BELMONT.

As usual Park Grange hall has been doing things the past week. Friday evening, October 30th, our citizens were delighted and pleased with a literary program which was far above the average entertainments common to country districts. Mrs. Louise Goddard and her class of talented young ladies are well known in this vicinity, also in Hood River city. It seldom happens that every pupil is a "star," when it comes to recitations and musical aibility, but in rendering of each number given, the large audience enjoyed a treat from beginning to the final drop of the curtain, when congratulations and kindly greetings took place among the friends from the surrounding neighborhood. No teacher could possibly make a high grade scholar out of poor material therefore, when those young ladies, few in number but with a natural gift of talent, stood before the footlights each one for herself displayed the training of a careful teacher, who is justified in bringing them into public notice. Why should we not praise our own home talent? Why not patronize local ability wherever it can be found, thus creating a deeper education than can be seen by skiming along the surface. Belmont folks are always looking for the best possible means of advancing their conditions, thus keeping pace with other sections of our beautful Hood River valley. The program opened with an artistic piano solo, played by Miss Alberta Staten, who also rendered other choice selections. This young lady has the delicate touch and brilliancy of execution, which commands the immediate attention of music lovers. Louise Goddard gave some choice readings, comic sentimental and Shakespearian, all of high rank and very entertaining. Miss Vera Wilms recited that great story of "How Salvation Won," who has not heard about it? Miss Willis answered a well deserved encore by givin another reading. Miss Iva Wilkenson's recitation was accompanied by music. She gave "The Volunteer Organist," telling how the drunken tramp answered an invitation of a minister for a volunteer player in church. He staggered down the aisle, then played such music as only Angels are supposed to hear. Thundercus applause brought forth a pleasing poem in answer. Miss Eva Yates came last among the class. Her reading, 'The Sign of the Cross", a magnificent production, was rendered in such an able manner that Miss Eva may be certain of making her mark as an elocutionist. We are proud of such girls. Come again, you will meet a larger crowd next time.
