

CORRESPONDENCE

ODELL.

Marie Lockman came home Friday from a visit with friends at Antelope, Ore.

Mrs. C. Pflughaupt is home from a visit with her son Charles at Carson, Washington.

Everett Lafferty has gone to Condon, Oregon, where he has a contract for getting out logs for one million feet of lumber.

Leita Howerman is ill. She suffers from an affection of the ear and the pain is intense. While the cause of the disease is so situated that it is very difficult to provide means of relief, it is hoped Leita may soon begin to improve and that her recovery may be rapid. Dr. Brosius is the attending physician.

Roswell Shelley of Carson, Wash., expects to be here this week looking after his interests at Odell. He has a man employed cutting wood on his twenty acre tract.

Mrs. Hanson, who with her husband has been ill of the flu, is now better and is improving.

James Cook has leased his property in Odell for five years and he and his family will seek a land of much warmth and sunshine in hope that Mrs. Cook, whose health has not been the best may receive benefit by the change.

While we regret to have our friends seek a new home we believe that this will prove a wise move and we hope to hear good news from them wherever they may decide to locate.

The baby son of Mr. and Mrs. B. T. Young has been ill and Dr. Mills was called Sunday.

L. D. Hoyed had some fine apples as is proved by the fact that the twenty five boxes of Spitz that Hood River county furnishes for the Yukon-Alaska exposition, ten boxes go from the orchard of Mr. Hoyed. These apples were taken just as they had been packed for trade. Mr. Hoyed also sold five boxes to individuals to be shipped East.

Your correspondent has been informed that some person supposed to have been hunting on the heights west of Odell shot and killed a dog belonging to other hunters, the dog being but a short distance from men who might easily have met death at the same time as it is evident the first hunter did not see these men at the time he shot. Too much care cannot be exercised in the use of firearms in a timbered locality and especially in one in which there are clearings and roads.

MOSIER.

Rev. Stark returned from The Dalles Monday, having spent several days visiting his sons and their families.

Mr. and Mrs. Rainous were passengers on the early morning train for Hood River, Monday. They returned on the local.

The Modern Woodmen held a regular meeting Saturday evening, at which they initiated two new recruits in the mysteries of Woodcraft. Afterward they all enjoyed a splendid lunch, thus ending a profitable and pleasant meeting.

Ray Sturgess arrived Tuesday morning from Alaska, where he has been for the past two years.

Mrs. S. D. Fisher was in Hood River Monday.

Mrs. Lee and Mrs. Fred Evans went to Hood River Tuesday afternoon on business.

An old friend, hailing from Weston, Oregon, paid H. E. Waite a visit this week and was well pleased with the country.

Mrs. Nina Grose left Tuesday for Portland for a visit with relatives.

Mrs. O. Wiggins left for Strand, Okla., Tuesday evening to visit her father and mother, intending to remain until spring.

Mr. and Mrs. Wm. Carroll made a business trip to Hood River Wednesday.

Robert Bearo left Wednesday afternoon for California to look up a location. The family will leave in a few weeks. They expect to get a home near Redlands.

Mr. Phillip Templemeire arrived Friday morning from Sedalia, Mo., to visit his uncle and aunt, Mr. and Mrs. John Armstrong.

Mr. and Mrs. Ed L. Howe went to Portland Friday on the local. They do not expect to come back for about a month.

J. K. McGregor went to The Dalles Thursday returning Friday afternoon.

Mr. J. M. Thomas has sold his ranch to Geo. Chamberlain. Mr. Chamberlain expects to have about 25 acres set to trees by spring.

Rev. Cook of Tygh Valley was in Mosier this week for a few days.

J. M. Elliot was a visitor to The Dalles Friday of this week.

Saturday morning was the coldest morning we have had this fall. The frost looked in some places like a light fall of snow. The thermometer registered 22 degrees above zero.

J. K. McGregor came home from Portland Tuesday evening where he had spent a few days.

Some of the local Masons attended the annual celebration of "Team Day" in Hood River last Wednesday evening and reported having an excellent time.

Geo. Hasckie went to Hood River Wednesday.

Mr. Chown of Portland spent a day in Mosier last week.

L. Lamb returned home Thursday from The Dalles where he spent most of the week, on the grand jury.

R. F. Hendrick went to The Dalles Saturday.

Mrs. M. A. Snyder came back from Hood River Saturday morning where she has spent a week visiting relatives.

Mrs. G. Godherson went to The Dalles last of the week.

Mrs. J. K. McGregor returned home Saturday from Oakland, Calif., where she has spent the last few weeks with her son's family. Her little grandson and granddaughter came with her.

D. W. Hudson went to The Dalles Saturday.

Among those going to Hood River Saturday were Mrs. Isabelle Booth and Miss Beth, Miss Mary Middle and Mrs. Edna Evans.

Mrs. Steelsmith came down from Callisto Saturday and went out to their ranch south of town.

There was a run-away boy in Mosier last week. He appeared at a play party in the evening at one of the city residences and proceeded to shoot up the town in true desperado style, scaring the people who were within sight and hearing so they must have had unpleasant dreams that night. About noon yesterday he disappeared and it is supposed he is still going east, looking for a job. He will find it if he goes far enough east - Portland, Maine.

Rev. Brown delivered an interesting sermon Sunday morning and a very fine lecture in the evening at the church.

UNDERWOOD.

Fruit trees, berries, etc., have been coming in by boat and by train the last week.

George Sandel went to Hood River Saturday on business.

B. W. Aris and wife, also Miss Kirwin, moved back to their home Saturday from Hood River, where they have been for some time. They also brought a little girl home with them that will learn to call them papa and mama. It seems to be very strange that those who go away for a time all bring back girls. Why don't some of them bring a boy? Don't be afraid, they thrive and do well in this country. The writer has five.

Burt Veach was a Hood River visitor Friday of last week.

Wm. Bowley returned to Hood River Sunday evening. He is in the employ of the spray company at that place, in the coopers department.

H. Nelson met with a painful accident at Washougal last week. In getting in his wagon to go home, his lines became tangled in some way and as he was near the approach to the bridge over the railroad track, his team became unmanageable, throwing him out in such a way that the wagon wheel passed over his leg, breaking it just below the knee.

We are informed by good authority that it was not all McCracken's dirt that made the fill in town. Uncle Ame Underwood had a finger in this as well as Mr. McCracken, as Uncle Ame is owner of one of the lots that furnished the dirt for the fill and, by the way, Uncle Ame informed us that he expects to put up a big brick on this lot. He did not say whether there would be just the single brick or a combination of bricks.

W. W. Crow came up on the local Sunday from Portland and spent the afternoon looking over the country.

Ray Beals, who very suddenly and mysteriously stopped out of sight several weeks ago, has been heard from, but through other parties than himself. A party at Hubbard, Ore., wrote A. J. Haynes last week concerning Ray, asking for information, stating that he was looking very bad and inquired that he should be looked after.

We met Mr. Knapp at his home at Hood Friday, found him busy helping the boys moving fences. He says his health is pretty good this fall, considering his age and is managing to keep one foot shuffling ahead of the other.

Also found H. Debo doing chores, but says he does not feel as well as he would like to. We hope to see him improve.

H. W. Hamlin shipped his team to Portland, Sunday. He is getting a heavy team in return.

A. J. Haynes has contracted the grubbing of the remainder of his place to B. W. Aris.

We hope to see Mr. Smith taking on the airs of a full fledged farmer soon and the prospects look good since he purchased the tract of Sandle. That's the land that grows the big red apples and will produce 8 to 9 tons of alfalfa without irrigation.

Write your friends to come and see the Underwood country grow.

J. P. Porter and brother, W. A. Berwick and a Fairbanks-Morse expect to come up on the local from Vancouver Sunday, going up to the camp to set the gasoline engine going for the stump burner.

Fred Luby, sr., came up from Washougal on the local Sunday.

C. H. Cromwell spent the latter part of the week in Sevenson. He was called as a witness in the P. S. C. Willis case.

Pleasant, sure, easy, safe little river pills are DeWitt's Little Early Risers. Sold by Kier & Cass.

FRANKTON.

Hettie Radliff has entered school. She is taking eighth grade review.

She is taking eighth grade review. She is taking eighth grade review.

The girls' basket ball team has organized with Nina Noble as manager; Lizzie Eby, captain, and Lena Root referee.

The girls of the senior class are to entertain all the members of the high school next Saturday evening.

The Children's Aid society has asked the children of the schools to give them what vegetables and fruit they can. Will the parents please help us in this work? This year our apple bins are full and our trees are laden in so when we all have thankful hearts we must help the poor homeless children who live near us.

MOUNT HOOD.

The C. E. social at the hall last Saturday evening was well attended by the young people. After spending the evening in playing games and tricks, a hearty Boston lunch was served of baked beans, sandwiches, doughnuts and coffee.

The Ladies' Aid Society will serve dinner at the hall Thanksgiving day. A very good dinner will be served and are cordially invited to come.

At the meeting of the tax payers last Saturday a seven mill tax was voted for the roads.

The Mount Hood basket ball team will play the Hood River high school team at Hood River, Friday evening, December 11.

Tuesday last week, fifteen men met at the church site and started the erection of horse sheds. Dinner was served by the ladies. The men have continued to go each day till now we have very good sheds completed.

Mrs. Robert Morton is in Portland for a short time.

PREMIUM LIST AND RULES

Oregon State Horticultural Society Show Portland, Oregon, December 1-5, 1908.

The Oregon State Horticultural Society and the Northwest Fruit Growers' Association will hold their annual meeting in Portland, December 1 to 5, inclusive. The rules of the Northwest Fruit Growers' Association prohibit it from giving premiums of value at exhibitions of fruit held under its direction. The following list of premiums and rules apply therefore to the fruit show of the Oregon Horticultural Society, but unless special permission to remove is obtained, all fruit entered for competition in the State Society show will be held for exhibition until the close of the meeting of the Northwest Fruit Growers' Association. This will be the greatest horticultural event in the history of the state, and no fruit-growing district in the state can afford to neglect the opportunity. Please read the rules carefully and make no delay in getting ready. The value of the prizes to be awarded approximately \$200.00.

The following premiums will be awarded:

No. 1.-For best five boxes of apples, not less than three varieties. Cash donated by Hazelwood Cream Co., \$50.00.

No. 2.-For best five boxes of Spitzberg apples. Cup donated by Portland Hotel, value \$50.00.

No. 3.-For best five boxes of Yellow Newtown apples. Cup donated by Merrimac Chemical Co., through Clarke-Woodard Drug Co., value \$50.00.

No. 4.-For best six boxes of apples, not less than four varieties. Sterling silver, gold lined cup, bearing engraving of an apple, donated by Pacific Paper Co., value \$20.00.

No. 5.-For best five boxes apples grown in Willamette Valley. Merchandise, donated by Portland Sewing Co., value \$25.00.

No. 6.-For best three boxes of Baldwin apples. Cup donated by Better Fruit Publishing Co., value \$25.00.

No. 7.-For best box of Spitzberg apples, 35 or larger. Cup donated by Butterfield Bros., value \$20.00.

No. 8.-For best three boxes of Northern Spy apples. Cup donated by J. A. Gill Co., value \$20.00.

No. 9.-For best box of Spitzberg apples smaller than 35. Cup donated by Lipman, White & Co., value \$20.00.

MOSIER Fruit Lands.

In large or small tracts. Some very good land at low prices at present. Good growing community. Six miles east of Hood River. Also homesteads and improvements. Parties wishing to buy will do well to write or see

GEO. CHAMBERLAIN Mosier, Oregon

No. 10.-For best box of Yellow Newtown apples, 35s or larger. Cup donated by A. and C. Feidenheimer, value \$20.00.

No. 11.-For best three boxes of Red Daisies apples grown in the Willamette Valley. Cup donated by Mason, Ebraman & Co., value \$20.00.

No. 12.-For best box of Arkansas Black apples. Cup donated by Meier & Frank, value \$20.00.

No. 13.-For best box of Yellow Newtown apples smaller than 35s but not smaller than 25s. One Hardie barrel sprayer or other merchandise donated by the Hardie Mfg. Co., value \$25.00.

No. 14.-For best box of Baldwin apples. One Acme harrow or one spray pump donated by Mitchell, Lewis & Staver Co., value \$15.00.

No. 15.-For best box Northern Spy apples. Cup donated by Blake, McFall & Co., value \$15.00.

No. 16.-For best box of Red Check apples. Cup donated by Russellville Nursery Co., value \$15.00.

No. 17.-For best box of Winter Banana apples. Carriage robe donated by Studebaker Bros. Co., value \$15.00.

No. 18.-For best box of Winter Nails pears. Cup donated by David M. Dunne Co., value \$15.00.

No. 19.-For best box of Comice pears. Cup donated by Schmidt Lithograph Co., value \$15.00.

No. 20.-For best box of D'Anjou pears. One Morris chair donated by William Gadsby & Sons, value \$15.00.

No. 21.-For best box Ben Davis apples. Cup donated by J. B. Pliking, value \$10.00.

No. 22.-For best display of dried fruits in quart glass jars, not less than three lines of fruit. Cup donated by J. J. Butzer, value \$10.00.

No. 23.-For best display Oregon-grown apples (including English [Borlan]) in quart glass jars, not less than 10 pounds. Cup donated by Oregon Nursery Co., value \$25.00.

No. 24.-For best ten jars of canned fruit, to include at least four kinds of fruit in open jars, to the value of \$10.00. One Fairbanks No. 6 Weighing platform and scoop scale donated by Fairbanks, Morse & Co., value \$15.00.

No. 25.-For best two quart glass jar of fruit in quart glass jar, to the value of \$10.00. Cup donated by Oregon Agricultural, value \$10.00.

No. 26.-For the best box Jonathan apples. Cup donated by Chas. H. Lilly Co., value \$10.00.

Exhibitors entering will receive two one-quart cans of Avenarius Carbolium donated by Fisher, Thorsen Co. Information for exhibitors: All apples and pears must be wrapped except top layer.

All exhibits must be exhibited in boxes of one of the following dimensions, inside measurements: 9 1/2 x 11 1/2 x 20 inches, or 10 1/2 x 11 1/2 x 18 inches, or 10 1/2 x 12 inches.

No fruit can be entered for more than one premium.

The judges will allow, in judging apples and pears, 13-13 points for color and form, 3-13 for pack and uniformity, and 3-13 for freedom from blemishes.

No grower shall make more than one entry for the same premium.

No names will be allowed on competitive exhibits until after the judging.

All exhibits of fruits must be made by the grower or his agent.

All fruit winning a premium will be the property of the donor of the premium.

No fruit shall be removed from exhibition hall without written permission from secretary of society.

All boxes entered for a given premium shall be placed in same group. Intending competitors are requested to notify W. E. Williamson, care Portland Hotel, at earliest possible moment, of number of boxes and varieties they intend to exhibit.

In making entries, growers should quote the number of premium entered for, as shown in above premium list.

All fruit must be in place in exhibition hall by 9 P. M. Monday, November 30. Hall will be open to exhibitors after 9 A. M. of that day, but will not be open to general public until 12 P. M. Tuesday, December 1, unless the judging shall be completed before that hour.

Address all communications to W. E. Williamson, chairman exhibits committee, care Portland Hotel, Portland, Oregon.

RATIONAL CURE FOR ECZEMA.

No More Biting the Stomach—Cure the Skin Through the Skin.

When you have a scratch on your hand you wash it out and cleanse it and then you rub the skin cures. You do not take blood medicine to cure a festering wound.

The best skin specialists today are agreed that the only way to cure the skin is through the skin.

The fact that eczema is a skin disease and not a blood disease is evident from statistics which show that nearly all eczema sufferers are perfectly healthy in all other ways except as to their skin. If the eczema patients were really suffering from an inward malady, the entire body and not only the skin would be diseased.

You can prove immediately the relief of a itchy skin cure by using oil of wintergreen as compounded in B. D. D. Prescription.

This liquid attacks the disease germs, numbing them while building up the healthy tissue of the skin. We have now handled this mercurious and thoroughly scientific remedy for so long and have seen its reliable result so many times that we freely express our confidence. Kier & Cass.

Apples Breathe

F. W. Morse, of the New Hampshire agricultural experiment station, says of apples: "Mr. Morse finds that apples breathe even after they are picked. Breathing after they are picked reduces their weight. If the weather is warm, weight is reduced faster than if it is cool. Cold storage wakes the loss of weight from breathing small. With cold storage less oxygen is taken in and less carbon dioxide given out. Mr. Morse says of the breathing of apples: "Should other fruit have no body lost to maintain the breathing process is not so active as in animals, and they may last months after being picked from the tree. Yet there is a steady, continuous loss in weight as the weeks go by, although the fruit is sound and firm."

With summer temperatures Mr. Morse finds the chemical changes take place from four to six times as fast as in cold storage and the changes take place from two to three times as fast in cool cellars as in cold storage. He advises that fancy apples intended for long keeping should be in cold storage should be cooled as soon as possible after picking. By cooling the destructive action of the breathing process is slowed. It is not absolutely stopped.
