

CORRESPONDENCE

ODELL.

Dane Kemp, who has been going about on crutches, as a result of a kick from a horse has so far recovered as to be able to do the work required about the farm. Miss Broomhead, is here for a visit with her sister, Mrs. C. R. McCoy. Mary McCoy and son, Floyd, are visiting at the Ethek home. A plan is being perfected whereby it is hoped the patrons of R. F. D. No. 2 and the carrier as well may receive benefit. We are not in possession of the details but expect next week to be able to give an outline of the proposed plan. Mr. and Mrs. E. T. Folts, and J. R. Crosby, Mrs. C. C. Masiker, C. K. Masiker and Mrs. L. A. E. Clarke are in Albany, Ore., this week attending the session of the I. O. O. F. Grand Lodge and Rebekah assembly which meets at that place at this time. The condition of Frank Hammond has been very serious and the first of the week physicians decided that amputation of a part of one limb would be necessary, and the operation was to be performed last Monday. Mr. Hammond's suffering has been intense and we fervently hope means of relief may be found. Mrs. M. D. Odell returned early last week from a visit with relatives in Portland. The ball game at Mt. Hood last Sunday, Odell vs. M. L. Hood resulted in a score of 16 to 4 in favor of Odell. Good for our boys. A good number of Odell people have been attending the gospel meetings in Hood River conducted by Dan Shannon, the cyclone evangelist. Up to Sunday an even hundred souls was the number to the credit of these meetings. Mr. Cushman's condition remains about the same. E. T. Folts, W. T. Hibbard, C. R. McCoy and the gentleman who purchased the Dickerson tract are building new homes. We were told Roy Hale instead of Clarence Hale was a winner of one of the Livingston prizes. Rev. Gilmore preached a most excellent sermon at Odell last Sunday morning. Next Sunday evening, Rev. H. S. White of Pine Grove will hold services immediately following Christian Endeavor. The eighth grade examination was held at Odell Thursday and Friday of last week. Mrs. C. R. McCoy conducted the examination. O. L. Walter, of Crystal Spring Fruit Farm, is putting in a water wheel to be used for irrigating purposes. A good Christian Endeavor meeting was held last Sunday evening, though a number of those who usually attend were in Hood River for the tabernacle meeting. We were pleased to see our friend Mrs. W. E. Neff in the chorus and as a personal worker. We would extend to our editor A. D. Noy, our sincere sympathy at this time, death having taken from him his mother. The blue bird whose nest in the mail box we have mentioned, has now a little bird, the mother bird having remained at her post while mail was deposited in the box by both carrier and patron and having now become so tame as to allow one to stroke her with the hand, as she sits upon the nest.

Cash Paid For Hides

Some Alcohol Questions

Is alcohol a tonic? No! Does it make the blood pure? No! Does it strengthen the nerves? No! Is Ayer's Sarsaparilla a tonic? Yes! Does it make the blood pure? Yes! Does it strengthen the nerves? Yes! Is it the only Sarsaparilla entirely free from alcohol? Yes! Ask your doctor about this non-alcoholic medicine. If he approves, your confidence will be complete. J.C. Ayer Co., Lowell, Mass.

Dull boys! Dull girls! Dull men! Dull women! Heavy-headed! Downhearted! All very often due to constipation! Yet the cure is so easy—Ayer's Pills. Ask your doctor.

UNDERWOOD.

The Portland Business Men's Excursion made a short stop at Underwood Saturday at 3:20 p. m. They were met by the Improvement Club and a large delegation from the surrounding country. After a few words of greeting they were served with some home grown strawberries, and some of Underwood famous Newtowns, from the orchard of A. J. Haynes. They were much interested in the exhibit of premiums, diplomas, ribbons etc. won at the National Apple Show at Spokane, and other fairs, last fall. With three hearty cheers for Underwood, they left for home at 3:35. They reported that with the exception of a few at Kenewick, the Underwood strawberries were the only ones that they had found on their trip. Mrs. P. L. Packard has been in Portland for the past week. Henry Love is on the sick list. E. M. Cummings, of Iowa, was here this week looking over the country as an advance agent for a party that expects to come a little later. Mrs. H. W. Hamlin went to Portland Thursday to meet a friend from Lewiston, Idaho. A brother of Gerald Beebe's came up to spend Sunday with him at 'Bear Springs Ranch'. W. F. Cash made a business trip to Portland Wednesday. Mrs. Wessala, and Mrs. Britt, sisters of Amidee Smith, who lately bought the Knapp place, are spending a few days at the Goddard 'Acorn Lodge'. H. A. Hussey made a business trip to Portland Friday. Hon. A. Gordon, addressed quite a large number of our people Saturday on matters pertaining to the Seattle Fair, and also touched on the 'State Road' in which we are all interested. A blue print showing the location, and giving the size of our depot, was received this week by the Apple Growers Union, who have been waiting for this information before deciding on a location for their warehouse, work on

which will be begun as soon as the railroad people remove the ties now on the ground. The depot is to be 22 ft. long, and as wide as the space between the tracks will admit. Quite a number of our White Salmon friends were in Underwood Saturday looking for 'pointers'. We are always glad to furnish them with ideas, and we congratulate them on being able to recognize a good thing when they see it. The members of the Portland Excursion were furnished with a souvenir of their visit in the form of a 'White Salmon' hand painted on white silk ribbons. These were the work of our artist, Mrs. H. C. Lunden, and greatly admired by the Portland ladies. The ladies of Underwood had the pleasure of viewing some of New England scenery, not had just been on exhibit in Boston. Mr. Lunden plans to send some of them to Seattle.

Joe Groff's fine black horse was injured last week by becoming frightened and running into barb wire fence. The Government Telegraph line through the Forest Reserve is completed and in operation. Warren Cooper, of the Forest Rangers, was completing his outfit the first of the week and will start out on an extensive tour of his territory. The season is a little backward up in this neck of the woods but wild strawberries are in bloom, which helps some. Miss Josie Davis, who has a fine bonneted in this section, was here the past week and making improvements on the same. She will spend the summer here. Mrs. May Baldwin returned Sunday from Portland, where she spent two weeks with her mother. The Ladies Aid met at the home of Mrs. C. H. Thomas last week, and installed the following officers: Mrs. Washburn, president, Mrs. W. M. Cooper, secretary, Mrs. R. J. McIsaac, treasurer. The next meeting will be at Mrs. Warren Cooper's. Mrs. Geo. Dimmick is real sick with measles. Mrs. H. H. Hurdman of Valley Creek visited at Mt. Hood last week. Jesse Davidson was able to take a drive last Sunday but still has a very lame back. W. L. Gribble and E. O. McCann are attending Grand Lodge I. O. O. E. at Albany this week. Rev. C. C. Bahbridge, who preached at Mt. Hood last summer, has accepted a call to the Presbyterian church at Prineville, Oregon. Miss Laura Porell left last Monday for her home at Parkplace, Ore. Parents and pupils are pleased to know that Miss Porell has been engaged to teach for the next year. Mr. L. J. Mardock resigned his position here for better wages in Eastern Oregon. Miss Lattie Dalley from Colorado will teach at the Base Line school building. Miss Edgington, the present teacher will attend school next year. The closing exercises at our school held at the hall last Friday evening were exceptionally good. The play 'Grown up Folks' by pupils of the primary room was a credit to teacher and pupils, showing the effect of patient and careful preparation. We have not been able to get a copy of the program, but are safe in saying that every number was very good. Our school has been a decided success. Word has been received from North

MOUNT HOOD.

Head that Geo. Duff-Id is sick at that place. The Mt. Hood boys never said they could play ball. Last Saturday being Rollan Myers' 20th birthday, about fifteen of his friends gave him a rousing surprise. The party was a delightful time, with delicious refreshments and a ride home very early in the morning. HOOD. Mr. Knud, of Seattle, was in Hood Sunday on business. Ed. Thornton, who has been hauling for Mr. Shipley, will move to Trout Lake this week. Mr. Marsh received some two tons of plaster and lime, for his new house last week. W. D. Morehouse will work for Mr. Shipley this week. Miss Goldie Wise and cousin, Miss Clara Walton, were in Hood Friday enroute for Hood River to visit with their uncle Jake Thornton. Miss Edith Winchell, of Pine Grove, came up on the 8:30 train Monday evening to visit with her aunt Mrs. Sorenson. The warm weather is bringing the strawberries along rather earlier than usual this spring. Mr. Fredrich who has the earliest location in Hood picked six boxes of fine ripe strawberries Saturday. Mr. and Mrs. Hanks moved away Monday morning. Mr. Hanks will work for F. W. Dellart for a few weeks clearing land. Mr. and Mrs. Graham, went to Mosier Saturday, to visit Mr. Graham's parents. Mrs. W. H. Britts and son, Eddie, came up from Portland, Tuesday, to spend a few days of her vacation on the E. C. Loddard ranch. Mr. Britts came up on the excursion train Saturday and returned with his wife Sunday evening. Knobby Kesting has his well down about twenty feet and expects to get water in a few feet more as he has already struck mud. W. D. Morehouse is assisting in the work. Mr. Morehouse is also a locator of water. Ed Haynes, came up from Portland Sunday to visit with his brother A. J. Haynes. P. S. C. Willis was a business visitor in this section Saturday evening. HIDDEN DANGERS. Nature Gives Timely Warnings That no Hood River Citizen can Afford to Ignore. Danger signal No. 1 comes from the kidney secretion. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill smelling urine, full of sediment and irregular of passage. Danger signal No. 2 comes from the back. Back pains, dull and heavy or sharp and acute, tell you of sick kidneys and warn you of the approach of drops, diabetes and bright's disease. Doan's kidney pills cure sick kidneys and cure them permanently. Mrs. John Mathews, living at 215 E. First street, The Dalles, Ore., says: 'I gave a statement for publication several years ago recommending Doan's kidney pills, and I have had no reason to change my opinion of the remedy since that time. A severe cold which settled on my kidneys caused me much pain and annoyance. My back became so weak that I could not stand erect and the least exertion would make my trouble and required only a short use to banish the entire trouble and restore me to perfect health. I have had no return of the complaint since and can heartily recommend Doan's Kidney Pills.' Plenty more proof like this from Hood River people. Call at C. N. Clark's drug store and ask what customers report. For sale by all dealers. Price 50 cents. Foster-McMillan Co., Portland, Oregon, sole agents for the United States. Remember the name—Doan's—and take no other. BARRETT. They call me Goldie but my real name is Fidelity and about one week ago took a trip to Portland, and saw many wonderful sights and fine specimens in the Canine line. They treated me well, giving me one good meal each day consisting of biscuits and sausage meat. One day the colored porter took me before Judge Bradshaw where I stood trial and came out a winner, having been awarded special in winner class, first in open and two seconds in other classes. Well we are pleased to get such high honors for it shows that blood and the necessary qualities bring you up to perfection. They say I am a good watchdog and I am sure death on rats and every true fox terrier should be game at any kind of vermin or he is no good. But ever one said I was a game specimen, and my four

We are after your business if quality and price is any object. We are on the right track for we are certainly offering the best goods that can be bought in the markets of the world as reasonable as it is possible to get them together and distribute.

medals and four ribbons bear them out. Geo. H. A. Watter, a son of E. Watter, the plasterer, brought up a team of horses from Portland on Saturday of last week, and is now staying with his uncle at the Rockford and will be prepared to do all kinds of team work. We are informed that H. H. Heston has purchased five acres on the Methodist Lane from E. Barker formerly the Stunner place. We welcome you Henry to the freedom of the Rockford district. Dr. B. E. Wright was up from Portland on Saturday last looking after his interests on his ranch. C. Wallace has now a neat little addition put to his house, and when painted will make quite an improvement to his property. L. E. Dart, is now laboring with the paint and brush on the new house at G. Sargent's, on a portion of the old Barrett ranch. J. Groff was down from the Mt. Hood district on Saturday last and took back a load of hay. Fred Carnes was a caller at the Rockford on Friday last. Call again Friday.
