

Robbed Satin in Transit

Our Fall Line of Ladies' Suits and Coats and Children's Coats was robbed in transit and almost half of it stolen. It breaks the line of sizes, and as they were not careful in replacing the goods in the box they are slightly mussed, and for this reason we are making a very attractive price on the lot. Call in and look them over. You will appreciate every article as a bargain : : :

Initiated Modern Woodmen

A jolly lot of Modern Woodmen to the number of twenty-two members of Laurel Camp number 655, met to Hood River Wednesday evening to assist in initiation of candidates to the Modern Woodmen order at that place, says The Dalles Chronicle.

When the train drew away from the depot the M. W. A. members were cheering for their order. Nearly all of them returned Wednesday night on the late train, saying that they had been right royally entertained by the Hood River camp.

The Dalles Fine City Hall

The Dalles will soon have a municipal building of which any city might well be proud, says the Oregonian.

In the center of the east side, opening of the large council chambers on the second floor will be the mayor's office, which will be furnished in mahogany, fitting surroundings for our excellent chief executive.

The city engineer's office will also be on this floor, while the first floor will be occupied by the recorder's office, water superintendent's office, chief of police and police judge.

The fire engine room occupies the entire rear portion from north to south, on the first floor, about 50x70 feet in size with a stairway leading to the second story at the west side of the building.

The Dalles Fine City Hall

The committee, composed of G. C. Blakeley, E. M. Wingate, and B. C. Olinger, who were selected to purchase the site for the building, will be provided with an individual desk.

The city engineer's office will also be on this floor, while the first floor will be occupied by the recorder's office, water superintendent's office, chief of police and police judge.

The fire engine room occupies the entire rear portion from north to south, on the first floor, about 50x70 feet in size with a stairway leading to the second story at the west side of the building.

The building will have steam heat throughout. All of the furniture was ordered through the local firm of Prinz & Nitsche, the city proving its loyalty through patronizing home people.
