

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs...

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition.

LIME-SULPHUR SPRAY SUCCESS

Hood River Oregon, June 13, 1909. Editor Hood River Glacier, Dear Sir:

Many of your readers are undoubtedly interested in the demonstrative spraying being conducted in the Hood River Valley for the control of apple scab with the Lime-Sulphur spray.

The work is being done under the direction of Prof. A. B. Cordley, of the Oregon Experiment Station, and the orchards receiving treatment are those belonging to Dr. Stanton Allen and Messrs. Sherman and Friday near the Van Horn station.

Two or three weeks ago it was that that scab would not be abundant in the valley this year, but since that date conditions have been such as to favor the rapid development of the fungus.

The orchards surrounding Dr. Stanton Allen's orchard show the presence of the fungus, some having it on such abundance that a handful could easily be picked from a single tree.

In the seventeen-acre bearing orchard belonging to Dr. Allen, several hours of careful searching by both Dr. Allen and the writer failed to discover a single infested leaf on the trees sprayed with the 1 to 50 dilution of the 32 degree Niagara brand Lime Sulphur solution.

The trees sprayed with Bordeaux, 4-4-50, show still more scabby leaves and the leaves not sprayed at all bear the fungus in abundance.

The writer partially explains the presence of the scab on the sprayed leaves by the inefficient spray thrown by the "Friend" and similar types of nozzles.

It is practically impossible to use such a mist spray effectively, even under high pressure and especially in the face of the high winds.

The trees in Dr. Stanton Allen's orchard were coated with a driving spray from Bordeaux nozzles under 150 to 200 pressure, enabling the op-

erator to direct the spray upon the under surface of the leaves, even against the wind. The fruit and the lower surface of all the leaves must be thoroughly coated with the spray if best results are to be obtained.

Although the fungus has a foothold in many if not in all orchards, growers who begin spraying now with any good brand of Lime Sulphur solution, using the proper dilution and thoroughly coating the fruit and leaves at least every three weeks, and feel reasonably sure of picking scab-free fruit.

F. L. Griffin, Asst. in Plant Pathology, in charge of Demonstrative Spraying.

Will Hold School Election Residents of Pine Grove school district will be asked to vote on the following questions at the annual meeting at 2 o'clock of Monday, June 21, 1st. For a school director.

2d. For a school clerk. 3rd. Whether the eleventh grade shall be taught. 4th. For an addition to the school house.

For building an apartment house for teachers. Considerable interest is being taken in the coming election and it promises to be a hotly contested one.

New Building Almost Ready. The Bridal Veil Lumbering Company's new quarters are nearly completed and they expect to move into the same by the latter part of next week.

The main building is 40x120 feet, two stories high. The lower story will be devoted to building material stock, while the upper one will hold the lumber. The lumber will be placed on end, as the company have found by actual tests that this is the better way.

In fact nearly all the western mills are adopting this plan as well as many yards. Instead of excavating for the building the company has built on the level, and have put in a large elevator, of five tons, or more capacity, which will be used to raise the lumber from the trucks to the level of their yard, and there distributed to points about the building and grounds at an incline of about two feet.

This makes it very convenient for the handling of large quantities very rapidly. E. C. Brock, the manager for this city says he hopes to be in his new offices by the 20th if not earlier.

Mak's Violin out of galvanized iron. F. B. Snyder, of Gould and Snyder, tinmiths and plumbers, has made a violin out of galvanized iron. It has the perfect shape and in tone, so experts say, it equals most of the best violins on the market.

The violin is unfinished and to look at it one would think that no sound would come from the instrument, but when played upon by a violinist the sweet strains can't be equalled. If it was finished up and staid no one to look at it or listen to its tones could tell but that it was a real Stradivarius.

He will send it this week to the Seattle exposition as a curio of Hood River and it will certainly create an interest there, among those who love the violin.

The White Salmon Enterprise chronicled a pretty wedding at the Jewett Farm Resort Saturday afternoon, June fifth, at two o'clock, when Miss Mary Dunn Jewett became the wife of Charles Erskine Mansfield, a highly esteemed rancher of Bristol, Rev. Tat performed the ceremony, Miss Ruby Barnhart attended as maid of honor and Mr. Buech as best man. Miss Mansfield and Miss Tate were bridesmaids, attired in white and carried a bouquet of pink roses. The bride looked beautiful in a gown of white set over satin and carried a bouquet of bride's roses entwined with toile.

TESTED AND PROVEN. There is a Heap of Solace in Being Able to Depend on a Well-Earned reputation.

For months Hood River readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Geo. K. Parrish, living at 372 E. Oak St., Portland, Oregon, says: Not a symptom of kidney trouble has ever returned since I used Doan's Kidney Pills some years ago and I am pleased to confirm the statement I gave in their favor at that time. Prior to using them I suffered a great deal from dull, heavy pains in my back and through the regions of the kidneys, this trouble having resulted from a severe cold. I was gradually growing worse when Doan's Kidney Pills brought to my attention and being impressed with the good reports concerning them, I procured a supply. As stated above they completely disposed of my trouble after a short use.

Plenty more proof like this from Hood River people. Call at C. N. Clark's drug store and ask what customers report. For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The Hudson River. The Hudson river consists of two strips of advertisements as far as the eye can reach, including a body of water filled with the boats, microbes and floating folks of other descriptions.

Henry Hudson first discovered this famous river on his way to Troy to leave his collar and cuffs to be laundered after a long sea voyage. Stepping ashore at the foot of Twenty-third he gave orders to put up a city that for magnificence and corruption should never be equalled, and then he passed to West Point, started a parade ground, and then rested at Albany, where he opened a bureau of franchises otherwise known as the State Legislatures. No doubt in the near future the Hudson will be used as a race course for aeroplanes.

At present it is occupied with the duty of keeping New Jersey apart from New York—Puck.

What Makes a Bank Strong?

In judging a bank always remember that it is Capital, Surplus and Undivided Profits that give security to the depositor, because that money stands between you as a depositor and any possible shrinkage in the securities held by the bank. With a paid up Capital, Surplus and Profits of One Hundred Twenty-two Thousand Dollars added to our securities, which are all gilt edge, every dollar of deposits is protected by a Dollar and a Half.
