## SURVEY MADE ROAD DALLES TO MOSIER

The survey of the old O. R. & N. company's road bed has been completed from near Chenowith Cove farm to Mosier and the surveying party in charge of A. W. Mohr, city engineer, has returned from that place says The Dalles Chronicle.

The road surveyed proves the feasibility of using the old O. R. & N. road bed as a wagon and automobile road from near the J. C. Hostetler place on Chenowith creek to the apple district of the western part of the county, to the intersection with the old Dalles and Sandy wagon road near the H. C. Phillips place three miles from Mosier.

The survey eliminates two-thirds of Seven Mile hill that will make the road, if accepted by the county court, an easy grade to Mosier. But one bridge will have to be built, that near A. J. Anderson's place on Chenowith creek west of this city. The rest of the road is already ballisted, is of gravel, well drained, and would make an ideal wagon road. The distance traversed would be eleven miles, and one driving from here to Mosier could go down by this road and return by Seven Mile Hill. The old road to Mosier is over the Seven Mile hill and there is a very heavy 5 per cent grade precluding much teaming from here to Mosier. If the new route is used there will be more trafficking with Dalles merchants than there has ever been, which would be an acceptable state of affairs with the farmers along the road to Mosier as well as business men here.

The wagon bridge over the O. R. & N. tract west of this city and below the Anderson place is said to be the most dangerous piece of wagon road in Wasco county, and the worst road to travel over is that between Mosier and Hood River. These will be eliminated if the proposed road is accepted from The Dalles to Mosier and Hood River county builds its proposed road from the county line to Portland, Hood River county good roads enthusiasts are planning to build a road down its entire length of county line. If Wasco county will use the O. R. & N. road bed for a wagon road it will be one of the best in the state, it is claimed, and will be in operation shortly after the necessary work is accomplished.

It is estimated that about $4,000 will be required to make it passable. Several Dalles business men are interested in the project, not alone from a personal standpoint but from the benefit to be derived from it by people of the county in general.

If the road is used by the county, a rural mail route will be established. From all who have considered the question, the information is elicited that the road will be of vast amount of benefit to the whole county.

### PERFECT CONFIDENCE

**Hood River People Have Good Reason for Complete Confidence**

Do you know how—
To find quick relief from backache;
To correct distressing urinary ills;
To surely cure sick kidneys?
Just one way—your neighbors know—
Have used Doan's Kidney Pills;
Have proved their worth in many tests.
Here's Hood River testimony.

W. J. Baker, Real Estate Agent, Hood River, Oregon, says: "Every winter I suffered severely from lumbago. As soon as the cold weather would come on, I would be in misery and although I doctored and tried many remedies, I could not obtain the slightest relief. After suffering in this manner for three years, my attention was called to Doan's Kidney Pills and I procured a box at Clarke's drug store. I used the contents of the first box and received more relief than from any of the doctor's medicine and other remedies I had ever used. I continued taking Doan's Kidney Pills and at present do not feel the slightest sign of kidney complaint. I give this remedy the credit for the great change that has been brought about in my condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### $1,000,000 to Stop Fruit Decay

The Southern Pacific Railroad Company has announced its determination to expend a million dollars in the near future in the construction of plants for pre cooling fruit and vegetables, according to the Roy Sprague system, the object being to permit long hauls of perishable freight with little risk of decay. The company has been experimenting with the Sprague device for a year, and has found it satisfactory. Two large plants, one at Roseville and one at Colton, Cal., will be erected, the first capable of chilling 20 carloads in four hours and the latter having a capacity of 40 carloads in the same time. To accomplish the same result in an ordinary ice plant would require four days. The company's scientists have demonstrated that the sudden chilling of vegetables matter causes an absolute suspension of the process of decay, and the company announces that the new method pratically will do away with the loss of time and consequent loss by decay in shipments of fruit and vegetables to Eastern markets.

The Sprague device consists of a plant equipped to force through the loaded cars under vacuum pressure blasts of air that have been previously passed over ice. The vacum removes the warm air, thereby removing the immediate cause of decay. The plants will be operated in conjunction with the new refrigrator cars adopted by the company recently.—Rouge River Courier.

### BABY'S ITCH EASILY CURED

**Infantile Eczema Quickly Relieved by External Use of Oil of Wintergreen Compound.**

Infantile eczema; which has baffled the skill of the best physicians for so many years at last seems to be curable—and curable with great ease.

Results of the last two years indicate conclusively that baby's itch, infantile eczema and other skin diseases of children can be very simply cured by the application of a compound composed of oil of wintergreen, thymol and glycerine, as in D. D. D. Prescription.

The Rev. Lewis Stecley, of Weatherly, Pa., writes:

"Our baby boy's little face was so dreadfully covered with eczema that blood and water ran from the sores nearly all the time. After using 3½ bottles of D. D. D. Prescription we are so happy to tell you he is entirely cured and the disease has never broken out again. If this letter is in any way a help to other sufferers, you may publish it."

If you have a child which is suffering with this terrible itch, we are sure you will not neglect one hour to give your baby the right kind of relief. We have seen too often how quickly the remedy mentioned above takes the itch away at once and how all the cures seem to be permanent; we have seen this too often to hesitate at all in recommending the remedy for your children.

### Children's Party

One of the most pleasant events that has happened in a long time was the childrns party at the Congregational church last Saturday afternoon.

Mrs. J. S. Booth, who is in charge of the cradle roll and primary departments of the Sunday school, was assisted by her able corps of helpers, Mrs. Noble, Miss Tirney and Miss Helen Orr.

Miss Booth whose fame as a decorator has long since been established, certainly deserves great praise for the artistic decorations. All around the Sunday school room was a border of children made out of white paper and mounted on a border panel of apple green cardboard. The effect was very pleasing as the children delighted in looking at the soldier boys, Kate Greenaway girls, sunbonnet babies, Dutch children and many others who were so real that more than one baby reached up to pick out a dolly.

The room was made full of music by canary birds which were hung around the walls in their cages. The other decorations were flags and Oregon grape.

The afternoon was spent in playing games and going through their drills with the flags which were afterwards given to the children as a souvenir of the occasion.

Besides the children, the mothers had been invited and ice cream and animal cookies were served to over eighty persons.

Mrs. Booth has a charming personality and with her assistants, every one of whom is especially adapted in the art of teaching and pleasing children, the Riverside Congregational church may well be proud of the infant department of the Sunday school.

### Consumption Statistics

prove that a neglected cough or cold puts the lungs in so bad a condition that consumption germs find a fertile field for fastening on one. Stop the cough just as soon as it appears with Ballard's Horehound Syrup. Soothes the torn and inflamed tissues and makes you well again.

### Will Hustle for Tickets

Hon J. W. Bailey, State Dairy and Food Commissioner, has been made chairman of the season ticket sale of the Portland Country Club and Livestock Association for 1909. Mr. Bailey is determined that five thousand tickets, at $5.00 each, must be sold before the close of the present year.

### How to Treat a Sprain

Sprains, swellings and lameness are promptly relieved by Chamberlain's Pain Balm. This liniment reduces inflamamtion and soreness so that a sprain may be cured in about one-third the time required by the usual treatment. For sale by Kier & Cass.

### Many States Will Exhibit

Oklahoma, Colorado, Missouri and North Carolina are among the states which are preparing state exhibits for the national apple show at Spokane, aside from the individual entries from each of them. Several apple sections in British Columbia have appointed agents to prepare exhibits which will be sent to Spokane. Lewiston, Idaho, also has appointed an agent and has issued a letter of instructions to every apple grower in the district in an effort to get a prize winning exhibit.

Negotiations for building an addition to the state armory were closed last week when a contract was entered with the ministerial association of this city for the use of the big tabernacle to be used by "Billy Sunday" for his evangelistic meetings following the national apple show. The armory and tabernacle together will have floor space of 60,000 square feet, and will accomodate 20,000 people. It is estimated that there will be 50,000 square feet of apples on display in these two buildins, this being the biggest exhibition of the king of fruit ever made anywhere.

The educational features of the national apple show are practically worked out, and include lectures by several noted pomologists as well as demonstrations on every phase of the apple industry. Every device used in the handling of the fruit will be on exhibition and in charge of experts. Spray pumps, box presses, parers, cookers and other such inventions now in use by successful orchardists will be demonstrated for the educational side of the exposition has from the first been looked upon as of chief importance.

### How to Cure a Cold

Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by Kier & Cass.

### Burned 500 Boxes of Bad Fruit

Warren C. Pendleton, deputy state commissioner of horticulture, has burned more than 500 boxes of Washington apples and pears infected with scale during the week. The Wenatchee and Yakima district products as well as western Washington districts were included in the bad fruit. A Ferndale grower attempted to evade inspection by sending a carload to Ballard, a suburb, and delivering by teams to various Seattle stores. The inspector discovered the trick and more than half the car was condemned. There is no law to prosecute the growers who attempted this.

### Sick Headache

This distressing disease results from a disordered condition of the stomach, and can be cured by taking Chamberlain's Stomach and Liver Tablets. Get a free sample at Kier & Cass's drug store and try it.

### Pumas Gets $500 Per Acre

Five or six years ago W. S. Offner, who owned a tract of over 100 acres a few miles below Dayton, Wash., destroyed all the apple trees on 25 acres of the land and planted it to alfalfa. He did it because it was difficult to secure men who would care for the orchard properly, and the trees had become badly affected with moth and scale. The land is producing excellent crops of alfalfa.

On the same 100 acres is now to be found the Pomona orchard, owned by J. L. Dumas, who is picking a splendid crop of apples. The crop he has sold and will have it delivered within a few weeks. On 25 acres of the land last year he secured $120.00 worth of apples, and he will gather as large a crop this year, but the price will be less than it was a year ago. Perhaps 4000 boxes of apples were blown down by the winds two weeks ago, cutting off the difference in the production of land when in fruit, over the hay crop, which does well to reach $50 per acre. —Spokesman Review.

### A Hair's Breadth Escape

Do you know that every time you have a cough or cold and let it run on thinking it will cure itself you are inviting pneumonia, consumption or some other pulmonary trouble? Don't risk it. Put your lungs back in perfect health and stop that cough with Ballard's Horehound Syrup.

Price 25c, 50c and $1.00 per bottle. Chas. N. Clarke.

### Only a Lack of Facilities

Clara's aunty took her for a visit to Niagara Falls. After viewing the great waterfall for some time, and the little girl failing to make any remarks, aunty tried to draw some expression from her as to what she thought of the spectacle. Finally she said:

"Clara, don't you think the falls are beautiful, wonderful?" and was amazed at the child's nonchalent reply:

"Oh, yes, I s'pose so; but I fink our creek at home could do it if it had a place."—November Woman's Home Companion.

### Colds and Croup in Children

"My little girl is subject to colds," says Mrs. Wm. H. Serig, No. 41 Fifth St., Wheeling, W. Va. "Last winter she had a severe spell and a terrible cough but I cured her with Chamberlain's Cough Remedy without the aid of a doctor, and my little boy has been prevented many times from having the croup by the timely use of this syrup." This rrmedy is for sale by Kier & Cass.

### What Are The Boys and Girls Reading?

They are bound to read something. They will read trash unless you give them something better that is equally interesting. Try The Youth's Companion. There is plenty of adventure in the stories, and the heroes and heroines are of the real line of duty opportunity for courage and selfishness. More than 250 such stories will be published in the 52 issues of the new volume for 1909. There will be fully as many articles, sketches and reminiscences to impart useful information in the most agreeable way, familiarizing the Companion's reader's with the best that is known and thought in the world.

Full illustrated Announcement of The Companion for 1909 will be sent to any address free with sample copies of the paper.

The new subscriber who at once sends $1.75 for 1909 (adding 50 cents for extra postage if he lives in Canada) will receive free all the remaining issues of 1908, besides the gift of the Companion's calendar for 1909, entitled "In Grandmother's Garden," lithographed in 13 colors.

The Youth's Companion, 144 Berkeley street, Boston, Mass.

### A PECULIAR WRENCH

of the foot or ankle may produce a very serious sprain. A sprain is more painful than a break. In all sprains, cuts, burns and scalds Ballard's Snow Liniment is the thing to use. Relieves the pain instantly, reduces swelling, is a perfect ant-septic and heals rapidly.

Price 25c, 50c and $1.00. Chas. N. Clarke.

### Farmers' Horses Dying by Scores

A report has reached this city of the death of a large number of horses belonging to farmers living about ten miles west of Walla Walla. It is understood that ten farmers have lost in the neighborhood of 160 horses and that the cause of death has not yet been determined, though different veterinarians have been called in and post mortem examinations have been held in a number of cases.

Though it has been impossible to discover any symptoms of any of the commonly encountered horse diseases or poisons, it is belived the animals are dying from the result of poison taken into the system through the eating of stubblefield fodder. It is well known that several different kinds of posionous fungi are frequently found in stubblefields and it is thought that some of these must grow in the fields of the farmers who have been suffering such severe losses.

One man has lost 23 head of good work horses, but the most of the farmers concerned have lost on the average of 18 to 20. The first deaths occured early in the summer, but the disease seems to still prevail.—East Oregonian.

### A BROKEN BACK

That pain in your back caused by lumbago, stiff muscles or a strain is an easy thing to get rid of. Ballard's Snow Liniment cures rheumatism, lumbago, sore and stiff muscles, strains, sprains, cuts, burns, bruises, scalds and all aches and pains. You need a bottle in your house. Chas. . Clarke.

### Open New P. & S. Bridge

The great draw bridge across the Willamette River, built jointly by the Great Northern and Northern Pacific Railways and having the largest draw span of any bridge in the world, is a success. Work trains testing the bridge have passed to and fro for several days.

### What Would You Do?

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a severe one, will cause the parts to heal without leaving a scar. For sale by Kier & Cass.

### NOTICE OF GUARDIAN'S SALE OF REAL ESTATE

In the County Court of the State of Oregon, for Hood River County (formerly Wasco County).

In the matter of the Guardianship of Roba J. Tucker, now Klaus, Florence R. Tucker, now Klaus, Lelia E. Tucker, now Klaus, and Robina Tucker, now Klaus, minor children of Roba J. Tucker, deceased, by Cora Belle Klaus, Guardian.

Notice is hereby given that in pursuance of an order of the above entitled Court, made in the above entitled cause on the 5th day of October, 1908, the undersigned, as guardian of said minors, will sell the premises hereinafter described, at private sale at the office John Leland Henderson, in Hood River, Oregon, on the following terms:

The sale to be made of the minors' interest n said land, and to be of the entire tract hereinafter described, but subject, however, to the widow's dower interest in said land, at a price not less than eight thousand [8000] dollars for said minors' interest, to be paid one third cash, of which amount the sum of five hundred [500] dollars must be cash in hand paid on the day of sale. The balance of the one third shall be paid in cash upon the execution and delivery of a good and sufficient guardian's deed conveying the title to the purchaser of said minors' interest in said realty, together with an abstract of the title to said land, complete to current date, at which time and place the purchaser shall execute and deliver to said guardian, or to John Leland Henderson, of attorneys for said guardian, three [3] certain promissory notes for the balance remaining unpaid, for, to-wit, the sum of five thousand, three hundred and thirty-three and 33-100 [5,333.33] dollars, each note for an equal amount, payable respectively in one, two and three years after date, with interest on the same at the rate of eight [8] per cent per annum, payable annually, the notes made payable to the order of said guardian at Snoqualmie, Washington, the said notes to be secured by first mortgage on the said real estate and executed by the purchaser in favor of said guardian, the buildings on said premises to be insured in said guardian's favor against loss by fire, in the sum of fifteen hundred [1500] dollars, and the said mortgage to have all clauses for protection of said guardian, the notes and mortgage to be drawn by and to be satisfactory to John Leland Henderson, of attorneys for said guardian, the expense of preparing ing said notes and mortgage to be paid by the purchaser.

That said sale shall be made from and after Saturday, the 7th day of November, 1908.

That the widow will join in the deed of conveyance made by the guardian, and the price for the entire estate shall be not less than $12,000, of which the minors' part is $8,000.

That the sale shall be made of the whole tract, including the Mansion house on the premises, the same not being susceptible of division into lots or smaller tracts without injury to the estate.

The property to be sold, as described in said order, is as follows:

First tract—The southeast quarter of the southeast quarter of section twenty-seven (27), township (2) north, range ten (10) east Willamette Meridian, containing forty (40) acres, excepting thereout the following described portion thereof, heretofore sold and conveyed by order of said court viz:

Beginning at the corner to sections twenty-six (26) and twenty-seven (27), thirty-four (34) and thirty-five (35), township two (2) north, range ten (10) east of the Willamette Meridian; thence running north along the section line between sections twenty-six (26) and twenty-seven (27), ten (10) chains to an iron bar set for the northeast corner of the land herein described; thence run south 89 degrees 57 minutes west parallel to the south boundary of section twenty-seven (27), ten (10) chains to an iron bar set for the northwest corner of the land herein described; thence run south parallel to the east boundary of said section twenty-seven (27) ten (10) chains to an iron bar on the south boundary of section twenty-seven (27), set for the southwest corner of the land herein described; thence run north 89 degrees 57 minutes, east ten (10) chains to the southeast corner of said section twenty-seven (27), township two (2) north, range ten (10) east of the Willamette Meridian, after a survey made by John Leland Henderson, surveyor, in accordance with a former order of the County Court of Wasco County, Oregon.

Second tract—Commencing at the south east corner of the northeast quarter of the southeast quarter of section twenty-seven (27) in township (2) north of range ten (10) east of the Willamette Meridian running thence north thirty (30) rods, thence west eighty (80) rods, thence south thirty (30) rods, thence east eighty (80) rods to the place of beginning, containing fifteen (15) acres more or less; being situate in the County of Hood River (formerly Wasco) and State of Oregon.

This notice is published by order of Hon. A. J. Derby, County Judge, of the County Court of Hood River County, Oregon, dated October 5, 1908, in the Hood River Glacier, for four successive weeks and five insertions, the first publication of which notice is the 8th day of October, 1908.

All cash for the minors' interest after deducting costs, shall be paid to John Leland Henderson, of attorneys for said guardian, by certified check payable to the order of Cora Belle Klaus, guardian, jointly with the National Surety Company of New York; and all cash for Cora Belle Klaus personally, shall be paid directly to John Leland Henderson, attorney for said Cora Belle Klaus.

CORA BELLE KLAUS,
Guardian.

JOHN LELAND HENDERSON,
of Attorneys for Guardian,
and for Cora Belle Klaus, in person. o8n7
