahead. They have more years to live, and are now laying the foundations of their business careers. National policies and conditions are of the highest consequence to them. Perhaps they are farmers. If so, let them ask the older generation how farmers fared under the last Democratic administration. Let them take the market reports of to-day and compare them with the prices that prevailed when Mr Bryan made his crusade for free silver and hurled defiance at President Cleveland because he stood by the gold standard. At the same time Bryan denounced the Republican party for its protectionist as well as sound money position. Perhaps the first voter is to engage in manufacturing or mining, as wage-earner or otherwise. Does he want his American rate of wages and the industry he chooses reasonably protected against foreign competition? If he does Mr. Bryan's leadership will take him in the opposite direction.—St. Louis Globe-Democrat.

The Tide of Prosperity.

The tide of prosperity may ebb and flow, but the great waves of industrial wealth will continue to grow in volume with ever-increasing comfort and happiness to our contented people, who will soon number 100,000,000. And because of our intelligent and skillful labor, made so because of good wages and good living, we shall make better fabrics and build stronger structures—that in spite of their higher cost in the beginning will be cheaper in the end and will be wanted by the people in every corner of the earth. So that we shall capture the markets of the world in greater volume without ever sacrificing our home market, the foundation of our national wealth and progress.—Hon. James S. Sherman.

SEATTLE FAIR RATES

Fifty-Dollar Round-Trip From Missouri River Points.

Seattle, Oct. 12.—Special rates will be made for the Alaska-Yukon-Pacific exposition by the transcontinental railroads from the East to the Pacific Northwest. Although the fair will be held in Seattle, the same low round-trip rates will be made to Portland. The Transcontinental Passenger Association has decided to grant a $50 round-trip rate to Portland, Seattle and Tacoma all next summer on account of the 1909 exposition.

The low round-trip rate will apply from Missouri river points and St. Paul and Minneapolis. It will be in effect from May 25 to September 30, next year, and the final return limit for the tickets will be October 31, 1909. The rate is such that it is bound to prove a strong incentive to Eastern people to make the trip to the Pacific Northwest next year.

Rates to the Pacific Northwest on account of the exposition from Chicago and other Eastern points have not yet been decided, but will be fixed within a short time by the Western Passenger Association.

The rate just granted is not quite so low as was made for the Lewis and Clark fair, when a tariff of $45 for the round-trip from Missouri river points was granted by the railways.
