That is your affair and none of ours, and we take it for granted you know enough to run your business, and ours occupies all of our time. Our business is plain every day commercial banking. We don't know how to do much of anything else, but have had seventeen years experience at that which has taught us a few things. We appreciate the business our customers have all ready favored us with. If you haven't become acquainted in a business way, better do so now. Don't neglect to open an account for fear it "won't amount to anything." It never will if you keep on feeling that way. We welcome small deposits just as much as the larger ones. A checking account helps you credit among your business associates, and besides returned paid checks serve as receipts to you for money so paid, and your influence helps us. Kindly favor us with a call, and see if we cannot become better acquainted. Hood River Banking & Trust Co. Turkey Dinner at Hot 1 Wateroma. Think About Your Future Home

In a few months it will be impossible to find a choice lot in the city at reasonable prices. Over sixty residences have been built this year and there isn't a vacant house in the town. We predict 200 new residences next year. WHY? Because we must have them in order to house the people who are coming here. Don't come around later and say you are sorry you didn't buy when you could get what you wanted, but ACT TODAY. See one of the lots in Riverview Park Addition where the best houses in town are being built. We will sub-divide the "Raspberry patch" this week which faces Cascade Avenue. These are all slightly building spots and can be bought on reasonable terms. Act Today--tomorrow may be too late!
