## Think About Your Future Home

In a few months it will be impossible to find a choice lot in the city at reasonable prices. Over sixty residences have been built this year and there isn't a vacant home in the town. We predict 200 new residences next year. WHY? Because we must have them in order to house the people who are coming here. Don't come around later and say you are sorry you didn't buy when you could get what you wanted, but ACT TODAY. Secure one of the lots in Riverview Park Addition where the best homes in town are being built. We will sub-divide the "Raspberry patch" this week which faces Cascade Avenue. These are all slightly building spots and can be bought on reasonable terms.  
**Act Today--tomorrow may be too late!**
