What Makes a Bank

Strong?

In judging a bank always remember

that it is Capital, Surplus and

Undivided Profits that give se-

curity to the depositor, because that

money stands between you as a depsitor

and any possible shrinkage in the securities held by the bank. With a

paid up Capital, Surplus and Profits of

One Hundred Twenty-two Thousand Dollars

added to our securities, which are all

gilt edge, every dollars of deposits is

protected by a Dollar and a Half.

First National Bank

Fortune Telling

The woman who neglects her health is neglecting the

very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription. This Prescription has, for over 40 years,

been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their bomes

without their having to submit to indeli-cate questionings and offensively repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter free.

All correspondence held as sacredly confidential. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce's Great Family Doctor Book, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, sanwers in Plain English hosts of delicate questions which every woman, single or married, ought to know about. Sent free, in plain wrapper to any address on receipt of 21 one-cent stamps to cover mailing only, or in cloth binding for 31 stamps.

Quite a number of the members of the Mosier lodge attended the Odd Fellows lodge in this place last Sator-day night. Through some mistake the boys here were not prepared to give their visitors the reception as is their custom to give.

The Swan Hamann Mill Co. pur chased a quarter of beef of the White Sala on butcher last week and when they cut it up they found shot through the mest from the size of bird shot to as large as buck shot, The beef was grown by Dean the terry man. He must have some accomodat-

The grade on Main street will be completed according to survey, the property owners along the street paying 50 cents per front foot for the grading and the town pays the balance out of the general revenue fund. The property owners on Wyers Ave. petitioned the council for a new survey before the grading is begun on thier street and this petition the

council granted.

At a meeting of the members and newly elected officers fo the Library Association last Monday evening plans were agreed upon and the work of the library begon in earnest. A committee was appointed to draft a co stitution and by-laws for the association, also a committee to decorate and arrange the library room. The membership committee reported about thirty members and expressed the opinion that they would get at least one bundred members in a very few weeks. The room at the rear of the Enterprise office has been secured for a library room. The committee on decoration will take charge of the room next week. The committee on donations is meeting with gratifying It is expected by the grocers that success and there is no doubt that this plan will give better service than White Selmon Library Association could be done by individuals, as it is will some day rank among the best in intended to give four trips to each

be employed in each of the tive dis-tricts into wheih the city has been divided. Deliveries leave each store at 8 and 1 a. m. and 2 and 4 p. m. This system is in vogue in many cities of the size of Ashiand—Tidings.

Tariff Facts. The McKinley bill was reported Aprill 6, 1890; was debated outil September 10 and was approved October 1, 1890. The Wilson Gorman bill was reported December 20, 1893, and pass-

reported December 23, 1833, and passed July 24.

The Philippine Islands exported \$60,000,0003 worth of stuff last year, and \$15,000,000 worth of it came from the United States. The islands imported \$30,000,000 worth of stuff, and took but \$5,000,000 from the United States. It costs the United States \$14,000,000 a year to maintain peace. \$14,000,000 a year to maintain peace

in the archipelago.
The product of the Pennsylvania steel mills for 1907 was valued at \$504,167,000.

The average yearly estening of a steel worker is \$663.80 The value of his product is \$3,661 The German steel worker earns ju-t a little more than half the wages of the American

Edward Anderson of Weston origi to look into the proposition of getting in a planer and box factory. His time was limited, but expressed himself as being satisfied with the location, and will seturn in a couple of weeks and make definate proposition.
