

NORTHWEST GROWERS HAVE GOOD MEETING

The 12th annual convention of the Northwest Fruit Growers' association was opened Wednesday morning by President E. L. Smith of Hood River, who introduced Mayor Lane, who extended the freedom of the city to the visitors.

J. W. Bailey, state dairy and food commissioner, and Professor L. E. Bolmer of Washington university were appointed a committee to cooperate with Professor E. Summers, state entomologist of Iowa, in securing the endorsement by the fruitgrowers of the Pacific northwest of a measure that will be introduced at the coming session of congress preventing the sale of impure insecticides.

A resolution opposing the Porter bill was adopted. Professor Bolmer of Cle Elum, Wash., spoke on "Agricultural Conditions in Washington." Professor Thonber of Washington college spoke on "Practical Cold Storage for the Fruit Grower."

In the discussion that followed the reading of the paper, the sentiment of the growers appeared in favor of the ventilation methods of cold storage as the most practical for the average fruit grower.

On Thursday the meeting of the association was brought to a close by the election of officers for the ensuing year and in listening to addresses. In the evening members of the association were entertained at a banquet given by the Portland Commercial Club and Friday they were given a trolley ride to various points of interest in the city.

Eighty boxes of the apples exhibited were packed up and taken to Spokane under the direction of John Castner who will have charge of the display there. The fruit will not be entered in competition for prizes but has been placed there as the Oregon exhibit.

At the conclusion of the sessions resolutions of thanks were voted to the mayor, the Commercial club and the press.

The new officers of the association are as follows: President—W. H. Paulhamus, Samnor, Wash. Vice President, Oregon—E. H. Shepard, Hood River. Vice President, Washington—Professor W. S. Thornber, Pullman, Wash. Vice President, Idaho—Professor J. R. Shinn, Moscow, Idaho. Vice President, Utah—Professor E. D. Ball, Logan, Utah.

Don't be Hopeless about yourself when you are crippled with rheumatism or stiff joints—of course you've tried lots of things and they failed. Fry Ballard's Snow Liniment—It will drive away all aches, pains, stiffness and leave you as well as you ever were. Sold by Chas. N. Clarke.

Dalles Wins at Basketball Winning out by a single point, The Dalles Athletic club five defeated the strong Hood River team in a fast game of basketball at the Apple City last night, the final score being 21 to 20, says The Dalles Chronicle.

It was "hip and tuck" between the two teams throughout the contest, the first one five being in the lead and then the other. Hood River scored three points before the locals located the basket but the Dalles men by hard playing managed to finish the first half with the score standing 10 to 8 in their favor.

The home players were in the lead several times in the second period of the contest and when there were but two minutes more to play, were a few points ahead. The Dalles men realizing that it was up to them to win the game then or never, exerted themselves and landed two field baskets and also a couple free throws so that when time was called they were in the lead by a single point.

Every man on the D. C. & A. C. five played a good game, working hard all the time, being in the game from whistle to whistle. A return game will be played in this city on Friday, December 13 and lovers of basketball may look forward to an exceedingly fast and interesting contest.

The locals were delighted with the treatment shown them by the basketball boys and the people in general at Hood River. Every possible courtesy was extended The Dalles men and the players from this city have nothing but praise for The Appl City and its people. The Hood River basketball men are all gentlemen and play a remarkably clean game and the locals are looking forward with much pleasure to another game with the down river boys.

Expecting to make the trip to Hood River on train No. 1, The Dalles men thought for awhile they were up against it when they learned that the passenger was over three hours late and would not arrive until about 9 o'clock. However, they were determined to play the schedule game and secured a gasoline launch, in which they were conveyed to Hood River, leaving here at 4 o'clock, arriving there at 7:30 o'clock after an exceedingly cold ride.

The locals were lined up as follows: Edmunds, Hopkins, forwards; Little, center; Bradshaw and Galbraith, guards. A. A. Gifford was a referee, H. G. Miller, timekeeper, and Dr. G. N. Gammon as scorer, accompanied the players to Hood River.

Advance in Apples Commencing December 1, 1908, the Hood River Apple Vinegar Co. will pay the following prices for apples free from decay and suitable for canning or cider: Canning stock, 18.00 per ton; elder stock,

FOR COUGHS KING OF CURES FOR COLDS THE WONDER WORKER FOR THROAT DR. KING'S AND LUNGS NEW DISCOVERY FOR COUGHS AND COLDS PREVENTS PNEUMONIA

I had the most debilitating cough a mortal was ever afflicted with, and my friends expected that when I left my bed it would surely be for my grave. Our doctor pronounced my case incurable, but thanks be to God, four bottles of Dr. King's New Discovery cured me so completely that I am all sound and well.—MRS. EVA UNCAPPER, Grovetown, Ind.

Voted 20 Mill Tax for Schools.

At a meeting held in the new High School building Monday November 9th by the taxpayers to consider a levy for school purposes a 20 mill tax was voted unanimously. The cause of the high levy is due to the big expense which has been necessary in erecting the high school and fitting it up, the total cost of which is about \$45,000. The extra \$3,000 over the contract price of the building is for expenses incurred in furnishing and in clearing up and improving the grounds around the building. While the tax may seem high it is in a measure accounted for from the fact that the assessed valuation of property in the school district is low. Last year it was \$750,000 and this year it is but slightly increased being \$850,835.

DeWitt's Carbolyzed Witch Hazel Salve. Best salve for burns, scratches and burns. It is especially good for piles. Sold by Keir & Cass.

\$1,500 Pigeon Cote for Husum Mr. Husum, a retired shoe manufacturer from Massachusetts, has recently purchased the Packard ranch near Underwood. Besides building a \$2500 31500 pheasant cote and stock it with 1000 imported birds.—Spokesman Review.

The Boston Globe of November 22, gives Hood River a fine send off in the publicity line by publishing a large three column photograph of a number of Winter Banana apples with the following notice underneath: "What are considered the finest apples ever grown in this or any other country, this week, passed through Boston on their way to the table of King Edward."

They are known as Winter Banana apples and are two and a half times the size of an ordinary apple, to which one is accustomed, as is shown by the comparison in the photograph.

These apples are grown at the Heuland land orchards, Hood River, Oregon, by Oscar Vanterbilt, an expert orchardist, and they are considered the highest development in the cultivation of this fruit. Their color is perfect, the rosy blush blending with the green, in the most luscious manner imaginable. In flavor and texture they are as good as they look.

D. Crossley & Sons supplied the Globe with the apples which were reproduced in the picture.

Nearly everybody knows DeWitt's Little Early Risers are the best pills made. They are small, pleasant, sure Little Liver pills. Sold by Keir & Cass.

J. F. McElroy, who has been a vizor on the Dr. Shaw place at Mount Hood has moved to the J. W. Jenkins place on account of the fact that the former has been sold.

O. R. & N. REDUCES ITS TIME TO SPOKANE

O. R. & N. officials have compiled their cards and the O. R. & N. will now have two trains a day each way, one limited and one local. They will maintain an average time of 32 1/2 miles between the Dalles and Umatilla with the Spokane Flyer, the fast train.

Train No. 4, the Spokane Flyer, leaves Portland at 5 p. m. and reaches Spokane at 7 a. m., instead of leaving Portland at 8 p. m. and arriving in Spokane at 12:05 p. m., thus saving two hours in running time and enabling the eastbound traveler to reach Spokane early in the morning instead of the afternoon. By the new schedule it reaches Hood River at 7:10 p. m.

This fast train is followed by a local taking in all the stations passed by No. 4, leaving Umatilla at 1:25 a. m. and arriving in Spokane at 11:35 a. m., going by way of Colfax, while the Flyer goes by the new route via Uakdale.

Coming west, the flyer leaves Spokane at 7:30 p. m. and reaches Portland at 10 a. m. No. 5, the local, leaves Spokane at 3:15 p. m. and reaches Portland at 7:20 a. m. in time for connections north and south from Portland. Both trains will carry Pullman sleepers so that passengers will be comfortably accommodated via both the Colfax and Uakdale routes.

One important feature of the changes is that the eastern mail will arrive more than two hours earlier, reaching Portland at 7:20 instead of 9:45 a. m. as at present.

It is known that local officials of the O. R. & N. have received instructions from Chicago ordering them to meet every advance in time or equipment made by their new rivals, the North Bank. Although the new O. R. & N. service is not quite so fast as that of the North Bank it is practically by the same. When the Pasco-Spokane line of the North Bank is completed it is believed that the Hill road will make another advance and this time to be met in some way by the Hartman road.

Under the new time card trains now arrive and depart from Hood River under the following schedule: West bound—No. 1, 6:18 p. m.; No. 3, 7:25 a. m.; No. 5, 5:00 a. m.; No. 7, 3:05 p. m. East bound—No. 2, 11:20 a. m.; No. 4, 7:10 p. m.; No. 6, 8:45 p. m.; No. 8, 10:20 p. m.

For Ezema, Tetler and Salt Rheum The intense itching characteristic of these ailments is almost instantly allayed by Chamberlain's Salve. Many severe cases have been cured by it. For sale by Keir & Cass.

Made Scenic Views of Hood River B. A. Gifford, Oregon's celebrated scenic artist, visited Hood River last Saturday for the purpose of re-photographing the valley's many famous views. Mr. Gifford is the official artist in Oregon for the Harney Photo-gramme Co. of Reelma, and Chicago, and is now making a collection of entirely new Oregon views to illustrate an art history of the state which has been written for the Harney Co., by Judge George H. Williams, "Oregon's Grand Old Man." He has photographed the beauties of southern and western Oregon, but states that Hood River valley is the gem in the scenic line. Mr. Gifford was accompanied by W. D. Harney, president of the Harney Co.

Want to See the Union Label Such an enviable record has been made by the apples packed by the Hood River Apple Growers' Union that some people seem to have the impression that any apple with a Hood River mark on it will sell rapidly and at an excellent price. This has become more noticeable since the Hood River fair last week. The mere fact that an apple comes from Hood River does not always sell it. This is indicated by the fact that the P. F. E. cars 2,435 and 3,232 packed and shipped by Sears & Porter coming from Hood River have been offered on the fly for \$3, with only about 200 boxes of the entire lot being sold. The trade is growing accustomed to seeing the Union's label on the boxes of Hood River fruit and seemingly is unwilling to buy fruit coming from that section without this label.
