PHONE 228-L. G. Y. Edwards & COMPANY. Office next Mt. Hood Hotel.

## NORMAL SCHOOL IS DISCUSSED

ALSO GOOD ROADS IN VALLEY. Important Measures Taken by the Commercial Club Monday Evening.

Notices to the effect that the normal school matter would be discussed at the meeting of the Commercial Club Monday evening, brought out a moderate attendance. The meeting developed into an enthusiastic one on other matters which came before the meeting, and the normal school question was laid over for another month.

A communication was read from Tom Richardson, of Portland, to the effect that a party of leading horticulturalists and professors of leading agricultural colleges of the different states would be in Portland this week and would be sent to Hood River Saturday, August 21, provided that Hood River could take care of them. He said that about 400 were in the party, but the number who would come to Hood River was not known. The matter was left to the board to decide and arrange for entertainment of the visitors.

A letter from A. I. Mason from the Letter Carriers' Association was read, which stated that the annual meeting would soon be held at St. Paul and asked that 100 booklets from Hood River be sent, together with six boxes of apples, as a matter of advertising the resources of the valley. It was decided to meet with the request.

Dr. Brosius called attention to an article which recently appeared in a Portland paper, to the effect that an automobile road was being built to Mt. Hood not far from Lost Lake, on the other side of the divide, and thought it would be a good thing to connect with the road from this side. He said that he thought the present road to Lost Lake could be renewed and opened through the rest of the way to meet the Portland road, at much less expense than the proposed road along the railroad through the Columbia gorge. It would furnish the finest scenic road in America, giving a ride of thirty miles through the valley, and was a matter which should be looked into.

Further discussion was brought out that there would be only a matter of about six miles to build to connect, over a comparatively easy route, at an elevation not over 4,000 feet at the summit, and was feasible.

J. L. Carter gave an interesting account of the Good Roads Congress which he attended at Seattle, and in connection with the proposed road, emphasized the importance of good roads. He stated that he thought that expert road builders would be glad to come here and give suggestions on road building, and Judge Derby was appointed to make such request of Messrs. Lancaster and Hill. A committee was also appointed to look into the advisability of constructing the Lost Lake road and its extension and report at a later date to the club.

C. D. Thompson stated that he understood that the club had gone on record as wanting an annual fruit fair. The fair organization as it now exists is loosely connected. The president and secretary call a meeting of the fruit growers and they elect officers. The control of the fair for that year is left in the hands of these officers. Mr. Thompson said that he was ready to issue the call but would like an expression from the club as to the advisability of holding a fair this year. He also desired to effect a permanent organization, which would be continuing one, with the board holding over until the next election. A later date was also favored for holding the fair, as the middle of October always proved to be the busiest season for the fruit grower, and not enough time could be given to making creditable exhibits. The matter was left to the board to decide. A motion was also carried that a permanent organization be perfect ed.

Mr. Thompson also stated that he had been chosen by the county board of Hood River county as commissioner for the Second District fair at the Dalles. He had attended a meeting last week and said that he hoped Hood River people would help make the fair a success. The district now comprises Waco and Hood River counties. He hoped that the old feeling that existed between Hood River and the Dalles be forgotten, and that both cities cooperate in boosting for the fair. All prizes were open to competition, and good exhibits should be sent from Hood River, not only of fruit but of vegetables, etc. The business men of the Dalles had raised nearly \$3,000 for the fair, and \$1,500 would be received from the state. The fair will be held October 5 to 9.

The question of trying to secure a normal school at Hood River was taken up and J. L. Carter was the first to speak on the question. He said that while he was in the legisla-

ture the normal school matter interfered with legislation all through the session and also in the special session. He knew something of the feeling in the matter and was convinced that the majority wanted but one normal school, but that the place most in favor seemed to be Month-mouth. Mr. Carter said that he was a little dubious about Hood River being able to get the one school, as a strong fight would be made against it. He did not wish to convey the impression that he was against a normal school for Hood River, as he certainly favored it, but that he did not like to enter into a fight until he was assured of reasonable success. If the attempt was made he would do all he could for it.

Mr. Thompson spoke along the same line and thought it best to work along quietly. He thought the question would settle down to one school, and that school might be landed in Hood River.

Chas. Hall thought the normal would be a good thing if we could get it, but thought the matter should receive more careful attention, and suggested that it be laid over until the next meeting. A motion to that effect was made and carried.

## HOOD RIVER CUTS IN MEDFORD WRITEUP

Our attention has been called to an article in the August issue of The Progress Magazine, of a write-up of the Medford country, in which appears six cuts which were taken from Hood River. While the Medford country claims to be "as good as Hood River," we hardly thought it necessary to use the views of Hood River fruit and scenes to make a showing.

The following letters received from A. P. Bateham, president of the Mosier Commercial Club, explain the circumstances more fully:

Chicago, July 28, 1909. Mr. A. P. Bateham, Pres., Mosier, Oregon.

Dear Sir: In today's mail I am sending you a copy of the August issue of the Progress Magazine in which appears an excellent article on Medford Oregon. 50,000 copies of this issue will be distributed, and the article on Medford will cause a great deal of comment and bring the attention of many of our subscribers to the wonderful opportunities offered in Oregon—both for home-seekers and investors. The July issue contained an elegant article on Oregon and aroused a deep interest among our people, as shown by the letters we are receiving.

Yours very truly, The Progress Company, Edward E. Beals, Treasurer & Manager.

Aug. 6, 1909. Mr. Edward E. Beals, Manager, The Progress Company, Chicago.

Dear Sir: The sample copy mentioned in your favor of July 28 has been received and I thank you for sending it. You called my attention particularly to an article on Medford saying that it would cause a "Great deal of comment."

Inasmuch as it seems to be expected, I will make this little comment; that when a community is boosting itself it should not go outside of its own territory for material or facts. Of the eight illustrations in the Medford article I at once recognize six as being views taken in Hood River, Oregon. Where the other two were found I do not know.

I regard an act such as taking a picture of a box of Hood River Lady Apples and using it as you did to make the heading of an article on Medford, as nothing less than piracy. A poor kind of progress.

Respectfully yours, A. P. Bateham.

Henry C. Hengst.

Henry C. Hengst died at his residence in the Crapper district Friday morning, August 6, aged 71 years, 7 months and 4 days. The deceased had been in poor health for some time, but as considered in no immediate danger, and recently went to the hot springs down the river in hope of receiving relief. He came home Thursday afternoon on the boat, but it was not known that he was coming no one was down to meet him. He was feeling quite ill and waited around town for sometime, and was found in the evening near the Waucoma hotel suffering from a hemorrhage. His son was reached by telephone, and the old man was taken to Bartness' store and placed on a cot, he having refused to go to the hospital. He was taken home that night and died at 1:30 the following morning.

Henry C. Hengst was born Jan. 2, 1838, in York county Penn., and came from there to Ellis, Kansas, in 1879 Hood River in 1891, on the place where he died.

He was married in 1859 to Miss Fricella Ness, who died in Hood River February 22, 1907. He leaves five children to mourn his loss, all of whom will be present at the funeral. The children are: Mrs. Ella Robt. Baugh, Casper, Wyo.; Joseph Hengst, Hood River; Mrs. Ida Perry, Hood River; Wm. Hengst, Oklaboma; Mrs. Anna King, Hood River.

The time of the funeral has not been decided upon, awaiting the arrival of the son from Oklaboma.

## HAWKEYE PICNIC

FRIDAY, AUG. 20. WILL BE HELD AT WINANS CITY

Barbecue Will be a Feature of the Day—Special Train to Dee.

The Hawkeyes will hold their annual picnic this year at Winans, on the Mt. Hood Railroad, and the date is next Friday, August 20. The Hawkeye picnic has come to be the biggest event of the kind of the season and is always looked forward to with interest, not only by the large colony of former residents of Iowa, but of their friends who are so fortunate as to be invited.

The colony of Hawkeyes now residing in the valley number over 600, which is more than the number coming from any other two states combined. The large grounds at Winans City are ample to accommodate the crowd, and all will be provided for. It is hoped that all Hawkeyes will be present, and bring their friends.

The committee of arrangements will fix up the grounds in nice shape for the event, and there is plenty of the finest of spring water on the grounds. The location near the punch bowl, the falls, the river and the cool shade of the trees, make it an ideal place to spend the day. A barbecue will be one of the events and there will be neat for the hungry as well as ice cool water to quench the thirst. A short program of interesting talks, interspersed with music, has been provided and will be one of the attractions of the day. Some of the prominent orators of Hood River will be there and will entertain the visitors with short addresses, Iowa anecdotes, etc.

The Mt. Hood Railroad has made a round trip rate of 65c for the round trip, children under five years of age free, between five and twelve 35c, and the train will leave Hood River at 8 o'clock Thursday morning, with plenty of coaches to accommodate the crowd, returning about four in the afternoon. During the afternoon a special train will be run from Winans to Dee, where all who wish to have the opportunity to inspect the plant of the Oregon Lumber Company, and this trip will be free to those attending the picnic. To those who have conveyances, the place is easily reached, with plenty of room to hitch horses, and the roads are good for automobiles also.

Campbell-Vannett.

Mr. Samuel Grant Campbell and Miss Margaret Whitten Vannett were married Wednesday, August 11, at 4:30 p. m., at the residence of the bride's mother, Mrs. Mary Vannet, 415 Montello Avenue, Hood River, Rev. W. C. Gilmore officiating. The ceremony was performed in the presence of a few immediate relatives of the contracting parties. A wedding collation was served on the east lawn at five o'clock, under the oaks, near the lily pond, where the delicious repast was much enjoyed.

Lobengrin's wedding march was played by Mrs. C. H. Sletten, who also sang "I Love You Truly," by Carrie Jacob Bond, after the ceremony. The bride carried a bouquet of white bride's rose, and was gowned in pure white. Miss Anna Vannet, sister of the bride, acted as bridesmaid and was dressed in pink and carried a bouquet of pink carnations. Mr. Harry Wood was groomsmen.

Mr. and Mrs. Campbell left on the evening train for a short wedding trip to the coast and Seattle. The groom is one of the prominent fruit growers of the valley, having a fine ranch near the Van Horn station, which will be their future home. The bride is the accomplished daughter of Mrs. Mary Vannet, and has been teaching school at Frankton. The worthy couple have the congratulations of their many friends.

W. C. T. U. Meeting.

The meeting of the W. C. T. U. at Mrs. Orr's home was full of interest. In view to the fact that the State Convention of the W. C. T. U. meets at Hood River on October 5 the members decided not to take their usual summer vacation, but will meet at Mrs. Flora Hartley's residence on August 7 at the usual hour.

At the first meeting in September, the annual election of officers and the election of delegates to the State Convention will take place. The superintendents of the various departments will also be called on to give their annual reports. The following is a list of the superintendents: Scientific Temperance Instruction, Mrs. Bartness. Sabbath Schools, Mrs. Trieber. Mothers' Meetings, Mrs. Orr. Evangelistic, Mrs. Rigby. Y., Mrs. Coon. Sabbath Observance, Mrs. Ford. Flower Mission, Mrs. Crowell. Medical Contest, Mrs. Edgington. Christian Citizenship, Rev. W. C. Gilmore. Press
