When you deposit your money in a banking institution you naturally select a depository whose officers have a clean record, and by years of business experience have shown they are capable managers of the business they represent. You would also like them to appreciate your confidence in them to the extent of tiding you over financial stringency or to close a deal, where you are a trifle "short." The officers and directors of the Hood River Banking & Trust Co. invite the closest scrutiny into their past and present methods of doing business. Seventeen years experience in the

banking and money loaning business has taught them the manner in which you wish to be treated, and the long residence in Hood River Valley of the directors of the Company has given them an acquaintance with values and methods, which cannot be acquired by theory alone. Don't put "your eggs all in one basket," is good advice, and when you deposit your money this fall and winter carefully consider the above facts, and give the bank mentioned a chance to become better acquainted with you. You may be very glad some day that you did so. They have shown their faith in Hood River and its people by investing heavily. They are here to stay, and you will show that you also appreciate what they have done by giving them your business.

**Important to Apple Growers**  
Now is the time to use lime and sulphur spray for best results as a fungicide. If you use bluestone now you will have to use lime and sulphur in the spring just the same, while if you use lime and sulphur well and strong now it kills the fungi and puts the trees in the best possible condition, and may also save the necessity of a spring spraying.

Spray plant is now in operation and all apple growers are invited to call and see it.

Leave orders at office, opposite J. E. & N. depot, with Stranahan & Clark.

**Improvement Club on Hill**  
At a meeting held last week, the Hood River Heights Improvement Club was organized. The object of the association is to make a vigorous campaign to secure public and business improvements on the hill. The membership of the club is as follows: O. H. Baker, John G. Zolla, T. D. Tweedy, E. H. Chapman, J. E. Holman, Geo. S. Miller, J. E. Carnes, W. T. Chapman, R. W. Ordway, J. D. Wall, A. L. Carmichael, S. B. Simonson, Fred Larwood, J. K. Carson, Wm. Stewart, J. L. Blount, H. W. Chapman, J. K. Gill.

**Hallowe'en Pranks Were Numerous**  
The usual Hallowe'en pranks were indulged in Saturday night, and many Hood River residents and business men awoke Sunday to find that portions of their movable property had been taken, apparently, and had either disappeared entirely or been removed to inaccessible places. Store windows were scrawled with soap, a buggy in a very questionable condition of repair was perched on the top of the Hood River Commercial Club's exhibit booth, a barber pole hanging suspended from the cross arm of a telephone pole, a door to one of the banks was barricaded with wood and many other pranks of this nature were in evidence. In fact the same amount of ingenuity and muscle applied to some useful occupation as was displayed by the hallowe'en jokers would have accomplished many things that the city is in need of.

**Organized Sunday School Class**  
The Sunday school class of Rev. N. Evans met at the home of Miss Nellie Horner Friday evening and organized by electing officers. The president of the class is Miss Maud Pattee, secretary, Miss Ionia McGrath and treasurer, Albert Lathrop. After the class meeting a pleasant social time was had and refreshments were served.

**Hood River Fruit Land Too Low**  
H. H. Crofts, who recently arrived here from Grand Junction, Colo., has bought Fred Larwood's residence and two lots on the hill. Mr. Crofts states that the value of fruit land at Hood River is entirely too low and says he expects to see it double in a comparatively short time. Fruit land at Grand Junction he says has sold for as high as \$4,000 an acre and he thinks that land here is much more valuable. Mr. Crofts also says that he knows of a number of fruit raisers at Grand Junction who are going to sell out and invest in Hood River property.

**Eugene's Big Advertising Fund**  
Eugene surprised the people of this entire country last year by raising a great advertising fund and paying a salary of \$5,000 annually for an expert. Up to last Saturday night there had been subscribed for the coming year, \$13,000, to which will be added \$100, the total being more than a dollar and a half for every man, woman and child in the city, and this will be used in advertising the resources and advantages of Eugene and Lane County. Eugene is determined to go ahead and doesn't mind a little thing like a national election. What other town of 10,000 people in Oregon, Washington or California can match this record?
