

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only, or, in cloth binding for 31 stamps.

WHITE SALMON.

(From Enterprise.)

E. P. Wray, with his wife and three children, arrived Monday from Lakeport, Cal., to make the home on their strawberry ranch in Cook's addition. Mr. Wray bought ten acres of the land from J. Humphrey last year. We welcome them to our community.

Miss Blanche Howe, of Hood River, came over last Friday and stayed until Monday, visiting friends and attending the meeting at the Baptist church. Miss Howe sang two beautiful solos at the service Sunday.

Forty-four guests met at Mrs. A. H. Jewett's home Thursday in honor of

the announcement of the engagement of Mary Dunn Jewett and Charles Erskin Mansfield. The wedding takes place in June.

Miss Nettie Gleason, our popular teacher of the primary department, spent last Sunday in Hood River. Miss Nettie Buck of that place accompanied her home, and was her guest here until Tuesday.

J. T. Holman on Monday took charge of the harness shop and stock which he purchased last week from Morris. Mr. Holman will move his family here from Hood River when school is out at that place. We extend a cordial welcome in behalf of our people.

Under the new law passed by the last legislature all prospective brides and bridegrooms in the state of Washington must show themselves to be physically and morally fitted for wedlock. Each of the contracting parties is required to file in the auditor's office an affidavit signed by a physician of good repute showing that the parties are of good moral character and are not afflicted with any physical disease that would prove injurious to either party by marriage. No female under 15 years of age can secure license to marry under any circumstances. From the age of 15 to 18 years she is required to furnish the written consent of her parents or guardian. If the male is under 21 years of age he must also furnish a written consent before a license can be issued. A heavy penalty is attached to the violation of this law, and it will pay all parties contemplating marriage to secure a copy of the law before proceeding further. The law goes into effect early in June.

New Through Train.

G. M. Jackson, traveling passenger agent of the Canadian Pacific railway, located at Spokane, was in the city Monday. Mr. Jackson stated that beginning May 2 through trains will be run from St. Paul to Portland over the Soo line to Portland, N. D., from there over the Canadian Pacific to Spokane, and from there over the O. K. & N. to Portland. It will be one of the finest equipped trains running into Portland and is called the Spokane-Portland Train de Luxe. This route is shorter by 47 miles than either the Great Northern or Northern Pacific routes, and passengers can go through from Hood River to St. Paul without change.

Several changes are on the program on the O. K. & N. to take effect May 2. It is said that a through train of Pullmans will be run on the Harriman lines between Portland and Chicago, and will make the run in 60 hours, or about 12 hours shorter than the present schedule. There is also talk of extending the local, which now runs from Portland to Pendleton, to Salt Lake, and putting on a local train between The Dalles and Portland.

Mrs. N. Evans, is making arrangements to give a local rendition of the sacred cantata, "The Beautiful City," at the M. E. church, April 23. It will be quite an elaborate affair, in which fifty or sixty of the young people will participate. Mrs. Evans has had considerable experience in this work at other places where she has lived, but owing to poor health has not attempted anything in this line before in Hood River.

Aubrey Blowers came up from Portland Friday to spend the week and with relatives in Hood River.

The Great Northern Furniture Store's GIGANTIC CLOSING

OUT SALE is Still in Progress

Only a few weeks more and then the big store will close its doors. We have been disposing of more goods than we had ever thought of in so short a time. The people have patronized us liberally, and the benefit was mutual. We have set a pace that is hard to follow. Never before have we, or any other concern, ever dared to mark goods for sale at a loss of 10 to 30 per cent, but in order to sell every article in the Big Store we are compelled to sacrifice our stock, and we do it willingly. For the past fourteen years Mr. Perlman has been held in high esteem in the business community of this section for his honorable methods in dealing and his fair treatment to customers. It is his desire that it shall go on the same way until the last day of the Biggest Closing Out Sale ever held in The Dalles and vicinity. He has left us in charge of the store to sell the goods. No doubt you've already seen the bargains your neighbor has bought of us. You can get the same. It is not too late now. Come at once. Make your selections today. It will pay you.

Denatured Alcohol

If you have occasion to use alcohol for burning or any mechanical or industrial purpose you should know that as a result of the new law, grain alcohol can now be had at a price which makes it an object to use instead of wood alcohol.

Have You a Chafing Dish?

Denatured Alcohol is superior to the dangerously poisonous wood alcohol, besides it does not give off any offensive smell when used in chafing dishes in your private room or in the presence of company. We can supply you with any quantity.
