

CORRESPONDENCE

ODELL.

Austin Lockman has been visiting relatives in Portland the past two weeks.

Mrs. Branson, who has been suffering from rheumatism was taken to Hot Lake for treatment. After having recovered from one attack she was again seized with an attack that proved more severe than the first and as soon as she was somewhat improved it was thought best to make this move and both Mr. and Mrs. Branson left Odell last Friday. Mr. Branson expects to go and assist in a revival at some point in Washington. Friends hope that Mrs. Branson may soon regain health.

Roswell Shelly goes to Spokane, Wash., with an exhibit. He represents the people of Carson, Wash.

Wm. Ehrke returned from Portland Friday, bringing with him a beautiful cup awarded him for best box of Orley apples. The cup was donated by Blake, McFall & Co., and its value is fifteen dollars.

Guy F. Smith was a Portland visit or last week.

Mrs. R. H. Kemp has gone to Portland for a week's visit with relatives and friends.

Gertrude Crosby is at Mount Hood for a few weeks visit with friends.

L. D. Boyd is building a residence for Mr. McCell who purchased ten acres of land from O. H. Rhodes.

The entertainment last Friday night was a decided success. The music by Clarence Wilson, violinist, with Miss Ida Bryant as pianist, was of a high order. The parts in the comedy, "Powder and Patches," were well taken, the costumes appropriate and from beginning to end all went smoothly. Following is the cast of characters: Mr. Carter—Chester Stanberry, Mrs. Carter—Gertrude Crosby, Agnes Carter—Ruth Clark, Lady Burlingame—Laura Thomas, Sir Charles Mawley—Sherman Luffery, Bettie Sinclair—Eva Boyd, Capt. Edward Payton—O. H. Ehrke, Prudence Hopewell—Leona Carnes, Lieutenant Robert Burns—C. R. Masiker, Geranium—Roberts Friday, Gabriel—O. L. Walter. A male quartette com-

posed of Don Crosby, O. H. Ehrke, Diane Kemp and O. L. Walter entertained the audience, closing the program for the evening. Supper was then served and we regret to say the supply was inadequate. As a usual thing Odell is generous in the way of refreshments and we feel certain this will not happen again. A large crowd was in attendance. The total receipts of the evening were \$23.80 which will go toward the purchase of a microscope for use of Odell school.

Odell was favored with two good sermons Sunday, one immediately following Sunday school and one in the evening after the close of the C. E. society. Rev. Brown of Centerville was the minister.

The C. E. society of Odell is preparing a Christmas entertainment.

Born—To Mr. and Mrs. C. R. McCoy, Monday, November 30, a son. All concerned are doing nicely.

Friends of Mrs. R. E. Callison of Olex, Oregon, will be sorry to hear that it was necessary for her to undergo a second operation which was performed last Friday. Mrs. Callison has been in a Portland hospital since September. Many friends here hope that she may soon regain health and be able to return to her home.

Mrs. L. D. Boyd and daughter Naomi, expect to go to Portland this week.

A Personal Appeal

If we could talk to you personally about the great merit of Foley's Honey and Tar, for coughs, colds and lung trouble, you never could be induced to experiment with unknown preparations that may contain some harmful drug. Foley's Honey and Tar costs you no more and has a record of forty years of cures. Clarke Drug Co.

MOUNT HOOD.

Mrs. Louise Baldwin visited at Mount Hood one day last week.

Mrs. Paul Hubbard of Hood River, who has been visiting her brother, Messrs. E. C. and Frank Spencer, returned home last Friday.

Mr. and Mrs. E. W. Gribble of Detroit, Oregon, are visiting Mount Hood friends and relatives. Their daughter Isabel is with them. Having been away nearly two years they have been made here.

Mrs. Ida McIntosh of The Dalles is visiting at the home of Chas. McIntosh near the lava beds.

Johnnie Cooper has moved to his home at Hood River.

E. W. Gribble and Joe Hess went to Hood River Monday.

Warren Cooper is in Portland for a few days on official business.

D. K. Cooper returned Saturday from a visit to Portland.

Mr. and Mrs. C. C. Walton returned Saturday from Portland where they have been visiting Mr. Walton's parents.

Saturday night the basketball game between Mount Hood versus the world, was a lively one sided affair. The score 21 to 1 in favor of Mount Hood.

The party of young people who gave Mr. and Mrs. C. C. Walton a lively and enjoyable Saturday night, report a very pleasant time spent with the bride and groom in their beautiful new home. The Hindus, who are working for Mr. Walton, hearing the unearthly noises coming from the house, hurried from their bunk with guns, axes or any weapon of defense, to assist in case if he needed help.

Christmas exercises are to be held in the church Christmas eve.

Foley's Ointment cures chronic constipation and stimulates the liver. Ointment regulates the bowels so that they will act naturally and you do not have to take purgatives constantly. Clarke Drug Co.

MOSIER.

Dr. Robinson made a trip to The Dalles and Hood River this week.

Mr. and Mrs. J. M. Carroll and son Ben are spending the week in Portland.

Some Mosier people visiting The Dalles this week were: J. T. Daven-

port, J. K. McGregor, George Carroll and H. E. Waite.

Mr. Bentley and several friends were up from Portland Tuesday looking up the prospects of the chalk mining business.

Mrs. Ed Woods returned to her home in Portland, Wednesday, after spending several days with her mother, Mrs. Davenport.

Fred Kraus, wife and son, left for The Dalles Saturday, to spend a day or so before leaving for Southern California, where they intend to spend the winter.

W. L. Dreesbach returned home from Portland Friday.

J. P. Carroll spent a few days in Portland this week attending the meeting of the Northwest Fruit Growers.

WHITE SALMON.

Fred W. Balsiger and little daughter last week attended the golden wedding of his parents at Iona, Oregon. Four of their children and many other relatives were present. Mr. and Mrs. Balsiger knew nothing about the intended reunion until their children arrived and surprised them.

White Salmon is especially favored by the postal department. Mail for this place, and for all offices for which it is the distributing point, is put into a special sack at Portland and sent up on the night express, giving us an early morning mail, and enabling the outlying offices to get their mail one day earlier than previously.

The White Salmon Valley Development League met at the opera house, December 1, and decided to take up the matter of advertising the valley at once. No stone will be left unturned until every man in this valley has a chance to subscribe to this fund and become a booster for his home. This league means business, and when our advertising committee strikes the pick the people of the world will find out that there are more than 600 people in White Salmon valley.

This office sent in an order for paper last Monday, and it was brought to White Salmon by freight the night, so that we had it in the office for work early Tuesday morning. White Salmon now has the very best freight facilities. Our accommodating agent, Mr. Gibbet, informs us that a moderate amount of freight ordered from Portland at any time, will be placed in a special car and hauled direct to our station by the fast freight making our freight transportation equal to express. White Salmon is to be congratulated on her excellent freight service, and her citizens must remember that it takes patronage to maintain such a service.

The fruit growers of this valley met last Monday afternoon and decided to organize a fruit growers union. They elected a temporary organization, and will meet again at the Opera House in White Salmon on the 12th at which time a permanent organization will be formed. They expect to form a stock company and build a warehouse and such other conveniences as are necessary to care for the fruit. The name of the organization will be the White Salmon Valley Fruit Growers' Union and will be open to all fruit growers in the valley who wish to take stock. This is a move in the right direction, for our fruit should be handled and sold by the people of our valley.

The Correct Time to stop a cough or cold is just as soon as it starts—then there will no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for some time the treatment will be longer, but the cure is sure. Sold by Chas. N. Clarke.

BINGEN. (From Observer) Miss Ada Gilbert has given up her position as operator at Lyle and we are glad to hear that she will be at Bingen.

W. W. Swan is busy at the Swan-Hamman mill preparatory to starting up again.

D. E. Witte of Trout Lake came through Bingen Wednesday on his way to Goldendale.

C. M. Douglas left for Hood River last Monday morning to be boarded the train for Portland.

J. P. Winesburg, the Vancouver soda water manufacturer, was here on business last week.

Hans Lage of Hood River, the father of Mrs. J. A. Henderson of near this place, recently visited his daughter.

John Terry was called to Salmon and left Friday on account of the death of his father at that place.

George A. Thomas and wife of White Salmon left Friday morning for Portland.

From good authority it is learned the noon trains will stop again at the Maple hotel.

John Weyers and wife left for Portland Tuesday on business and pleasure.

Wm. Coate of Trout Lake, left on the train Wednesday for Goldendale.

C. Pearson of Trout Lake was in Bingen Tuesday. Claus has sold out his interest to Mr. Blue in the mercantile business.

Dr. Allan Honebrake, of Goldendale was called to Bingen on business Wednesday.

For Lung Troubles. Ayer's Cherry Pectoral certainly cures coughs, colds, bronchitis, consumption. And it certainly strengthens weak throats and weak lungs. There can be no mistake about this. You know it is true. And your own doctor will say so.

A meeting of the good roads district committeemen met last Saturday at Timber Valley, and was attended by quite a large gathering. The good roads question was discussed and the organizing of good roads clubs were entered into. J. A. Henderson and Ed Sundersdorf represented the Bingen district, having left Bingen for Lyle the evening before. This Saturday those on the hill in the Bingen district will meet here to form a central club, the meeting to take place in the school house at one o'clock.

THIS IS SAID TO HELP MANY. Get from any prescription pharmacy the following: Fluid Extract Dandelion, one-half ounce; Compound Kergon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime. The above is considered as the most certain prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of urinary difficulties. The mixture acts promptly on the stimulative tissues of the kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism. Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs. Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it. A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

Ready for State Dairy Association. President E. J. Ross of the Washington State Dairymen's Association, and numerous other members of that organization will participate in the convention of the Oregon State Dairy Association in Salem Thursday and Friday of this week. Electric power has been installed in the exhibit hall for working exhibits, and handsome cups are to be given as prizes, appropriately engraved, and assurance of dairy and creamery exhibits are coming into the Secretary's daily. Salmon people have arranged a splendid reception for their guests. Oregon dairymen will be well represented at the Washington meeting in Cebalia next week.

Holding Good Roads Conferences. Members of the Legislative Committee of the Oregon Good Roads Association and State Grange, appointed at a largely attended State Conference, have come to Portland to spend a full day, or the third time in the last two months, in order that they might agree upon such bill as could be brought before the Legislature and become a law without unnecessary delay.

War with Japan could not possibly make so many cripples as rheumatism does every year. And yet there is no reason why this disease should cripple anyone, if all sufferers will rub the affected parts night and morning with Ballard's Snow Liniment. Cures all aches and pains. Sold by Chas. N. Clarke.

Every one may know the delight of using a perfect range The MONARCH PAYS FOR ITSELF. EVERY woman would like to have a perfect range—one that would turn out beautifully browned loaves of bread, cake and pies, baked just as much on one side as another. But some do without this pleasure because they think they can't afford it. It's not necessary to keep on using that old range or cook stove—nor buy a range just as good because it costs a few dollars less than a Monarch—Buy a MONARCH Malleable Range and It Will Pay Back It's Own Cost. By the use of unbreakable Malleable Iron in the place of the brittle cast iron found in the ordinary type of "Steel Range," the MONARCH is built with every seam practically air tight. The leakage of air that causes excessive fuel waste is done away with so that the MONARCH will require but little more than half the fuel needed by a range of the common sort. With fuel bills cut in two it's easy to see how the MONARCH "Pays for itself." It does better work too—always. We Can Prove These Things to You! LET US show you how the Monarch is built—riveted like a steam boiler. LET US show you how the Malleable Iron in Monarch Ranges will withstand intense heat that would burn up the grey iron in common ranges. LET US explain the Duplex Draft. LET US demonstrate all of these things and the hundred and one other Monarch features that go to make up range perfection. THEN YOU will realize how it is that the Monarch would do your work with less fuel, less time, less labor than is now required.
