

# Robbed Satin in Transit

Our Fall Line of Ladies' Suits and Coats and Children's Coats was robbed transit and almost half of it stolen. It breaks the line of sizes, and as they were not careful in replacing the goods in the box they are slightly mused, and for this reason we are making a very attractive price on the lot. Call in and look them over. You will appreciate every article as a bargain : : :

## R. B. BRAGG & CO., Hood River

### Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks. No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

### STATE GRANGE WANTS NEW BANKING LAW

State guaranty of bank deposits will be one of the big questions to come before the next session of the legislature. Already a bill has been thoroughly drafted by A. W. Orton, representative from Multnomah county, and has been submitted to the banking committee of the Oregon state grange. The measure has been gone over carefully and a second draft of the measure has been prepared. This is now being sent to the different local granges throughout the state for their suggestion and approval.

The bill will be prepared in time for the opening of the legislature and will be backed by the state grange, which will make the enactment of the law one of the chief objects during the coming session. It has been decided to confine the provisions to the question of bank guaranty alone, leaving other amendments of the existing banking law to other bills. This will be done in order that the guaranty plan may not be embarrassed or hampered by some objectionable clause or provision relating to other bank legislation.

The main purpose and intent of the law is set out in the first section of the proposed bill, which sets the time for the law to become operative and prescribes the manner of the operation of the law.

**A Reliable House.** Ship your hides and furs to Andrew Bros., and get 10 to 50 per cent more money. No matter how small or large your shipment of hides or furs is, you can always obtain more spot cash by shipping them to Andrew Bros., of Minneapolis, Minn.

They are the oldest, and most reliable fur house in the Northwest, backed by twenty-five years of honest dealings. Anyone interested in hunting or trapping should have a copy of their famous hunter's and trapper's guide. It contains 450 pages of the most valuable information to hunters and trappers. The regular price of this valuable book is \$2.00. To their shippers \$1.25. Write to them today for free booklet, price list, shipping tags, etc. They are all free. Address: Andrew Bros., Dept. 71, Minneapolis, Minn.

**Chicago After Apple Show** Within a day or two the Gibson Fruit Co. expects to receive a car lot shipment of prize fruit from the apple show at Spokane, Wash. W. P. Michaels, who represented the Gibson Fruit Co. at the apple show, returned Thursday and stated that he had secured a straight car of McIntosh Reds exhibited by Ben Cress, Hamilton, Mont., which was a prize taker. These apples as well as other prize fruit, will be sold in the local market. Some of the apples which are being shipped to the Gibson Fruit Co. are said to be packed in hand painted boxes and owing to the novelty of such a package a number of people in the local trade are awaiting with interest the arrival of the fruit.

When asked for an opinion on the probability of getting the apple show in Chicago next year N. G. Gibson of the Gibson Fruit Co. said unhesitatingly that it would be the proper move for all interests concerned. He thinks Chicago needs the apple show and that the apple show needs Chicago. D. J. Coyne of Coyne Bros., who returned Thursday from Spokane, says that by all means Chicago is the place where the big exhibit should be held next season, for it would enable the growers to show the people in the East what can be done in the way of growing and packing apples of superior quality. Mr. Coyne says if the exhibit is again held in the West it is a matter of the Wenatchee people showing their Hood River or Yakima neighbors what they have and which most of them already know. He believes that an eastern exhibit would be a grand advertising scheme for the northwest apple growers.

W. P. Michaels of the Gibson Fruit Co., who is one of the best known men in the western apple deal and who has studied the situation thoroughly, says he is confident it would be a wise move to hold the exhibit in Chicago next year.—Chicago Tacker.

If the other conditions can but be met, says the East Oregonian. In a message received from E. Y. Judd this morning the latter accepted the offer of \$5000 for the old mill machinery. The message was received by F. E. Judd and by him turned over to T. C. Taylor, who has been in charge of the negotiations for the local people. According to Mr. Taylor, this virtually means that the woolen mill is purchased. The offer of \$5000 was made at the request of Bishop brothers, with the understanding that if proper arrangements cannot be made for reopening the mill in Pendleton it will be taken elsewhere. "But it will not be taken away," declared T. C. Taylor this afternoon. "The Bishop want to operate the mill in Pendleton and we should now be able to make satisfactory arrangements for keeping it here."

**Northwest Notes of Interest** The enterprising people of Gilliam county will hold a big Progressive Convention under the auspices of the Gilliam County Improvement Association. It is the intention of the people of this county to begin one of the most active advertising campaigns ever carried on by any Oregon county. Don't forget that it is the duty of every reader of this paper to write to some friend at a distance and tell him of the advantages of Oregon as to climate and production. Remember that the people of the older states, where the weather is cold, are hovering around the fire and have lots of time to read. Get busy.

President Jacob Gould Schurman, of Cornell University, and chairman of the first Philippine Commission, one of America's noted educators, is making a tour of the country, being entertained by the commercial and educational organizations. He was a guest of the Portland Commercial Club last luncheon Saturday and was given a banquet at the University Club Saturday evening. The Roseberg Commercial Club, after a year of most intense activity, will dedicate their new club rooms on Tuesday, January 12th. There will be representatives present from various sections of the state.

**Sentenced for Contempt of Court** Twelve months in jail for Samuel Gomers, president; nine months for John Mitchell, one of the vice presidents; and six months for Frank Morrison, secretary, all of the American Federation of Labor, was the sentence imposed by Judge Wright of the supreme court of the District of Columbia today for contempt of court in violating an order enjoining them from plotting on the unfair or "We Don't Patronize" list the Buck Store and Range company of St. Louis.

All of the defendants were in court when sentence was pronounced and notice of an appeal to the District of Columbia appellate court was filed, Gomers being released on \$5000 bonds; Mitchell on \$4000, and Morrison on \$3000. Judge Wright's decision, which condemned two hours and twenty minutes in reading, was a scathing arraignment. "Everywhere," the court said, "all over, within the court and without, rampant, insolent defiance is heralded and proclaimed; undaunted insult, affront, vulgar indignity, measure the litigants' conception of the tribunals, due wherein his cause still pends."

**Graft Apple on Berry Bush** To those particularly interested in the growing of apples, an experiment made at Delta, Idaho, will be of value. In the spring of last year, Thomas and Francis Hauck, two miners, who keep a garden and grow strawberries and vegetables, experimented in grafting a piece of a 4-year-old apple tree into a service berry tree body and to their delight the limb not only grew but blossomed this year and two well developed yellow apples ripened. The tree from which the scion was cut has never bloomed, yet the scion when grafted into a berry bush blossomed and bore fruit the next year. This is somewhat remarkable and of interest to every grower of fruit.

The successful grafting is one accomplishment and the growing of the fruit from the grafted bush when the original tree has never bloomed is another. Delta is not a fruit section, but the Haucks have experimented by setting out 100 trees. For rutabagas no section of the country can grow larger ones than in Hood River. For better far and freer strawberries this missing crop challenges the world. Yet no one attempts to grow fruit, vegetables or berries for the market, and only a few miners

grow for their own use.—La Grande Observer. **Northwestern Inventors** The following patents were issued this week to Northwestern inventors, reported by D. Swift & Co., Patent Lawyers, Washington, D. C. Washington, E. E. Chapman, Spec-kane, car mover; H. Davis, Addy, Automatic switch alarm; W. A. Day, Bellingham, berry-holder; W. W. Philbrick, Seattle, cutter head; H. T. Ratzlaff, Odessa, folding pole; W. S. Smith, Colfax, pocket scissors. Oregon, J. W. Carlson, Clifton, pulley-block; H. L. Turvey, Portland, clutch operating mechanism. Copies of any of the above patents will be furnished to our readers at ten cents each, by D. Swift & Co., Washington, D. C., our special patent correspondents.

### Jagers Golden Gate Coffee

Best Coffee, but perfect Coffee. Your grocer will grind it—better if ground at home—not too fine.

All kinds, New, and Second-hand. Big Stock of New and Second-hand Furniture, Carpets, Art Squares, Rugs Chairs, Rockers, Etc. Agent For CHARTER OAK Stoves and Ranges **O. P. DABNEY & CO.**

### SMALL DEPOSITORS

There are several reasons why the BUTLER BANKING COMPANY welcomes small depositors and considers it a matter of good business policy to give equal attention to small and large accounts. In the first place, most of our large depositors started as small depositors. We have had the pleasure of seeing many accounts grow steadily over a period of years and are glad to say that we have helped our customers to increase their business and deposits. So far as the bank is concerned, it is just as satisfactory to have several small accounts aggregating the same as one larger one, because, although there is three times the bookkeeping involved, that is more than offset by the possibilities of development of three different accounts, besides the advertising value to the bank of three satisfied customers. This bank's capital, surplus and profits of over seventy-five thousand dollars, its very complete equipment and strong personnel make it the ideal depository for small depositors who expect to be bigger ones.
